Successful Thinking.

A young man wants to know if there is anything in the system of "New Thought" as related to success in life.

Yes, indeed, my son. The essence of the New Thought is in the Scripture which says, "As a man thinketh in his heart, so is he."

If you think you are going to succeed in life you have already won half the battle—always provided you keep on thinking so.

Of a woman it is said, "she who hesitates is lost." So also of a man. And he who doubts is damned. Hesitancy and doubt, put into a composite, spell failure. The person that admits the thought of failure into his mind and lets it lie there will find that it will gradually penetrate body, mind and spirit. It will become a part of him. It will weaken him. It will change him. It will pull him down.

No young man can afford to think otherwise than that he is foreordained to succeed. Any other kind of thinking is an element of weakness that will surely paralyze his ability to do and to be.

Do not allow your mind to dwell on the obstacles that confront you. By doing so you will build up a wall that will block your forward passage. That way lies no thoroughfare.

Think success. Say success. Dream success. And never quit thinking and saying and dreaming success.

Saturate yourself with the success thought and feeling. Your state of mind has everything to do with your ability to overcome.

Is there a hill in front of you? Well. Push on. The hill may not get out of the way (if it is a real hill) but you will be over it before you know it.

Sure, son, the ability to persistently think success is the surest way to attain it.

A True Tale.

The other day in the city of Des Moines an old gentleman, member of the Presbyterian church, after a few days of illness, died.

His next door neighbor on one side was a Hebrew, on the other side a member of the Methodist church, and the neighbor a second door away, a Catholic.

During his illness the neighbors took turn about in caring for the old man whose wife was a semi-invalid. There was no help in the household save that rendered alternately by the Jew, the Catholic and the Methodist. They took splendid care of the aged Presbyterian and his wife.

While the old man was dying there was no minister present and the wife asked if some one could not offer a prayer. The Catholic repeated reverently the Lord's prayer and the others reverently joined.

Together the Methodist and the Jew and the Catholic prepared for the funeral. A Presbyterian clergyman read the service.

There was but one relative—a daughter living in Chicago—and the funeral cortege consisted of the daughter and the families of the Catholic, the Jew and the Methodist.

That's all. Only this: Twenty years ago such a thing would have been impossible. Surely the world grows better and more charitable and kinder.

WHEN HONESTY WASN'T THE BEST POLICY.

BRISTOL, Eng., July 29.—A street sweeper found a diamond ring recently and returned it to its owner, a wealthy woman. The woman sent 5 shillings through the man's employers, with a letter, commending his honesty.

One of the rules of the company employing the sweeper is that all articles found must be turned in at the company's office. For disobeying this rule the company fined the honest sweeper one day's pay and confiscated his reward.

LAW OVERTAKES TORTURERS

LOS ANGELES, July 29.—It is generally conceded that death from thirst and the heat of the desert is one of the most excruciating ends that can be imagined. When, therefore, the news reached N. W. Zimmer of this city, superintendent of the Society for the Prevention of Cruelty to Animals, that at the Mexican village near Vinlands, worn-out horses were being turned loose on the desert to die of thirst, heat and starvation, he hastened to investigate.

With a veterinary surgeon and an officer, he went out into the desert and found, as had been reported, two animals nearly dead from the desert torture. They whined, when the men approached, but could not rise, though they struggled to do so. The buzzards were already gathering for their feast. The beasts were shot and the buzzards got their meal, but that was not all. Warrants were secured for the arrest of the men who had so cruelly abandoned the animals and they were taken into custody and will be prosecuted to the full extent of the law.

ANNUAL CONFERENCE

EAST NORTHFIELD, Mass., July 29.—The General Conference for Christian Workers, which was founded by the late Dwight L. Moody, began its twenty-second annual session today under conditions which point to an unusually successful meeting. During the three weeks conference will be in session the speakers will include: Prebendary Webb-Peploe, London, England; the Revs. G. Campbell Morgan, D. D., East Northfield;

CHOLERA MORBUS AND BOWEL COMPLAINTS

"Over 95 cases in every hundred of summer complaints could be avoided," says a leading specialist, "if every one was careful to keep his system toned up with Duffy's Pure Malt Whiskey. It's the most effective germ destroyer known to the medical profession."

Duffy's Pure Malt Whiskey

aids digestion and assimilation; purifies and enriches the blood; regulates the bowels; quiets the nerves; hardens the muscles; stimulates the heart's action, and builds up and sustains the entire system. Prescribed for half a century by leading doctors. "Duffy's" is absolutely pure, contains no fusel oil and is the only whiskey recognized by the government as a medicine. At all druggists and grocers, or direct \$1 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, N. Y.

