Vasbinder, Butte's new handy man with the leather, did something to the Indians in the game at Butte yesterday and a look over the score will show he had no time to linger by the roadway and pick daisies. Vasbinder also did some comfortable walloping with the stick, which also made Walter Wilmo's little heart palpitate.

Nice costly errors for the Indians was all. That was awful! Hogg pitched good enough ball to win any game, but his support was about the worst ever seen in the league.

The bunch of redskins fell over their own shoes in trying to field, and, thinking it the fault of Hogg for allowing the Miners to hit at all, Hogg was taken out of the box in the beginning of the eighth and Carney was substituted. He was strawberry shortcake for the Miners.

The Miners proved to be as handy on the bases as Governor Peabody is in gaining the hatred of the masses and at no part of the game did Spokane have so much as the merest looking.

"KID" KRANT.

Kid Krant of Seattle is matched to fight Jack Cordell of California June 30. The match is attracting much interest. Krant is a lad of 19 years and has made some good showings. Cordell is the hardest man he has yet tackled.

FREE FIGHTER WEDS. SAN FRANCISCO, June 14.—(Special.)—"Biddy" Bishop, well known as a prize fight manager all along the coast, has fallen a victim to Cupid, and before he leaves on his trip to Alaska he will take as bride Miss Ada Glendon of Seattle.

The engagement was announced last evening during an informal party given at the home of the prospective groom in Berkeley. It was stated that the wedding will probably take place shortly before Mr. Bishop leaves for Alaska, whether he goes to engineer a boxing carnival in Dawson. He expects to leave week after next.

COVBOYS' GREAT RACE. ALBUQUERQUE, N. M., June 14.—A 120-mile relay race for cowboys open to riders in New Mexico and Arizona, with the starting point at Albuquerque, and the finish at the gates of the world's fair grounds in St. Louis, is the contest being organized by F. H. Leland, a veteran cowboy and William Closson, a well known cowboy of this section. The purse will be \$1000.

FIGHT FOR SPOKANE. There'll be something doing in the fighting line Thursday night in Spokane when Scar and Bradford meet in a six-round exhibition for a decision on points.

Both are daily doing roadwork and

getting into shape for the event. Both men are looking fine. Immediately after this contest Scar will likely meet "Kid" Ogleby, as he has secured the necessary backing and Ogleby has expressed a willingness to meet him. Whether the match will be pulled off in this city is not known.

FRENCH FIGHT AT BUTTE. Jack O'Keefe and Honey Melloy fought a 20-round draw at Butte yesterday afternoon to a crowd numbering fully 5000 people. That same night in Butte Aurelio Herrera knocked out Benny Yanger in the eighth round with rights and lefts to the jaw. The Herrera-Yanger fight was particularly fierce. If Yanger had only known it he had the Mexican licked before he entered the ring. Herrera has said that there was only one man he was really afraid of and that one man was Yanger. "All he knows is fight, fight all the time," is what the Mexican says of him.

FOUL STRIKE RULE IS BAD. The announcement that Yale, Harvard and Princeton are all ignoring the foul strike rule in their games, simply shows that a college education doesn't all go to waste. The college men have learned what the major league magnates ought to have "tumbled" to long ago—that the foul strike rule is the most nonsensical, aggravating, stupid piece of legislation ever put into the baseball statute books, and that the sooner it is done away with the better pleased the patrons of the game will be.

SUSAN B. ANTHONY OBJECTED TO BILL FOR WINE AND BEER. Miss Susan B. Anthony, the famous American woman's suffragist, refuses to allow wine and beer to even flirt with her. She is attending the women's suffrage congress now in session in Berlin. According to custom the proprietor of the hotel where she was staying included in her bill the usual charges made to guests for wine and beer. Miss Anthony protested indignantly. The proprietor politely stated that whether she used the drinkables or not it was the custom to include them in the fixed daily charges. But Miss Anthony wouldn't stand for that even, and the proprietor finally revised his bill.

WAS WASTING AWAY. The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I eat flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Sold by Chas. McNab, 402 Riverside.

"QUITE FAVORABLE" RATES FOR SPOKANE. J. H. Gifford has wired from Chicago that "the work on the revision is finished and the result is quite favorable to Spokane, referring to the demand of Spokane for more equitable freight rates. This is the same promise made by members of the committee on their return from the Chicago meeting. On their return they said the new rates would be in force probably by June 10.

THAT OLD CONFEDERATE YELL FOR THE LAST TIME

"STARS AND BARS" KUNG WIFE THE "STARS AND STRIPES" IN NASHVILLE TODAY AT THE REUNION OF CONFEDERATE VETERANS.

