**MEN'S SUITS**—You cannot buy these in any other store in western America at less than \$20.00, and many of the \$20.00 lines are not half so good. An assertion like this is easily made, but demonstration is somewhat more difficult, and while we do not claim to be the only good clothiers in the country, we do claim that no one can undersell us and few in this section of the country can nearly equal Wonder values. These suits are made by the best clothing men in America. The cloths are all wool, the linings are the best; every garment is hand finished and is as carefully tailored as any made to measure suit. All the new shades—olives, browns—and, as well, the more staple gray and blues, are included in the assortments, and all sizes are shown. There are 125 suits here, none of them worth less than \$20.00, but you can get your pick of the entire lot at the end of the week at, each.....**\$17.50**

These garments are the coats for wear in the Inland Empire, where we have so much rain and snow. They are as warm as a heavy cloth coat and they wear better. We make a special effort on Saturday to make the merits of cravenettes known to the people of the district; coats that are sold in other stores at \$18.00 and \$20.00 are on sale at the Wonder **\$16.50** at, each.....

**A SALE OF BOYS' SUITS**—The best \$5.00 suits that are turned out by the leading manufacturers of the country; cloths are guaranteed, colors are good, garments are carefully tailored and finished, and all sizes are included in the assortments. The Wonder price for \$5.00 suits is.....**\$4.65**
