(By Jimmy Gilliam.)

"Ah knows why dem Salt Lakers is playin' sech good ball. Dey is sittin' up to de Hotel Spokane and eatin' fat, big steaks, suh!" Such in part is a conversation with a negro philosopher. But the best of the conversation followed when he blurted out: "An' ah knows, too, fer why dem Spokers is playin' sech a punkerino game. An' dat's no dream, suh. How can anyone wat is up 'gainst de boose win a ball game? Dat am de time when de trouble begins, an' no one knows it better 'n I do."

The way the Indians have been playing de late is a downright shame. It is admitted de team is crippled badly, but even then there is something very wrong with de outfit. Salt Lake has no license to hook it onto de Indians, even if they are crippled. President Williams is on de trail of his players. De other night he went skrimishing down into de tenderloin section of de town looking and inquiring for ball players. In justice to de players it may be said dat Williams found none of dem. In fact, I have never seen any of de players below de dead line.

But there is ugly talk going on among de fans, and in justice to de club management de talk might just as well be "bawled out" and de team and de management given an inkling of what is being said. If de present playing is kept up, there are no two ways about it—there will not be a coroner's guard attend de games.

It is not de mere fact de team is continually losing to Salt Lake, but de fact of deir playing sech bum ball. Deir play in a languid fashion. If deir would play somewhere in de class of de Mormons, dat at least would satisfy de fans.

Spokane is de best baseball town in de league, but for de fans to get out and make any sort of a showing deir must have a team de like, can boost for, talk about and dream about. There is much talk going on now which President Williams has, no doubt, heard, consequently his skin-mitching trip de other night. When a ball team of de class of players on de Spokane team gets de fans to calling dem "bushers" it is time to call de boys up with a round turn. Not a man on de team is from de brush. Individually deir are well up deily, is, without doubt, de best-looking man in de league and de players like him, and when he is in de game he infuses ginger into dem. But since he is out of de game de team has gone to pieces.

Most of de Spokane fans are "thirty-thirers" and deir will go down de line with a ball team dat seems willing to try.

There was a fair-sized crowd in attendance yesterday but most of it was ladies on account of it being ladies' day. There never was a better day for a ball game. Yet de crowd—the paid crowd—was de smallest up to date. Even de cold,

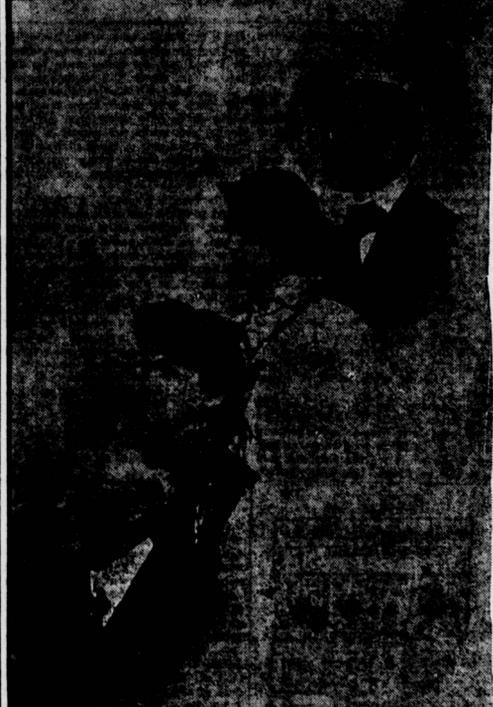

Crooke had agreed to come here and give an exhibition with Jolly Rogers de colored man, who Thursday night fought a draw with Fred Muller at Walla Walla.

This is good news. Eddie Crooke is a very fast fatic article and it is not such a long while ago dat he ranked among de best of dem. Rogers is well known here, as a man handy enough with de mits to put up a swell exhibition.

Manager Perkins of de club has had all de printing for de affair done and is hard at work booming de concern with a view to filling de hall. He promises by all dat is holy to put on a show next time so dat after de visitors have left de hall there will not be one of dem, but is thoroughly satisfied with de program.

Perkins is now in Walla Walla, where he went to arrange de Muller-Rogers fight. On his return active work will be started to get de boys who have been signed to box, in shape

**JEFF IS TRAINING.**

Jeff is rounding into form nicely and those who have seen him since he went into training say dat he will be in de pink of condition when he enters de ring.

Joe Kennedy, who is one of de champ's sparring partners, says dat as soon as Jeff's camp is broken up he will look for a match with Marvin Hart, Gus Ruhlin, Kid McCoy or some of de other mit artists with a reputation.

# Physicians Recommend Castoria

CASTORIA has met with pronounced favor on de part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. De extended use of Castoria is unquestionably de result of three facts: **First**—The indisputable evidence dat it is harmless; **Second**—Dat it not only allays stomach pains and quiets de nerves, but assimilates de food; **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record de means of advancing health. De day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating de system—not by stupefying it—and our readers are entitled to de information.—*Hall's Journal of Health.*

Letters from Prominent Physicians Addressed to Charles H. Fletcher.

Dr. E. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware dat there are imitations in de field, but I always see dat my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As de father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. E. Claman, of Philadelphia, Pa., says: "The name dat your Castoria has made for itself in de eyes of thousands of homes blessed by de presence of children, scarcely needs to be supplemented by de endorsement of de medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. Channing H. Cook, of St. Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of de fact dat most medicines of dis character are obnoxious and therefore difficult of administration. As a laxative, I consider it de peer of anything dat I ever prescribed."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in de case of Castoria my experience, like dat of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's troubles. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
