

CHICAGO THREATENED WITH GENERAL TIE UP

Thirty Thousand Teamsters Offer to Join in Movement Against the Employers' Association--25,000 Workers are Now Out.

CHICAGO, May 13.—Labor leaders interested in the strike of the colored waiters employed in the Kohlsaat restaurants declared today they will tie up the whole city before they will allow the waiters to lose.

The threat is due to the assertion of the employers' association.

The employers claim they will force union labor out of all hotels and res-

taurants in the city if the waiters do not return to work.

The teamsters' union, numbering 30,000, have offered to support the waiters by refusing to haul goods to bakers and lunchrooms. Its officers declared that if the employers' association did not withdraw its aid from the Kohlsaat company the entire union will go out on strike against all members of the employers' association.

The situation has become so grave here that Governor Yates today sent the entire state board of arbitration to the city. Almost 25,000 workers are now on strike.

The feeling of unrest is growing. Eight hundred blacksmiths employed by the Rock Island and Northwestern railroads quit today.

Radical labor leaders say if the troubles are not settled soon 150,000 employes will be out before the summer is over.

CHEF E. M. WOYDT IS INDUCTED INTO OFFICE

E. M. Woydt was sworn in as chief of police at noon today by the city clerk. At the same time Allen F. Gill, the new city engineer, took the oath of office. Only the employees of the clerk's office were present.

Immediately after taking office Mr. Woydt went down stairs and was inducted by Captain Coverly into the mysteries of the office. He shook hands with the members of the department who were present.

When asked as to his policy Chief Woydt said: My plan is to do the very best I can, and I hope to make myself a credit to the position.

"It would be foolish for me to map out any plan at present as to what I shall do. First, I must investigate

the work that comes under the supervision of the police department of the city. After that is done I shall be in a position to know exactly what is needed. If reforms are needed in any department of police work, the reforms shall come, no difference who may be affected by them. As yet, however, I am not going to state to the newspapers that a single reform will be made, but my acts after I have familiarized myself with the department will show what I have decided to be the proper thing to do."

Mr. Woydt, the new appointee, is 48 years of age, a native of Wisconsin. He is married and lives with his family at 2510 Gardner avenue. Mr. and Mrs. Woydt have no children. Twenty-five years ago Mr. Woydt

came to Spangle, this county. He lived at Spangle 21 years, was a blacksmith, a farmer, postmaster, justice of the peace, and later dealt extensively in real estate and has always been a successful business man. Four years ago he and his wife removed to Spokane.

He has invested extensively in business interests of the city and those who know him best are the ones who speak most warmly in praise of his good character, of his loyalty to the fourth ward, which he represented in the city council up to the time of his resignation last night, and of his shrewd business ability.

Allen F. Gill, the city engineer just appointed, has lived in Spokane for a number of years and has always been active in political life. He is entering on his sixth year as city engineer. Mr. Gill is regarded by competent authority as one of the most capable civil and mechanical engineers in Spokane. He has filled the office with credit to himself and is a favorite in the democratic party. Mr. Gill is married and with his family resides at 2727 Boone avenue.

Building Permits.

Building permits have been issued to E. Wolfe for an eight-story frame building on lot 12, block 20, Chamberlain's addition; to J. A. Yeomans for a \$2000 one-story frame residence, on lot 4 and the east half of lot 13, block 4, Corbin Park; and to the Crystal Marble company for a \$2000 one-story frame building on lot 7, Spokane Falls & Northern right of way.

FLOODED.

JACKSONVILLE, Fla., May 13.—A heavy gale has been raging here since last night. Portions of the city are flooded and boats are being used.

The terminal station and the water-works are partly under water.

THINK LORRAINE HAS A "JACK THE RIPPER"

LORRAINE, O., May 13.—Friends of Father Walsor, recently exonerated on a charge of murdering Agatha Reichlin, believe a man who is the real murderer made another attempt to kill a woman last night, when Mrs. James Bowen awoke to find a man leaning over her bed.

APPOINTMENTS OF MAYOR CONFIRMED

The city council confirmed two appointments of Mayor Byrne last night—the appointment of E. M. Woydt as chief of police to succeed J. P. Reddy, resigned, and the appointment of Allen F. Gill as city engineer.

These appointments have been on the tapis since last Friday, and are the result of an understanding reached between Mayor Byrne and his friends and the democratic leaders who fostered the Rasher campaign in the recent city election. By carrying through the deal differences that have existed between Mayor Byrne and some of the democratic leaders for several months have been completely obliterated.

Engineer A. F. Gill Will Receive Salary.

Mayor Byrne signed the special ordinance allowing City Engineer Allen F. Gill \$1800, the amount of salary earned by him while serving as city engineer during a prolonged political fight. During the time that the council was unable to remove him from office or appoint a successor Mr. Gill did the work of his department faithfully, and those familiar with the circumstances are agreed that he is entitled to the pay.

Expect Large Crowd Roosevelt Day.

