

TAKES LAST GAME FROM TIGERS

Table with 4 columns: Team, Won, Lost, P.C. Rows include Aberdeen, Tacoma, Seattle, Butte, Spokane, Vancouver.

The Indians outplayed the Tigers so far in the mud yesterday that it was a shame to take the money. The score ended 11 to 2 with Spokane on the lead end and finishing strong. Killlay pitched for the locals and gave 10 hits, struck out 5 and passed none. The Tigers got the series by 4 out of 7 games.

Franklin started to pitch for Tacoma but was removed after the third inning when the Indians scored 6 runs. Jess Stoval succeeded him and was likewise clouted with great satisfaction for 3 runs in the fifth and 2 in the eighth. The Indians secured a total of 15 hits.

Dolly Gray, who played short in place of Terry McKune, made the only error, when the Indians scored 7 errors, Little Breslin getting 3 of them out of 9 chances. Bill Carney was champion hitter for the Indians. Out of 5 times at bat he made 4 hits and 3 runs. One of his hits was good for 2 sacks. James made 3 singles, Rowen, Altman and Swindoll 2 each, and Stess and Gray 1 each.

Vancouver is here for the rest of this week, beginning this afternoon.

Over in Seattle Aberdeen met defeat, 2 to 3, with Allen pitching for Seattle.

THE CITY LEAGUE

Two games were played at Natatorium park yesterday, the first one resulting in the Powell-Sanders beating the Bradley Engineers 10 to 7, and the Union Iron Works beating the Varneys 7 to 1 in the second. Despite the rain there was a good crowd at each game.

The results changed the league standing, Powell-Sanders nosing the Union Iron Works out of third place.

IDAHO CRACKS WIN AGAIN.

At Coeur d'Alene city yesterday the Fairbanks-Morse team of this city was defeated 1 to 3. The lumberjacks had it on them from the start. Hansen, their pitcher, struck out 12 of McCallum's men and gave 5 hits. Jensen, who pitched for Fairbanks-Morse, gave 7 hits and struck out 1.

ST. LOUIS GRABS ROWAN.

Dave Rowan, the heady first baseman for the Indians, has been drafted by St. Louis. Rowan has been playing a steady game and leads the league in bases stolen. He bats about .275 and ranks among the leading players in his position.

WORTHLESS CUBAN OFFICIALS INVITE YELLOW FEVER

HAVANA, Cuba, Sept. 3.—In view of the report made by Gov. Magoon, at the request of Sec. Taft, the fact that stegomyia fasciata is again on the rampage in Cuba cannot be longer hidden from the public. Stegomyia is known in common terms as the yellow fever mosquito.

When, after the extraordinary precautions taken during the first American occupation of the island, Cuba was made safe, the gallant work of the army surgeons was praised throughout the land.

They made heroic sacrifice with no positive proof of the cause of the disease, experiments were necessary and volunteers from the army, as well as the surgeons themselves, freely offered themselves to science. This resulted in the death of Assistant Surgeon Jesse W. Lazear, but no other fatality occurred and a complete knowledge of the cause of the disease and proper methods of treatment and prevention were obtained.

When the Cubans resumed control of the government they made pledges and assumed treaty obligations to keep the island in as good a sanitary condition as it was left by the army. That these obligations have been almost totally disregarded by the Palma government is now known.

When the army of pacification arrived frightful conditions existed in some portions of the island, and obviously no attempt had been made to take even ordinary sanitary precautions. A cleanup of the worst spots was started, but in spite of this the dread fever broke out in Cienfuegos and up to the present time 12 cases have been found among the soldiers, 3 of which terminated fatally. There are 3 more cases, exclusive of the soldiers. In the vicinity of Matanzas, the popular American winter resort, 3 other cases have been reported. Gov. Magoon has discovered that in a number of cities there are inadequate water and sewer systems, and that the sanitary conditions cannot be improved sufficiently to prevent an epidemic until good ones are supplied. Plans are now under way to complete these with-

MINOR LEAGUERS' HARVEST TIME

WIPE OUT MONTE CARLO

PRESIDENT ROOSEVELT IS URGED TO LEAD CRUSADE AGAINST THIS PLAQUE SPOT OF CHRISTENDOM, WHERE UNTOLD MILLIONS ARE GAMBLING AWAY ANNUALLY, AND WHERE SUICIDE AND MURDER ARE TOO COMMON TO ATTRACT ATTENTION.

