

NOTORIOUS MISRULE OF THE PRESENT POLICE DEPARTMENT

HERE ARE A FEW LATE DEVELOPMENTS IN THE EXPOSE OF THE POLICE DEPARTMENT.

Within the past week two women have told The Press that while they were in the lodging house business in Spokane an officer now on the force called weekly to collect tributes, and that he received in this one house alone from \$10 to \$20 per week.

Another party will testify to a notorious woman, who made her boast that she had no fears of the police, making an appointment to have an officer call at her room at 4 o'clock in the morning; that the officer called and over the protest of the clerk of the house went to the room and there remained for hours.

Another party will testify that an officer sent in pursuit of man who had committed a deadly assault went to her lodging house and there remained from 8 until 11:30 in the evening, when he telephoned into police headquarters that he had

been very busy looking up several clues and would now go home for the night.

Another woman will testify to officers coming to her lodging house and remaining for hours at a time when they were supposed to be out on their beats, that the said officers were on very friendly terms with the women about the place, and that these officers are still on the police force.

It can be shown that some lodging houses are running as notorious houses and are never bothered by the police, while others, which rent rooms only, are continually hounded on the least provocation.

It can be shown that there is a gross abuse of the privilege of fixing bonds by the police, that through the practice of having defendants forfeit bonds the police of Spokane virtually become judge, jury, court and all.

It will be shown that defendants released on bond have been urged by police officers not to appear, that it is useless to fight the case, and that as well let their bond be forfeited.

That gambling is permitted in some places, in large amounts, while the town is supposed to be closed; that the police are aware of this condition, and that in one instance a policeman was called upon to force the return of two checks for over \$300 lost playing poker, without an arrest being made.

A TWO-FACED BALD HEAD

The latest thing for hairless men is having their portraits tattooed upon the tops of their heads. The picture shows how an Englishman had his bald spot decorated.

ROBBED BY MASKED MEN

Two armed and masked highwaymen held Carl Wilson of the Liberty hotel quiet at the points of revolvers, near the south end of the Monroe street bridge this morning, while they relieved him of about \$20 his pockets contained. It was about 2:30 a. m. that the robbery occurred.

Wilson was returning to his hotel and was about to turn off the south approach of the bridge to pass the S. A. C. building, when he was confronted by the two dark forms and a low slitten command to "put 'em up." It was too dark for him to secure a good description of either.

MILK IS GOING TO CLIMB

Another body blow has been sent right to the dairy farmer's pocket who pays for his meals at so much per pound.

The restaurant men defend themselves in raising the price of meals by saying that the price of things they serve justifies them in the boost.

The advance in the price of meals is not a concerted move, it is said, and the organization to which hotel and restaurant men belong are not backing the advance. Here is the way one restaurant man talked about it to The Press.

"We buy an entire beef at a time and I know that the price has nearly doubled within the last eight months. Eight months ago we paid 16 cents a pound for chickens. It costs us 26 cents a pound to get them now. In the period I refer to pork has gone up three cents a pound and there has been a like advance in the price of mutton.

But, say, that story about the wonderful advance in the price of kidneys that appeared must have been written by a funny man. I have been in the restaurant business for a good many years and all that time kidney and liver sold at the same old price."

Dairymen served notice on restaurant and hotel proprietors today that they would advance the price of milk 2 1/2 cents per gallon next week. This is a new departure, for as a usual thing the price of milk is reduced at this season of the year.

"GENTLE" METHODS

When officers Dial and Warner came to our room, they seemed surprised that there was a woman there. Warner at once set my wife down as being an improper character, and asked us if we were married. We said we were and showed him a little book the minister gave us, but we did not have our marriage certificate. Warner looked at the book and threw it on the table, saying it was not worth a damn. He told us we had gone up town and procured that book and got a justice of the peace to make the entry. In it for a few dollars for a bluff.

We proved to him that we were married and exhibited a check for \$56.55, given to us jointly by the Western Union Telegraph company. Warner told us we were liars and said he knew us from away back. He said he knew what we had been doing before we came to Spokane, although we have been in the west for a few months. He charged my wife with "rustling" for a living and I was profiting from her earnings, in spite of the fact that the check I exhibited to him was issued for labor for a telegraph company. I resent this accusation and told Warner so in plain words. Warner then jumped up, in a fit of wrath, and making a movement toward me, said:

"Don't you talk back to me; I'll give you people a dose of it you will never forget."

