MONROE PARK ADDITION Spokane's Finest Residence District

100 beautiful, level lots, five blocks to the north of the end of North Monroe carline, will be placed on the market Monday, October 3rd.

By actual measurement, these lots are as close in as where lots are sold for \$600. City water is conveyed into the park by a 6-inch main, and will be piped into the cross streets as soon as needed and streets will be graded free.

The soil is productive. There are no rocks to interfere with improvements and the making of beautiful lawns and gardens.

On account of its elevation, it will grow into one of the choicest residence districts of our city.

Money invested here will be better secured and bring larger interest than if placed in a savings bank.

Lots that now sell for \$100 to \$200, will, in a few years, sell for \$500 to \$700; they have done so in other additions not so favorably located. Lots will be sold on easy terms without interest. 15 per cent discount on sales of two or more lots.

The company will build a modern five-room house with one lot for \$1500.00, which it will sell on easy terms with low interest; other buildings in proportion.

We will be pleased to show you this property, for sale by real estate dealers.

THE PITTSBURG LAND & IMP. CO.

316-317 Fernwell Block J. W. OSBORNE, Gen. Mngr.

For the Small Apartment \$10.50

There is no cause for crowding the small room with a full size bed when a steel couch of this kind will prove just as comfortable and make just as good a bed. When not in use both sides may be let down, thus forming a perfect couch. The mattress and bedding need not be removed as a couch cover draped over will give it the appearance of a first-class couch. It is built entirely of steel and the springs are the best to be had. We have other styles at \$6.50 and \$9.00.

SPOKANE, Wash., May 4, 1904. Medical Lake Salts Mfg. Co., Spokane, Wash.: Gentlemen—About a year ago I was troubled with inflammatory rheumatism in my feet and was compelled to go about with a cane, and suffered a great deal during that time. A gentleman told me of Medical Lake Salts, which he said were good for that disease. I tried the Salts for six days and found it to be successful. I bathed my feet once every night in hot water in which the salts had been dissolved and then wrapped my feet in woolen cloths. I did this for six days and on the sixth day was able to walk without a cane. I can recommend it to any one for that purpose and appreciate the fact that it helped me. Yours truly, JNO. N. BLACKBURN. Room 9, Ricardo.