NASHVILLE, Tenn., June 14.—Some hundred thousand visitors within her gates and more arriving on every train; hands of men clad in gray parading through the streets, the crash of bands and the cheers of thousands who line the thoroughfares; enthusiastic welcomes and equally hearty responses; the lute-string on the outside and the big pot in the little one; that is the situation in Nashville today on the opening of the fourteenth annual reunion of the United Confederate Veterans.

The great mass of the visitors had arrived by noon today and the railroad estimated their number at not far from the 130,000 mark. The elaborate plans for the reception of this vast throng of visitors are being carried out with a precision and thoroughness that is being everywhere in the city.

The downtown streets are fairly ablaze with crimson bunting, all the side streets are decorated and so are most of the residences in the city. The old "Stars and Bars" form, as a matter of course, the prominent feature in the scheme of decoration; but the "Stars and Stripes" are also seen at every turn.

General Gordon is dead. Though this was the day of formal opening, the most of the time was spent in receiving the visitors and providing for their accommodation. The exercises at the tabernacle, where the reunion sessions are to be held, were

THE VISIT TO AMERICA OF CARDINAL SATOLLI

The present visit of Mgr. Satolli to the United States is the third that he has made. He came first as the papal representative to the Catholic congress and celebration of the centenary of the Catholic hierarchy in November, 1899. His next visit was in October, 1902, when he represented the pope at the Chicago world's fair, and was appointed the first apostolic delegate to the United States.

It was during his second stay here that he was made a cardinal and after his return to Rome he became one of the most influential members of the sacred college, being now a cardinal bishop, the highest rank in the hierarchy. This visit is notable in that it is the first time that a cardinal of the curia has obtained permission to leave Rome on other than official mission. Father Ercole, his cousin and two secretaries, Fathers Maruchini and

BETSY ROSS MADE THE FLAG

PHILADELPHIA, June 14.—Today is Flag day, the one hundred and twenty-seventh anniversary of the enactment by congress that the flag should consist of 13 stripes, alternate red and white, and a union of stars, one for each state, in a blue field. The American flag association, which takes this day under its particular care, recently sent out a circular broadcast through the country urging patriotic societies, school children and the public generally to observe the day with appropriate ceremonies, and to see that the flag should "greet the rising and salute the setting sun."

It is but natural that the day should be more generally observed in Philadelphia than in other cities, for it was in this city, in a house still standing at 239 Arch street, that Betsy Ross made the first flag. The house was today visited by delegations of school children and others and during the forenoon patriotic exercises were held under its roof.

OPPOSE EMIGRATION TO WASHINGTON

ST. PAUL, June 14.—The state immigration convention, for which preparations have been making for some time under the joint auspices of the commercial clubs of Duluth, Minneapolis and St. Paul, opened in this city today with a good attendance of railroad officials, land agents and business men from various parts of the state. The specific purpose of the meeting is to promote the settlement of the unoccupied lands of Minnesota and to induce farmers and other immigrants to settle in this state instead of going farther into the northwest.

JAPAN HAS FINE MEDICAL SERVICE

LONDON, June 13.—A dispatch from Mukden states that the Russian soldiers habitually speak with contempt of the quality of the Japanese troops. The Japs, they say, are good coolies, but only in that respect are they excellent; but all the evidence that has reached the Russian headquarters as to the Japanese hospitals and their medical and surgical arrangements generally is unanimous as to the excellence of that part of the enemy's equipment.

Two wounded men of the Eleventh Russian regiment, which suffered so severely at Kinlien-cheng, managed to escape through the enemy's lines, and have reached Mukden. These men speak in enthusiastic terms of the manner in which the Japanese treat the Russian wounded. The Japanese army doctors, they say, are splendid, and they personally saw to the comfort of all the Russian wounded. Each Russian officer taken prisoner is supplied with a separate tent, and is allowed to superintend the preparation of the food for the Russian wounded. Temporary assistance is given to the Japanese wounded in splendidly arranged field hospitals. About 450 Russian wounded were carefully attended to in the Japanese camp, and the relations between them and the enemy's troops were excellent, based, says the correspondent, "upon the true comradeship and friendship of

MUTUALLY RESPECTING SOLDIERS. The Japanese doctors removed the wounded from the field of battle without regard to nationality.

As it was practically impossible to remove all the wounded from the field to the field hospital without delay, those whom surgical aid would most likely cure were taken in hand first, and the more serious cases were given first aid in the field. Whenever a wounded man was discovered, whether Russian or Japanese, he was placed on his feet, and if able to stand unsupported for a few seconds he was taken on a litter to the hospital.

Cruelties were undoubtedly perpetrated on the Russian wounded, but the miscreants were invariably Chinese, who are bitterly anti-Russian. It is said to be a common remark among the Chinese, "If the Japanese win in this war, we will send basketsful of Russian ears to Peking."