Indications are that Roosevelt day will see the largest crowd of visitors in Spokane in the city's history. The general committee on arrangements is stirring to make the day one of the most memorable in the history of the northwest. Special trains will bring visitors to the city over the O. R. & N. from Colfax, The Palouse branch of the Northern Pacific and over the Spokane Falls & Northern.

In order to entertain the city's guests during the long wait before the president's arrival all the bands in this part of the country have been engaged. These will give concerts in different parts of the city until the time of the parade, in which they will participate.

WOMAN USED AS A BATTERING RAM

SEATTLE, May 13.—Eleven prisoners confined in the city jail made a desperate attempt to break jail this morning. They succeeded in breaking open the cell door and an escape was only prevented by one woman, not in the plot, giving the alarm.

Back to Jail After Two Days' Freedom.

Joe Cronin, arrested last night in front of the Cleveland lodging house on Stevens street, was found guilty on two counts by Justice Hinkle in police court this afternoon. The first count was a fine of \$10 and costs for fighting with Julius Vinz, whom he had asked for alms.

The second count was robbery for snatching the money of Vinz after the latter had given him 10 cents for a meal. On the latter count Cronin was bound over to the superior court in the sum of \$200. Cronin got out of jail, where he was serving a sentence for fighting, last Monday.

The Reformation of Julia Leith.

Julia Leith was given another chance today by Judge Hinkle to change her intemperate ways. Julia spent three months in the Salvation Army home, got almost cured of the drink habit, was secured a position as cook in an Eleventh avenue home 10 days ago—and got drunk last night.

She now has a fine hanging over her head, and if she sidesteps the regulation of the court, a term in jail will be the penalty.

Councilmen Sworn In.

All of the councilmen elected at the recent election to take office immediately were sworn in by the city clerk today.

Yacht Off for Newport.

BRIISTOL, R. I., May 13.—Sail was hoisted on the Northern Pacific railroad tracks to the top of the hill. About 600 extra loads of earth are to be used in improving the thoroughfare.

REGARDING WASHINGTON ST.

City employees began today to re-grade and resurface Washington street from the Northern Pacific railroad tracks to the top of the hill. About 600 extra loads of earth are to be used in improving the thoroughfare.

WORLD'S END

LOS ANGELES, Cal., May 13.—Many local people are joining the flying roll, having become infected with the religious mania, and are going to Benton Harbor, Mich., to await the end of the world. N. S. Taylor, a wealthy contractor, has joined the sect and has left his family and business.

TO COAL FIELDS OF EAST KOOTENAI

Many people of Spokane and vicinity who are interested in British Columbia are preparing to take up a stampede to the coal fields of East Kootenai, which are embraced in the grant of land which was given by that government to the Columbia & Western Railway company.

Owing to alleged fraud in granting this large tract of valuable timber, coal and oil land, the question now arises as to whether these lands are open for location. This rumor has become so persistent of late that from now until the question is definitely settled there will be a grand

GAS STRIKE.

Company Appeals to State Labor Commissioner Blackman.

APPOINT ARBITRATORS.

Under State Law Commissioner Has Authority to Act—Other Labor Disputes.

State Labor Commissioner Blackman is in Spokane, and it is authoritatively stated will investigate the trouble of the gas company with its striking employes.

It is understood he has been appealed to by the gas company. Under an act passed by the recent legislature the state labor commissioner has authority, when appealed to in a labor trouble, to summon a board of arbitration to pass upon the merits of the case. The labor commissioner, however, has no vote on the board.

It is understood that the gas company will avail itself of this right of appeal in case the matter can not be amicably settled under the advice of Commissioner Blackman. Both Mr. Blackman and Mr. Anderson refused to talk upon the subject today.

While here it is probable Mr. Blackman will be appealed to in other labor troubles now on in Spokane.

The millworkers have been in communication with Mr. Blackman and it is believed he will investigate the merits of their demands and may be appealed to to arbitrate the trouble.

SMITH FINED \$75 AND COSTS

Amount Assessed By Justice Stocker for Violation of Law Regarding Practice of Medicine.

G. Orin Smith, for whose arrest a warrant was issued yesterday, charging violation of the state law regarding the practice of medicine without a certificate, notified the sheriff's office this morning that he would appear when wanted. He kept his appointment with Deputy Sheriff Butler and was taken to the office of Miles Polindexter, deputy prosecuting attorney, later appearing before Justice Stocker to plead to the charge.

Attorney E. M. Hepburn represented the defendant and entered a plea of guilty. In his appeal to the court Mr. Hepburn stated that his client did not know that he was violating the law in using the abbreviation "Dr." in connection with his work in treating for dyspepsia. Mr. Smith had never tried to practice here in any other connection than his liquor habit cure. He asked for a light fine in view of the circumstances.

Mr. Polindexter recited the circumstances in the case and stated distinctly to the court that the case in point had nothing to do with the cause of the death of Max Karter. He pointed out, however, that as the agent for a cure, the defendant came in contact with cases which required considerable skill. He asked that as a matter of warning both to the defendant and to others that a substantial punishment be meted out.

