NOVEL CURE FOR COLDS. Healing Medication that is Breathed, Giving Quick Relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry.

The fact that many people right in North Yakima cough and hawk and snuffle for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures.

The right way to cure a cold in the head or a cough and irritation in the throat and lungs, is by breathing Hyomel's medicated air. Put a few drops of Hyomel in the neat pocket inhaler that comes with every outfit and breath this healing air for a few times and immediate relief will be noted. The medication right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing effects of Hyomel on the irritated mucous membrane give quick relief, and the cough or cold is broken up.

The best evidence of the great value of Hyomel in curing coughs, colds and all bronchial troubles is the fact that C. C. Case gives an absolute guarantee with every outfit he sells, that if it does not give satisfaction, the money will be refunded.

A complete Hyomel outfit, consisting of a bottle of Hyomel, the inhaler and a medicine dropper, costs but \$1, while extra bottles of Hyomel, if needed, can be obtained for only 50 cents.

MOCKERY OF AFFLICTION.

The appearance of a broken-hearted, demented man in North Yakima, a man who performs ludicrous feats merely because his mind is unsoared, has been the cause of much merriment, and from this merriment a pertinent lesson may be drawn. The world over it is a habit to laugh at deformity and make light of misery. With a weight of affliction on his mind and an agonizing torment of pain racking his body, this poor man became insane and was thereby made the butt of ridicule and the subject of jest. Probably in a thoughtless manner those who watched turned away with a smile on their faces, knowing not that this man was fighting a fight against grief and was overwhelmed with a pain which would not leave him. Sorrow should be met with sympathy and not with jeers, deformity should draw forth the helping hand, not the idle, careless jest and the sneering smile.

NORTH YAKIMA AFTER SCALPS

BOYS HOPE TO WIN AT PULLMAN

Many Schools to Compete For Leading Interscholastic Honors of State.

North Yakima High School will be represented in the track meet at Pullman in May. It will be remembered that the local High School had strong representation at the meet last year, and captured four points. The 20 yard hurdle was tied by Earl Green of Yakima. The points offered on this race were five for first place and three for second. As the race was tied, it was decided that each school should have four points and should toss up for the medal which was won by Green. The others who went after honors for the home school were Herbert Angevird, Kenneth Thompson and Edgar Smith. This year Pullman has agreed to pay the expenses of four men from Yakima High School, and under all probabilities no more will be sent. The local track enthusiasts have, turning out regularly for practice for the past week. From the large number who are at work each evening, both Coach Townsan, who has charge of the High School athletics this year, and Prof. Bever, have expressed themselves as confident that the school will have a stronger representation than any previous year.

It is yet early to tell who will go from the High School, but those who are out after places are as follows: Ben Sawbridge, Irvin Shiley, Edward Remy, Cedric Walker, Frank Anderson, Ernest Wiley, Percy Hamilton, Virgil McWhorter, Alton Russell, George Grant, Dave Erwin, Elmer Groefsema, Ritchie Ray, Ralph Darling, Noel Thompson, Ben Besson, Howard Miller, Ben Brown and John Motley.

On May 10 and 11 representatives from thirty accredited high schools of both eastern and western Washington will meet in Pullman, where they will participate in the interscholastic contests, given each year under the auspices of the Washington state college. The following institutions are expected to send representatives: The high schools at North Yakima, Bellingham, Centralia, Clarkston, Colfax, Davenport, Dayton, Ellensburg, Everett, Garfield, Goldendale, Lewiston, Orakdale, Olympia, Palouse, Pomeroy, Prosser, Ritzville, Seattle, Spokane, Sprague, Sunnyside, Tacoma, Walla Walla, Waterville and Wenatchee. Waitsburg, Washington, will have both her academy and high school represented.

Subscriptions for the conduct of the meet to the amount of \$1000 have been raised among the students and faculty of the college and business men of Pullman. This amount, added to the gate receipts, judging from the past two years, should be nearly \$1500, will be spent by the committee for trophies and medals, and in paying incidental expenses of the meet.

Most notable among the trophies to be awarded are the big McCroskey cup, which will be given to the school making the highest number of points in the meet, and will be retained by the school winning it three times successively; the J. L. Harris cup, which will be given to that Washington high school having had no more than 200 students in 1905-6, which wins the most points in the contest; a special silver medal to be given to that individual making the highest number of points in the athletic contest; a crimson and gray banner to be awarded to that school winning the McCroskey cup, and a similar banner to be awarded to the school winning first place in the public speaking contest.

\$300,000 DEAL

ONE CONTEMPLATED FOR IVANHOE MINING CO.

Joplin, Mo., People Planning to Take Over and Work the Properties.

F. L. Johnson, vice president of the Ivanhoe Mining company, with offices in this city, has received a letter relative to the sale of the zinc property owned by the company. The mines are located in Yakima county about fifty miles west of this city, up the Tieton basin, about two miles from the county line. The property is 1800 feet in length of stripped lead and from four to five feet in width of 40 per cent zinc.

Joplin, Mo., operators are endeavoring to secure control of this property, and an expert will make an inspection of the mine shortly, and if found to be satisfactory a deal will probably be consummated whereby the property will be sold for not less than \$300,000.

Mr. Johnson expects to leave for the Sound about the 20th of this month to arrange the deal. The Ivanhoe Mining company owns seventeen claims in that district, consisting of gold, silver, copper, lead and zinc.

Found at Last. J. A. Harmon, of Lizemore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with torpid liver and chronic constipation, will say: take Dr. King's New Life Pills." Guaranteed satisfactory. 25c at C. C. Case's drug store.

HE DID IT.

Greatest Stunt Yet by Spring Robin Man.

Hatless and breathless he rushed into the Herald office.

"Ain't I the man that saw the first spring robin?" he shouted.

Affirmative answer was given.

"Ain't I the man that's always seen 'in' things first?"

Another affirmative answer.

"But I've now reached the climax of my glory, ain't I? You needn't say I haven't. I've done the best thing yet, I have."

The breathless man was requested to calm down and elucidate as to the latest particular stunt which will help place his statue in a niche of the Hall of Fame.

"I've killed the first spring fly," he shouted and disappeared through the door.

WOULD YOU EAT CORN HUSKS?

WOULD YOU EAT CORN HUSKS to get at the corn? Of course you would not. Then why should you take the greasy oil of the cod's liver to get the valuable medicinal elements contained therein?

The oil or grease has no medicinal virtue, but it is the medicinal elements enveloped in the oil which represent all the tonic and curative properties of the cod liver oil.

In Vinol you get all of the medicinal curative elements of cod liver oil actually taken from fresh cod's livers, but no oil. The oil is thrown away for the same reason you throw away the corn husks.

Our local druggist, Fred L. Janeck, says: "Knowing the wonderful medicinal, curative and body-building properties of Vinol, I wish every person in North Yakima who is overworked, run-down, debilitated, every old person, every weak woman, every sufferer with chronic colds, bronchitis or incipient consumption would try Vinol on our offer to return money if it fails to benefit." Fred L. Janeck, druggist.

NOTE.—While we are sole agents for Vinol in North Yakima, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