DEMOCRATS PLAN TO WIN

NEW YORK, July 29.—It is evident from plans now being made that the democrats intend to carry on the most active campaign this fall that has been seen since 1884, when Senator Arthur F. Gorman, as chairman of the national committee, made the fight that resulted in making Grover Cleveland president. Entire floors have been secured in several buildings in the vicinity of Madison Square, to be used as workrooms for the clerical force of the campaign body. In addition to these rooms several parlors have been engaged in the Hoffman house, which will be used exclusively by the chairman of the committee and his assistants for reception purposes and for the discussion of general campaign business. It is intended to secure separate quarters from which to send out the literature and in which to receive and tabulate the results of canvasses in various sections of the country. Upward of 15,000,000 documents were sent out in the Cleveland 1884 campaign, and these same methods will be duplicated this year. In order to do this effectively along the old lines, it has been arranged that John B. Trainor, who had charge of this work under Senator Gorman in 1884, shall be in charge of the same work for the national committee this year.

HONOR MEMORY OF HUMBERT

ROME, July 29.—Today was the fourth anniversary of the tragic death of King Humbert, who was assassinated at Monza, July 29, 1900, by Gaetano Bresci, an anarchist. In accordance with custom the anniversary was observed by commemorative exercises throughout the kingdom. In the capital there was a pilgrimage of many thousands of visitors to the tomb of the dead king in the Pantheon. King Victor Emmanuel, accompanied by Queen Helena and members of the royal family, visited the tomb and spent an hour in prayer. The tomb was almost hidden beneath a mass of magnificent floral offerings. The anniversary has renewed interest and speculation in the fate of the assassin, Bresci, concerning which numerous contradictory stories are told. It has been reported at intervals that Bresci is dead, but this is not generally credited. The probabilities are that he is still confined in prison and that he is totally mad as has been reported.

REPUBLICANS ORGANIZED

About 125 republicans met in the police court room last night and formed a republican club, to be a unit in the State League of Republican Clubs. After the election of officers an address was made by President Nash, who told those present that if they felt called upon to scratch the republican ticket this fall, to do so in the quiet seclusion of the election booth. The officers chosen are: Judge Nash, president; J. M. Comstock, honorary president; Laurence Hamblen, T. D. Rockwell and R. J. Danson, vice presidents; Albert J. Laughon, secretary, and W. S. McCrea, treasurer.

MORE CHANGES IN FREIGHT RATES

CHICAGO, July 29.—It is the prevailing opinion that the recent change in rates and basing centers on the part of the northern lines, whereby the rates from Chicago and the middle west were shifted for the benefit of the manufacturers east of this city, will be duplicated by the roads operating from Chicago to the Pacific coast. It now develops that other trans-continental lines have been importuned by trans-Missouri river retailers and jobbers to reduce freight rates generally from points east of Chicago and change the basing rate to New York. This would mean a general change in rates from points east of the Missouri river to Pacific coast territory.

NEW PLACER FIELD

LOS ANGELES, Cal., July 29.—Another big placer field has been discovered in the heart of the Mojave desert. The find is in the midst of the Newberry mountain district. A prospector chanced to try a pan of dirt and it yielded \$1 worth of dust. He went to washing for dear life and contained nine days, when his grub failed and he had to return to Dagget. He brought \$300 worth of dust as the result of his nine days' panning. The heat in that region at this season of the year is fearful, and water is extremely scarce, but Daggett, Barstow, Mojave, Needles and all the desert mining towns are being depopulated by the grand rush for the new field. There will be much suffering and many deaths as the result of this scramble for wealth.

BASEBALL PLAYERS AND FOOT RACERS!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, October 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c. Ballard's Snow Liniment, 50c. \$1.00 bottle. Sold by

BIG COPPERMAN IS TO HAVE BODY GUARD

BUTTE, Mont., July 28.—Serious apprehension is felt here of an attempt on the life of John D. Ryan, the new president of the Anaconda company and representative of the Amalgamated Copper company in Montana. For several days past a man has been following in the wake of the big copper man, but without doing anything which would land him behind the bars. When the Amalgamated representative leaves his residence on the West Side in the morning, the mysterious shadow is seen loitering across the street. When Ryan reaches the business section the shadow closes in on him and follows about 15 feet in the rear, stopping when Ryan stops. No steps have been taken to have the man arrested, as he has not spoken to the Amalgamated official, or in any way molested him beyond constantly following him about. The mysterious man is thought to be the same one who poured kerosene on the steps of William Scanlon, when the latter was the head of the copper trust. It is not known whether the mysterious shadow is a detective for the Heinze force or merely a crank. Most of the officials of the company incline to the latter belief and it is likely that steps will be taken to provide the head of the company with a body-guard, as was done during the Scanlon administration.
