

THE YAKIMA HERALD.

VOL. XVIII.

NORTH YAKIMA, WASHINGTON, WEDNESDAY, MARCH 6, 1907.

NO. 8

YAKIMANS INTERESTED IN \$1,000,000 CONCERN

MINING COMPANY

TO BE EAST GOODENOUGH MINING COMPANY.

CLAIMED TO BE VALUABLE

Articles of Incorporation Filed Tuesday—Incorporators Mostly Local People.

Articles of incorporation were filed with the county auditor shortly after noon Tuesday by the East Goodenough Mining company. The capital stock of the corporation is \$1,000,000, divided into one million shares at the par value of \$1 per share. The incorporators are L. L. Thorp, R. L. Irwin, C. L. Barnett, E. H. Taylor, J. W. Thomas and Jasper Mikkelsen. The existence of the corporation is fifty years. The officers of the company have not been elected as yet, but it is expected they will be some time today.

The incorporators, with the exception of R. L. Irwin, are citizens of this city and the majority of the stockholders will be residents of North Yakima. The offices and headquarters of the company will be established in the city.

The mines are located just east of the Goodenough mines in Idaho county, Idaho, in the Marshall lake district, and consist of ten claims, which were bought for the company by R. L. Irwin during the past month. It is expected that work will commence on the mines in about a month. It is stated that the claims contain some valuable ore and were worked to a small extent before being purchased by the East Goodenough Mining company.

R. L. Irwin is president of the Goodenough Mining company, which affords the property of the East Goodenough mines, and which mine made a lucky strike about a month ago. It is stated that the claims in the Marshall Lake district are exceedingly rich and contain good ore.

DATES NAMED FOR RACE MEETS

NORTH YAKIMA, SEPTEMBER 23-26

North Pacific Fair Association Meets in Portland—Ship Here From Salem.

PORTLAND, Ore., March 5.—Special Dispatch to the Herald.—At a meeting of the North Pacific Fair association here today dates for races and fairs were named as follows:

Everett, September 2 to 7; Centralia, September 9 to 14; Salem, September 16 to 21; North Yakima, September 23 to 26; Spokane, September 30 to October 5; Lewiston, October 7 to 12; Walla Walla, October 14 to 19; Boise, October 21 to 26.

The annual meeting of the North Pacific Fair association was held at Portland Tuesday, when the matter of dates for the various race meets in the northwest was settled.

It was decided to hold one week of harness racing at each of the various fairs.

It is hoped that the races of this year will be equal to those of last, although this is somewhat doubtful, as last year the races were out of the ordinary, many of the California horses being here as a result of the earthquake.

The quality of the speeders will possibly be raised to last year's standard, however, by the extra effort made by Spokane to have a crack meeting this year. There will be at least three races at Spokane in which purses of over \$1000 will be hung up, and it is believed that many of the track speeders will go to the stables here after the jump from Salem preparatory to the big meeting at Spokane and will probably be kept in condition by the meeting.

Every effort will be put forth to tempt the best horses to the Washington tracks and North Yakima will get the finest which step in the circuit. With a reputation for a speedy track, no doubt horsemen will be glad to bring their horses to this city's meeting.

ing. Five good days of racing are assured—whatever turn the Spokane horsemen may decide to take.

WALKER GIVEN HIS FREEDOM

PRELIMINARY HEARING

led by Attorney H. J. Snively—Case of Considerable Local Interest.

After a preliminary hearing of two days W. H. Walker, charged with murder, was acquitted by Justice Thomas McCarty at Pasco at 1 o'clock Tuesday afternoon. Walker was formerly deputy sheriff of Franklin county. He was arrested, charged with the murder of Charles Anderson at Le Roy on January 20, 1907. He is well known throughout this part of the state.

Walker was defended by Attorney H. J. Snively of this city and Prosecuting Attorney C. M. Shutt of Franklin county appeared for the state.

The decision of the justice does not come as a surprise, the friends of Mr. Walker in this city believing at the time of his arrest that he would be freed shortly after coming to trial.

The autopsy taken in the case is considered one of the most perfect taken in this state. It covers in minute detail every vital portion of the murdered man's body and was of great assistance at the hearing. Walker had been in jail but a few days before coming to trial.

Anderson met his death in a very peculiar manner and there seems to be no clue at the present time which might lead to the arrest of the guilty party.

BURNS TO DEATH

AGNES IDION, INDIAN WOMAN, MEETS AWFUL FATE.

Smoked Pipe in Bed After Carousal—Family of Seven Meets Tragic End.

Agnes Idion, an Indian woman, died at 8 o'clock Tuesday morning as the result of a burning accident which occurred about midnight Monday. She resided about two miles south of Ellensburg. With her sister and her brother-in-law she had been carousing, it is claimed. Going home, she went to bed. Smoking her pipe, the clothes caught fire and she was so badly burned it was impossible to save her. She is the last of the family. Besides herself there were six children and a husband, all of them having met with violent deaths. Her husband was killed on the railroad tracks about a year ago. His name was Charles Idion.

SOME TURNED AWAY.

Coal Out During Few Days—More Coming.

Monday the Northwestern Improvement company was all out of coal, and during the day took about twenty-two orders. It was impossible to secure any coal Monday and a large number called at the office, but the only reply was that the coal was gone, but some was expected during the night. A small lot arrived Tuesday, but this was used in filling the orders taken Monday, and those who were in need of coal on Tuesday had to leave without it.

