NEW MICHIGAN FACULTY MEMBER PREFERS DUELING TO FOOTBALL

ANN ARBOR, Mich., March 26.—Prof. C. L. de Muralt, who at the beginning of the next college year will become head of Michigan's electrical engineering department, is an advocate of fencing for physical culture.

PROF. C. L. DE MURALT.

Although in the early thirties de Muralt is an engineer of repute in this and foreign countries. He is a graduate of several European universities and, like than one of its number became king of his country. It was a signal honor for de Muralt, an American of Swiss descent, to be elected to the corps.

SPORTORIALS

"Slimmy" Murch is now listed as the regular third sacker for the Indianapolis team. He is hitting the ball well.

E. A. Donalds, young pitcher signed by St. Paul, won all the games he pitched in the Capital City league in 1909.

There will not be many sore arms in the camp after the first three days out. Stomach muscles and those that are strained in the

back and the legs cause most of the misery. Nearly everybody will be more or less afflicted, but it won't be many days before they can flash around without creaking in the joints.

It looks as if "Wild Bill" Donovan is due for another poor start this season. The Tiger's big twirler is having trouble with his salary wing and will be compelled to discontinue practice for a while.

WESTERN BOWLING CONGRESS MEETS

(By United Press Leased Wire) SAN FRANCISCO, March 26.—Bowling men from all parts of the country will meet tonight for the opening of the Western Bowling congress here.

In addition to a series of games, the congress will elect officers. J. F. Morley of Los Angeles has announced his candidacy for the presidency.

The games will begin tonight at 8 o'clock at Jefferson hall. The first hall will be rolled by Mayor McCarthy, following speeches of welcome and responses by leading bowlers.

In addition to the games, the visiting teams will be escorted on sightseeing trips during the day by members of the local teams.

Three tournaments will be held and two score teams have entered.

AWFUL! SUPPOSE WOLGAST HADN'T TRIPPED JUST WHEN HE WAS GOING TO SMASH JEFF!

Two Champions, Wolgast and Jeffries, Mixing Things at the Latter's Home in Los Angeles, California.

Special Correspondence.
LOS ANGELES, Cal., March 26.—If Ad Wolgast hadn't turned a back somersault over a garden hose, there's no telling what might have happened.

Jeff and Wolgast are great friends. Ad's first appearance on the coast was before Jeffries' club and since then the big ex-bowler-maker has taken a keen interest in the doings of game little champ.

"You're on," laughed Jeff. The two champs went out behind the barn to settle it, and the picture man followed them. Jeff fell into a crouch and Wolgast started after him. They danced around and slapped with open hands.

CO-EDS TRY TO LIFT CANDY ARBITRARY

ST. LOUIS, Mo., March 26.—In order to lift a candy tariff on transportation, the co-eds who live at McMillan hall, Washington university, are organizing a walking club.

TWO AVIATORS TO FLY HERE

Charles K. Hamilton, the famous aviator, who performed with so much success before the crowds at Los Angeles, and who is becoming famous all over the country, will be in this city next Wednesday morning.

With the arrival of Hamilton, Spokane will be the host of two famous aviators. Walter Donnelly, who is in charge of the Curtiss biplane on exhibition at the auto show, has been here for several days.

Another young woman, Miss Isabel English, has signified her willingness to accompany Hamilton in a flight through the clouds for the prize of \$50 offered by Harry Green, and to be given away on April 1, when Hamilton makes his first ascension. The meet will last three days and will be held at the Interstate fair grounds.

Donnelly has telephoned to Portland in an effort to secure an eight cylinder engine within the next few days so as to be able to make two or three flights before the arrival of Hamilton.

A FAST GAME IS EXPECTED TODAY

A close game is predicted between the baseball squads of the North Central high school and the Spokane college when the boys meet at Natatorium park this afternoon. Both teams are reputed to be faster than they were last year and both are very anxious to win, as this practice game means much to the early success of the team.

JOHN BULL NOW COMING AFTER CUP MEADOWBROOK POLO PLAYERS LIFTED

CAPTAIN HARDRESS LLOYD.

Of all the bombs we have tossed into English sport, none created the furor that followed the defeat of the nation's crack polo team at the hands of the Meadowbrook club last year.

England has become callous to seeing her pugilists, athletes, wrestlers, tennis players and yachtsmen downed; but that a blasted Yankee polo team could invade the sacred precincts and win a match was something so entirely unexpected that it became almost a national calamity.

Right now all the great polo players in the united kingdom are getting together to help retrieve the lost honor. Captain Hardress Lloyd, D. B. C., whatever that means, has been chosen to lead the cream of the polo world to this country, to regain the cup taken away by the Meadowbrooks.