Justice Stocker stated that the intent of the lawmakers was to cast

Sale of High Class White Waists

One-Third Below Regular Price.

Exquisitely beautiful white lawn, mercerized batiste and silk mull waists, eight dozen, no two alike. All samples which our New York representative bought one-third below regular wholesale cost. These are the softest, fluffiest, daintiest waists we have seen this season; sizes, 34 to 40 inches; regular prices range from \$5 to \$12.

Tomorrow, Sale Price, \$3.34 to \$8.00.

Won't Remove Leghorn

Assessor D. H. Stewart was asked today whether he contemplated the removal of Chief Deputy Assessor Fred Leghorn as claimed for by a local paper.

"No, I do not," said Mr. Stewart. "Mr. Leghorn is the victim of malicious persecution. Mr. Leghorn is capable, proficient and courteous. He is always at his post of duty and has a most thorough knowledge of the business of this office."

Mr. Leghorn has been a resident of Spokane for 19 years, has a good record in public office and his many friends are indignant over the continued fire of personal abuse to which he has been subjected for several years.

about the public a safeguard against unskilled practitioners. He felt that a fine of \$75 and costs would be adequate under the circumstances.

Mr. Smith immediately entered the clerk's office and drew his check for the amount.

Immediately after the fining by Judge Stocker this morning members of the Elks set to work to secure evidence and as a result they claim that a charge of malpractice and perhaps a more serious charge will be brought against Mr. Smith.

The funeral of Max Karter will occur at 2 o'clock Friday and the remains will be interred in Greenwood cemetery at the Elks' Rest, under the auspices of the Elks, Sons of Herman, Foresters and Knights of Pythias. A large delegation of the latter will come from Roseland, B. C., to attend the funeral.

Mrs. Karter, who, since the death of her husband has been nearly crazed with grief, this morning gave to Dr. W. W. Potter, who is in charge of the investigation of the case, a glass containing powder, all that is left of a glass of liquid which was administered to Karter. The liquid itself has evaporated. This powder will be analyzed by the physician.

It is stated that at the investigation yesterday Mr. Smith testified that he was unfamiliar with any medicine aside from those he used in his cure for the liquor habit.

Out of Harm's Way.

This is the ideal method of leaving a child alone. The jumper is strongly built and the springs are full of elasticity. The rocking chair can be detached and used separately. Let us show them to you.

Glascock Baby Jumper.

Price \$5.

Your Credit Is Good. Make Your Own Terms.

TULL & GIBBS

Complete Housefurnishers.

STRIKE EXPECTED BEFORE NIGHTFALL

Local tramen on the Great North-ern are eagerly waiting for the word today which means that the great system will either be tied up by a gigantic strike or that their demands have been acceded to by General Manager Ward.

Nothing has been heard here, but the information has been given out that the instructions from the tramen's grand officers will be sent over the wire in a cipher code and each man knows what the word will be.

ST. PAUL, May 13.—Before night-fall it is confidently expected that the Great Northern tramen will go out on a strike that threatens far-reaching and disastrous results.

FEAR LAW.

NEW YORK, May 13.—The Commercial today published an interview with J. W. Dodd, general solicitor of the Standard Oil company on the financial situation, in which he declares the present hesitancy in the stock market is due to fear of the Sherman law. Mr. Dodd said: "In my opinion there will be little permanent improvement in the stock market until the attitude of the United States government toward the great business interests in the country is understood."

"Securities in the markets are suffering from too much Sherman law, or perhaps from the extreme construction which the courts see fit to place upon the law."

Mrs. Baker Eddy's Gift of a Church.

CONCORD, N. H., May 13.—One of the finest church structures in the Granite State is insured Christian Scientists of this city through the donation of \$100,000 and a centrally located lot worth \$20,000 by Mrs. Baker Eddy. The picture given here-

Mayor Signs Franchise

Mayor Byrne signed the Jay P. Graves street car franchise today. This is the franchise that passed the city council by a unanimous vote last night.

Maine's Forest Fires.

BANGOR, Me., May 13.—Some of the more serious forest fires in eastern and northern Maine are checked. Others are raging with unabated fury and are doing heavy damage.

\$10,000 WILL BE SUBSCRIBED FOR FAIR

With the end of the week the work of soliciting subscriptions for the interstate fair this fall will be completed. At least \$10,000 will be subscribed and the affair, it is believed, will prove the most successful undertaking since the inauguration of these fairs some years ago.

Howell Peel, a prime mover in collecting the money for the event, said today: "The finance committee is devoting every energy to its work and will be finished in a few days. Aside from our race track, which has been made one of the fastest in the northwest as well as one of the best in every way, we are doing nothing more at present than getting the money subscribed, and the work is progressing very satisfactorily."

"What arrangements will be made for the entertainment of the visitors can hardly be discussed as yet, but everything promises to be arranged in a very successful manner."

The fair will be held from October 5 to 13 inclusive.

THE BOSTON STORE

S. A. CO. FIBERIDE & LINCOLN