This is the first time since the coal raid that the company has been short of coal—in fact they had more coal than they could sell about a week ago. It is not expected that there will be another shortage of coal and more is looked for today. The Northwestern company is taking all orders and filling them as rapidly as the coal arrives.

Duchess Coming.

NEW YORK, March 5.—A. W. Eger, manager of the Hotel Martha Washington, announced tonight that a suite of rooms has been engaged at the hotel by the Duchess of Marlborough, formerly Miss Consuelo Vanderbilt, and that she will occupy them April 12.

TO START FOR HOME

CONGRESSMAN JONES HOME PROBABLY NEXT WEEK.

Entire Washington Delegation at National Capital Starting for Home State.

Congressman Jones and family will leave Washington, D. C. for home this week, and will probably arrive in North Yakima some time next week. The remainder of the Washington delegation at the capital are also coming.

Senator Flies, accompanied by Horace McClure, will sail from New York next Saturday on the Royal Mail steamship LaPlata for the Isthmus of Panama, touching at Jamaica and Port Limon. They will be home the second week in April, going up the Pacific coast by steamship.

Representative and Mrs. Humphrey will leave Wednesday. Representative Cushman will leave in about two weeks and will stop in Iowa, reaching Tacoma about the middle of April. Senator Ankeny leaves for home the middle of the week.

Arthur F. Statter of Walla Walla has tendered his resignation as assistant secretary of the treasury to the president, to take effect Monday, when Secretary Shaw retires. It was reported that he would go to New York with Shaw and assume connection with the Carnegie Trust company. Statter said this is untrue. He has several offers, but has not decided on his future plans. He will remain in Washington a week or ten days to make up his mind.

RECOVERS VALUABLE RELIC.

Yakima Physician Finds Stolen Article After Nine Years Absence.

A copy of the New York Herald of April 15, 1865, containing the story of the assassination of Abraham Lincoln, which was stolen from the office of Dr. P. Frank, again adorns the walls of the physician's office, much to the delight of the owner, who had long given up hope of securing the highly prized memento.

The story of the loss and recovery of the paper is a narrative of much interest. While moving from one office to another nine years ago, the paper was lost or stolen, as the doctor now believes. On a recent visit to Seattle while strolling along a quiet street near the wharf, he entered a little store devoted to the sale of miscellaneous curios that attracted the eye of the passerby.

The first thing the doctor saw was the copy of the paper which he identified by marks placed on it 30 years ago. He purchased the paper, giving the Hebrew proprietor \$5 for it.

At the time the paper was printed Dr. Frank was living in San Francisco and the paper made the remarkably fast time of 22 days going across the Isthmus of Panama and by steam the rest of the way. The paper shows an interesting comparison of the advancement made in the newspaper business in the last forty-two years. The head liner of the story that startled the world and caused a band of crepe to girdle the globe consisted of a single line head with the word "important" as the upper deck. At the close of the head, which occupied one half of the column, were several, etc., etc. The lines of the paper were double-lead and in the center of the page was a single column wood cut of the martyred president. Dr. Frank prizes the paper highly and is happy over its return, but would give the price the paper cost him if he knew where it had been for the last nine years.

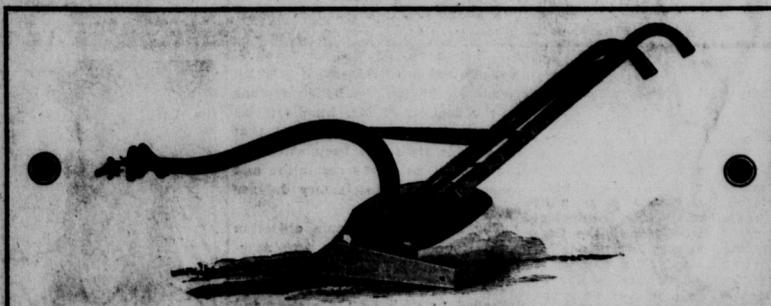

Car Off Track.
Train No. 6, eastbound, which was due here at 10 o'clock last evening, was held up between Selah and Ross for several hours and did not arrive until an early hour this morning. The delay was caused by a freight car running off the track. The car was not damaged and was placed on the track after several hours' work and No. 6 allowed to pass.

Chief Miller's Report.
Chief of Police Miller's report for the month of February was filed with the city clerk Monday afternoon and shows an increase of \$154.30 in fines for the month over the month of January, and a decrease of thirteen arrests. The report of January shows 55 arrests, 5 sleepers, 73 meals served in the city jail for the month, \$107.50 miscellaneous fines and \$235 prostitute fines. February's report shows 42 arrests, 7 sleepers, 71 meals served in the jail during the month, \$130 impounded stock, \$60.50 miscellaneous fines and \$535 prostitute fines.

HARD ON THE DOGS.

Graham Now Full Fledged Canine Catcher.

A. R. Graham was sworn in before City Clerk Brooker Tuesday afternoon as dog catcher. Although the dog catcher has been appointed

WE ARE PREPARED

To meet your demands for Walking Plows, Gang Plows, Ditchers, Spring Tooth and Spike Tooth Harrows, both steel and wood frame. In fact we have a complete line of the famous J. I. CASE Farm Implements which are marked at prices that sell them and they give universal satisfaction. That sells more.
