**MORE EARTHQUAKE SHOCKS.**  
(By United Press Leased Wire)  
WASHINGTON, May 14.—Seismographs at the weather bureau, Georgetown university, and at the coast and geodetic survey magnetic observatory at Cheltenham, Md., recorded earthquake shocks of 48 minutes duration early today. The tremors were unusual because of the alternating directions.

## WAITERS THINK STRIKE HALF WON

With over one-half of the restaurants of the city lined up under the new wage contract, the striking members of the cooks', waiters' and waitresses' allied unions are hopeful today as to the eventual success of their efforts to secure better wages and improved conditions.

There is energy, activity and a feeling of anticipated success in evidence at all times at the headquarters of the allied crafts, on the second floor of 722 First avenue. A constant stream of the striking hotel and restaurant employees is trooping up and down the stairs; waiters and waitresses are prepared for a long and hard fight, if the situation requires it. They have the backing of the trades unions of the city.

## VERY MUCH IN EARNEST.

One thing is apparent about the headquarters of the strikers—they are very much in earnest. They feel that their cause is just, that their demand for wages is fair, and that a fair and impartial public will eventually step in and ask that justice be done. The striking cooks, waiters and waitresses are prepared for a long and hard fight, if the situation requires it. They have the backing of the trades unions of the city.

## JOHNSON STARTS TRAINING SUNDAY

BY THE RINGSIDER.

(By United Press Leased Wire)  
SAN FRANCISCO, May 14.—The mob will beat it for Seal Rock house tomorrow afternoon, where Jack Johnson will do his first boxing. The negro has not decided who he will take on or how many rounds he will go, but one of his opponents, according to present plans, will be Joe Thomas, who is training in Johnson's camp for his fight with Billy Papke at Dreamland next Thursday night. Johnson did his usual stunt on the road this morning, covering a little more than twelve miles and taking in all the hills.  
Percy Cove, the Seattle freak, fought rings around Lawrence Granfield, former featherweight champion of the Pacific coast, in their four round bout at Dreamland last night. Cove almost finished Granfield in the third, and only the cleverness of the local boy saved him from going out in the fourth. Harry Dell was outpointed all the way by Jimmy Carroll, the latter having a good margin in each of the four rounds fought.

## LOGANS WIN NORTH SIDE CHAMPIONSHIP

Winning from the Holmes school team by a score of 15 to 4, at the Natatorium park grounds this morning, the Logan school boys won the north side championship in the B section of the grammar school league. Now comes a series of three games with the Emerson school, south side champions, for a decision of the city grammar school league championship.

## TAFT LETTER CLEARING BALLINGER BEGUN BY LAWLOR

Sensational Assertion Made By One of Ballinger's Stenographers Made Public.

(By United Press Leased Wire)  
SAN FRANCISCO, May 14.—Representatives of the Scripps newspapers in Washington, the News special says.  
The statement follows: "My services with the government began in the spring of 1905. In February, 1906, I was transferred to the bureau of corporations, department of commerce and labor. James R. Garfield was commissioner of corporations. In July, 1906, Hugh A. Brown, Garfield's private secretary, made me a clerk in the commissioner's office. On March 14, 1907, Garfield was made secretary of the interior. Later in the month Garfield took James G. Massey and myself over as stenographers in his new office.  
"Massey and I both served under Garfield until he retired and Ballinger was made secretary. Just before he left, Garfield called Massey and myself into his private office. He said complimentary things

## WHO GOT THE \$150 BAIL MONEY?

Chief Sullivan Seems to Be Dodging the Issue.

No explanation has yet been offered by the police department as to what became of the \$150 of forfeited bonds that disappeared from the Chinese gambling case of Dec. 28 last. The original bonds posted amounted to \$300, of which only \$150 entered the city treasury.  
It is now learned that other bonds have been "sliced down" in the same manner after reaching the hands of the police. The question is, by whose authority was this done, and who got the money.  
Chief Sullivan, in an interview, explains why Officer M. V. Pitts was transferred from the position of desk man to that of night patrolman, but does not show what became of the \$150. Sullivan says that Pitts was dissatisfied, that he wanted more money, which the chief says he could not give, and that for the greater efficiency of the department Pitts was reduced to the rank of a patrolman and again made to walk a beat.  
Sullivan also says that Pitts talked too much, but there is no record that he said anything in explanation of the disposition of the \$150 of bond money that first reached the hands of Pitts as booking officer. Since Chief Sullivan has dodged the issue it is now up to Officer Pitts to come forward and give the facts.

## COMET MAY INTERFERE WITH COMPASSES

(By United Press Leased Wire.)  
PORTLAND, May 14.—In a government bulletin issued by the hydrographic office, which has just been received here, fears are expressed that the close approach of Halley's comet to the earth, beginning next Monday and lasting until Thursday, may seriously interfere with ships' compasses and wireless messages.  
The bulletin says in part: "It is possible that during the approach and recession of Halley's comet unusual electromagnetic phenomena may occur. Electro-magnetic waves may be set up by electrical discharges or meteoric particles, in which case disturbance would be observed in the receiving apparatus of wireless instruments. The maximum effect will be observed between the 16th and 20th of May, and particularly on May 18th."

## LATE NEWS BULLETINS

(By United Press Leased Wire)  
WASHINGTON, May 14.—Attorney General Wickersham today sent the so-called Lawlor memoranda to the Ballinger-Pinchot investigating committee.  
ROME, May 14.—The Tribunal says today that the pope has written to King George V congratulating his majesty on his demand for a modification of oath of accession. The king's demand included the exclusion of paragraphs objectionable to Catholics.  
PORTLAND, May 14.—W. H. Alford, a painter, who was nearly roasted to death on the roof of a burning building which he had tied himself to with a rope to prevent falling, died in the Good Samaritan hospital from the burns today.  
SAN FRANCISCO, May 14.—Policeman William T. Maguire probably will recover from the wound in the abdomen received early this morning in a duel with an unknown burglar, whom he succeeded in killing. It is believed the bullet lodged in the muscles of the back and not the intestines, as at first thought by the physicians.

## SULLIVAN FORCED TO PROSECUTE GILDER

John T. Sullivan, chief of police, was forced to undergo the humiliation today of personally filing charges against L. D. Gilder, the policeman he has so long and strenuously defended, and seeing Gilder disgracefully dismissed from the force by the board of police commissioners.  
Sullivan was compelled to appear in the role of prosecuting witness against the man he had defended in spite of all the affidavits published in The Press, whom he had whitewashed in three or four investigations, the last being by the lamented committee appointed by the mayor.  
Sullivan was present today at the finish of Gilder as an officer on the Spokane police force, and saw his favorite kicked off the department without ceremony.  
There were three witnesses against Gilder—Rose Elliott, the girl in the case; Chief Sullivan, and Prosecutor Pugh. The Elliott girl and Gilder are prisoners at the county jail and were brought before the hearing in custody. The Elliott girl told the board of police commissioners of her relations with Gilder while they jointly inhabited the rooms at E1325 Sprague ave-

## THAT HOO DOO 13

SEATTLE, May 14.—Any one doubting the ominous significance of Friday the thirteenth is apt to become decidedly unpopular with the three saloonkeepers of the village of Snoqualmie and their customers.  
Snoqualmie is located in the eastern part of King county, in the foothills of the Cascade range on the Milwaukee railroad. A dispatch today says that the town voted "dry" in a local option election yesterday by a majority of 13.
