LOCAL NOTES

Call for the union label on everything you buy.

H. Benjamin, of the shingle weavers, had the misfortune to lose a finger on an upright machine at Carlson's mill last Monday morning.

The closing down of the work at Rucker Bros. mill at Lake Stevens threw Bert Thomas' crew idle and several of the pile driver boys are back in town.

Are you ashamed of that monthly button? If you are not, pin it on where everybody can see it. It means as much to you, surely, as any emblem of a fraternal society.

We carry a full line of union made suits, hats, and gents' furnishings. Also a fine line of summer underwear. Edward Wahl, 1907 Hewitt avenue.

Some speedy work was done by several of the carpenters this week in altering the front of the Seenic theater. The theatre front as re-arranged presents an attractive appearance.

White & Hackett, dealers in furniture and house furnishings, expect to be able to move into their new building some time next week. Don't forget that they are friendly to organized labor and are worthy of your patronage.

An equal suffrage society was organized in Mukilteo last week with a charter membership of about twenty. Much interest was manifested by those present at the opening meeting of the organization.

Wheels \$5 down and \$5 a month. Base ball outfits and sporting goods. Arthur Baily's Gun, Bicycle and Sporting Goods Store.

The annual convention of the socialist party of this state will be held in Everett the 3d, 4th and 5th of July. About 80 delegates are expected from all parts of the state besides many sympathizers and visitors. The Everett local are making extensive preparations for the entertainment of the visiting delegates.

Enger & Jesdahl, who have been associated in the clothing and gents' furnishing business, will dissolve partnership at the close of the present dissolution sale. This firm has been one of the most consistent caterers to union trade in the city and have at all times carried as full a line of union made goods as could be obtained. Mr. Jesdahl will continue the business, and union men will always find it a good place to trade.

The race for queen of the Woodmen carnival is getting mighty interesting, and the winner is hard to pick, although Miss Freeman, the union candidate, has a good lead at present. The contest closes in about a week and we have had it tipped off to us that there are some surprises in store. The fourth candidate who lately entered the lists, is going like a scared rabbit and promises to make it interesting for the others, so it is up to them and their friends to get out and hustle.

Some of the boys have the Canadian fever and are leaving for the other side of the line. Canadian shingle manufacturers are at last awakening to the fact that Asiatic labor is not as profitable as skilled labor and are replacing them with whites. There is always a fascination about a new country and the timber over there is far superior to anything left around these diggings—hence the exodus.

The local is determined to put a stop to the practice of some of the boys of playing pool in a Jap pool room on Riverside. Each offender will be fined \$1 after June 1 if caught transgressing.

The delegates to the county convention at Arlington last Sunday gave an excellent report of the meeting. The county organizer has proven to be the right man in the right place and has accomplished much excellent work for the short time he has been in the field. The boys are convinced that the county organization plan is going to work out for the betterment of the craft in many ways.
