IMPORTANT

Every lot in this charming, ideal residential section will be closed by Wednesday night. Everybody likes Hiawatha Heights and so will you.

Get away from the city's din and bustle and build your home where nature is always at her best and where you can enjoy home comforts and still be within 15 minutes' ride from Howard Street and Riverside.

Lots in this ideal residential district have sold like hot cakes. **WHY?** Because they're what the people want and they are dirt cheap, too.

They are going fast, and if you want one you'll have to hurry.