LONDON, Sept. 3.—Monte Carlo, the most immoral spot on the face of the globe, with its unparalleled list of ruined lives, suicides and murders, is to be wiped out, if the agitation against this plague spot of christendom now raging in England is successful.

Civilized sentiment against the notorious gambling den at Monte Carlo has been intensified by the murder of Mrs. Emma Levin by "Sir" ere Good, brother of an English baronet, and his wife, who dismembered her body, placed it in a trunk and carried it with them to France. They were arrested at Marseilles.

The Goodalls had borrowed a large amount of money from Mrs. Levin and had lost it on the gambling tables at Monte Carlo. She pressed them for payment and they killed her.

On the same day on which this ghastly crime was committed a young Englishman and the American girl whom he had married ended their lives at Castellamare. They were on their honeymoon and had lost every cent they had at Monte Carlo.

When the gambling season is at its height there are sometimes 20 suicides a day at Monte Carlo. It is no uncommon thing for a man—but quite as often it is a woman—to stake his last dollar on a play, and then, having lost every-

rate of profit making is maintained he will receive \$3,000,000. The annual profits of the gambling den are \$6,000,000. The concession to the present company has 40 years more to run, but this fact does not disturb the anti-gamblers, who declare Europe should not recognize any legal rights of the company to continue the operation of a plague spot.

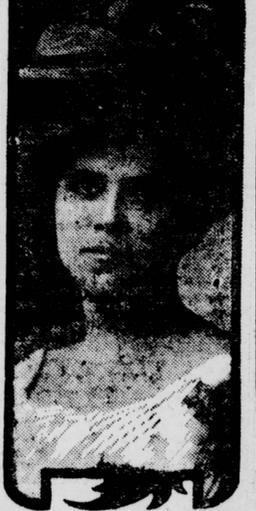

THOMAS NO MATCH FOR MONTANA BOY

After 32 rounds of desperate fighting between Young Ketchell of Butte and Joe Thomas of San Francisco last night, the latter's seconds threw up the fight and Ketchell was winner and undisputed welterweight champion. He had Thomas helpless from 4 successive knockdowns. Ketchell is but little known. The first surprise he sprung upon the sporting public was when he made Jerry McCarthy quit in 12 rounds. He had a few small battles after that, and then, a few months ago, he fought Thomas to a standstill in 20 rounds. Thomas was caught out of condition. But he was conditioned for the fight of his life this last time and the result was the same, clearly demonstrating the superiority of the Montana bell-hop.

Billy Roche, the referee, said it was a victory of a fighter over a boxer. At that Joe Thomas is a fighter, too, as well as a boxer. He had everything that should have won for him. He can outbox Ketchell and is as hard a hitter, for there is no man of Thomas' weight in the ring today who has a stiffer punch. But Ketchell won, and, therefore, his title is undisputed. Honey Melody whipped Wolcott, Thomas whipped Melody twice and was given credit for the title of welter champion.

TYPEWRITER GIRL A PRIMA DONNA

CHICAGO, Sept. 3.—An American woman is she who is to be the shining musical light—the prima donna—at famous Convent Garden next

MRS. CORINNE RIDER KELSEY.

spring. This American woman, Mrs. Corinne Rider Kelsey, was not so long ago, a typewriter girl and bookkeeper at Rockford, Ill. She worked hard in a business office and saved her money, so that she could go to the College of Music at Oberlin, O., and now she is to sing the important roles of Mimi in "La Boheme," Michaela in "Carmen" and Zerlina in "Don Giovanni."

Mrs. Kelsey, after leaving Oberlin, went back to Rockford and became a choir singer. Then, five years ago, she went to study in New York. She sang in great Metropolitan churches, and during the past two years she has made a great reputation in concert.

Manager Henry Higgins, of Covent Garden, south her out last June, and she signed a contract at a figure which is in itself a fortune. Her debut is looked forward to with interest in the musical world, for she is the first American singer, trained solely in America, who has, without preliminary operatic training or experience, been honored by a principal role in a Covent Garden production.
