MOST POPULAR DANCE, SONG, JOKE, GAME AND STYLES IN SPOKANE TODAY

Whims? Whew! Did it ever occur to you how much hustling you have to do if you are going to run an even race with the times of a great city and be, in the words of the poet, a "live one"? No? Yes? Well, you'll find that before you get through you will have done some tall calculating, and even then if your country cousin happened in on you and by way of extracting a little information from your stock in trade, he should ask you what is the latest dope in duds or what would be the most fashionable edible to order in a downtown restaurant or what tune the boys are whistling most on the street or what "gag" to spring in order to appear strictly "on the job," could you conscientiously tell him? Could you inform him as to the newest shades in pajamas or what sort of skirt would be the classiest thing to take home to his better half? Could you teach him the latest steps in dancing, or tender him anything but "a stack of hots" and be certain that they were "right off the griddle" unless it happened to be in your own particular line of business? MOST POPULAR DANCE. A charming little miss, who ought to know, says the "Merry Widow" waltz is the up to datest one for the light fantastic tone, but "maybe that's because the show has just been to town," she adds. Perhaps it is the "Cubanola Glide" or the "Lacemas," which is a conglomeration of the "Montana" or "Baltimore" and the regular old fashioned two step and the waltz. Hash, as it were, for supper, made out of the leavings of the ballroom breakfast.

He is not a licensed physician, and his plan is to hire doctors and thus avoid the law. He is considered a faker of the first water here.
