

UMPIRE HELPS STEAL GAME

LETS HICKEY WORK THE OLD FOUL BALL GAG WHEN IN FIANS HAD GOOD CHANCE TO SCORE.

Table with columns: Won, Lost, P.C. Rows: Aberdeen, Tacoma, Spokane, Seattle, Vancouver.

Joseph Osburn didn't do a thing yesterday but pitch the game of his life—only the Indians couldn't win.

But the real key trick of the game was that of Captain Ed Hickey, who guards the third Slivashack.

Osburn allowed 3 hits, struck out 2 and passed 2. Allen, the young man Manager Dugdale secured from Little Rock, Ark., also did great work.

Tacoma won again at Vancouver, 4 to 2. Rah for uBtte. The Miners yesterday beat Higginbotham 2 to 0.

SPORTING SNAP SHOTS

Charley Neary has evidently hit the slide. Packer McFarland, of Chicago, beat him in 10 rounds at Milwaukee last night.

The Meadows race track at Seattle opens today.

Manager Dugdale has traded shortstops with uBtte. He gets Ed Bruyette for Stills.

Manager Schroeder is making a football of Jack Drennan, his right fielder. He has already released and resigned him twice.

Terry McGovern has made his debut on the diamond. He is seeking a berth as second sacker in the Connecticut league.

Tom Longboat, the world's champion long distance runner, is said to be going the way of other good redmen athletes, being quite fond of frowater.

Tommy Burns writes that Squires looks like the toughest fellow to whip that he has yet tackled.

John E. Madden has his eye on the great English Derby. He hopes to repeat Richard Croker's victory with King James.

Jimmy Coffroth wants to match Marvin Hart with some good heavy-weight. Marvin says he prefers Schreck.

Harry Baker, the California feather, is slated to meet Walter Little at Indianapolis. The date has not been determined.

J. Pierpont Morgan has become interested in racing. For the first time in many seasons he has taken a box at Sheepshead Bay.

GLASS OF TYPHOID GERMS Won't Hurt You if Your System is All Right

WASHINGTON, D. C., June 29.—In an interview, Dr. H. W. Wiley, the famous chief chemist of the agricultural department, made this astonishing statement:

typhoid germs if he is in vigorous health and may not get typhoid fever, because his system may throw off the poison, but if he is broken down, one of the germs will get hold of his intestines and produce ulceration and typhoid."

TOMMY BURNS DOPE

"THE COLOR LINE" By Tommy Burns There is a lot of talk these days about the "color line." It has been raised mainly over the challenges and aspirations of Jack Johnson.

People interested in the ring have been led to believe that the negro is better fitted for the great game. Where they have got the idea from no one knows. It is not so.

The hardest negro has serious defects and is not as good as the hardest white; he only looks harder. He is very weak in the abdomen, rarely has the sound pins of the white fighter and has shown the yellow more often than any other race under heavy punishment.

A SENSIBLE IDEA

One that should appeal to everyone, is to have a little home of one's own; one where the soil is fertile; where the water is never failing; where the transportation facilities are such that you are assured of a good market for your products; where you are not too far away from the city to enjoy its advantages, yet far enough away to escape its disadvantages. Sounds good, doesn't it, yet it is easily achieved. Just