Warner was at this time absent from the room, and Warner then told us to prepare to go to the station. We asked him if we were under arrest, and he said no; that he wanted to take us down to the station to investigate. He repeated a number of times that we were not married and that he would show us. We had supper about ready to serve, and asked him for permission to remain and partake of it, but he refused, saying that we could eat when we came back.

We were detained at the police station two hours without any charge against us and Sgt. Dial, from an adjoining room, stuck his head in from the looking window and shouted out to the desk officer in a sort of Simon Legree tone of voice, "book these people."

I asked him what they were going to book us for and Dial said: "I don't know, you will find out in the morning."

Our names were entered on the books but no charge was placed against us. I asked Dial if we could give a bond, to which he replied in a gruff tone of voice:

"You can if you don't get all night about before the judge and get what is coming to you."

While we were being booked, a crowd of men, some of them city firemen and other hangers on, were permitted to look in and make remarks to us. To them Mrs. Davis said:

"Oh you needn't laugh and make fun of me. I am innocent."

Then they yelled, "Oh you kid," and "this is the hell of a time of day to come and see him." I remarked, "excuse me, I did not mean to insult you by asking you a question."

"At 1:40 p. m. I had a bondsman work and to trips to the jail to secure his release, and then it was only accomplished by a threat of habeas corpus by our attorney if my husband was not released in 20 minutes. Mrs. Frank Davis.

"The next morning at 10 o'clock I called at the jail to see my husband. I told the officer at the desk I wanted to see Mr. Davis and he replied, 'Who in the hell is he?' Two women were behind the desk at the time. When I told them that my husband had been arrested during the night and that I wanted to see him they replied, 'This is the hell of a time of day to come and see him.' I remarked, 'excuse me, I did not mean to insult you by asking you a question.'"

"REGULARS" MAKING A LAST STAND

DRIVEN TO WALL BY INSURGENTS-TAFT URGES REGULARS TO STAND PAT.

(By United Press Leased Wire) WASHINGTON, May 3.—Driven to the wall by the attacks of the insurgents, but urged to continue fighting by telegrams from President Taft, the senate regulars today began a struggle to save such remnants of the Taft-Ellkins railroad regulation bills as they can force to passage.

That the bill as finally passed will be very different from the one originally planned by the chief executive, is admitted generally today. Senate regulars have agreed to abandon entirely provisions and sections to which the insurgents object and for which they offered substitutes and amendments.

When the bill has finally passed the senate there is danger that it will lose still other of its provisions in conference, as it now seems very probable, according to republican leaders, that the senate bill and house bill will be very different.

The senate regulars, in order to avert complete surrender to the insurgents, had agreed to give up the section permitting traffic agreements, and the section allowing mergers. The insurgents have fought both these sections and the regulars decided to eliminate them entirely, rather than permit the bill to be killed or the provisions so changed that they will incorporate the ideas of the insurgents. In the section providing for the supervision of railroad stocks and bonds by the interstate commerce commission may also be dropped by the regulars.

(By United Press Leased Wire) PORTLAND, Ore., May 3.—Because he gave England an option on the Clement-Bayard dirigible airship No. 2 when his own country wanted it, Clement, the designer, has brought down upon his head a storm of wrath. Frenchmen are bitterly denouncing his action. Clement's only hope to get back into the good graces of the French nation, it is declared, is to have Clement-Bayard No. 3 in shape to sell to France by the time No. 2 goes to England.

Clement is at present waiting for suitable weather conditions to make the flight from Paris to London in No. 2.

JEFF HAPPY AS A KID TO BE WITH HIS WIFE AGAIN

(By United Press Leased Wire.) ROWARDENNAN TRAINING CAMP, May 3.—Happy in the thought that he will be reunited with his wife tonight, after a three weeks' separation, Jim Jeffries was as cheerful today as a small boy with his first pair of red-top boots. The big fellow was in an unusually jovial mood this morning, joking with his road mates throughout the hike to Boulder creek and return.

Farmer Burns has received a letter from Frank Gotch in which the champion wrestler says he will join the camp on or about May 25.

(By United Press Leased Wire) WASHINGTON, May 3.—Driven to the wall by the attacks of the insurgents, but urged to continue fighting by telegrams from President Ta
