

# ROADS AND SHIPPERS AT WAR

(By United Press Leased Wire.)

CHICAGO, June 3.—Railroads and shippers today are completing "war plans." Both sides are preparing for a big struggle over the rate question. Following the filing of rate increases yesterday by the eastern and central western railroads, the shippers are preparing to take measures to keep the rates from going into effect. On the other hand, the railroads, enjoying the federal courts from allowing their rates to take effect are meeting to form plans to fight the case.

The leading commercial organizations of nineteen cities will meet here Tuesday to decide whether they will seek injunctions or whether their fight against the rate increase will take some other form. Following a statement today by the attorney general that the government would fight the railroads, provided the proper complaint is made to the department of justice and evidence is filed showing collusion between the railroads in increasing rates, it is considered likely that the commercial bodies will file complaints at Washington.

Another important meeting in the rate fight will be held here Monday.

(By United Press Leased Wire.)

WASHINGTON, June 3.—The senate today adopted Burton's resolution instructing the interstate commerce commission to report to the senate all available information regarding the proposed advance in railroad freight rates, and to furnish 100 examples of how leading commodities will be affected by the rate increase.

## STORM DAMAGES CROPS

(By United Press Leased Wire.)

CHICAGO, June 3.—Produce dealers today estimate that crops were damaged to the extent of several hundred thousand dollars by the storm that has been sweeping over the northern part of the Mississippi valley for the last 14 hours. The storm, which was accompanied by hail and snow, broke unexpectedly and without warning from the weather bureau.

# TEDDY, JR., TO WEAR COAT WITH WIDE TRIMMING AT WEDDING

(By United Press Leased Wire.)

NEW YORK, June 3.—Theodore Roosevelt, jr., will be garbed in a long, flowing cutaway coat with wide braid trimmings and flaring tails, when, on June 20, he marries Miss Eleanor Alexander. Whether the other principals in the wedding, which will be a society event, will likewise discard the tried and trusted frock coat for the latest English creation is a question which today is agitating the "very best people" along Fifth avenue.

Young Roosevelt's apparel is to be the very latest London idea of the proper thing for "day weddings." His decision to follow the English fashion has caused almost as much discussion as the announcement of the detailed plans of the wedding, made recently.

# TO FORM CENTRAL FEDERATION

(By United Press Leased Wire.)

To the Officers and Members of the Various Improvement and Social Betterment Clubs of the City: Gentlemen—You are hereby requested and urged to send at least one representative of your organization to a meeting to be held at the offices of the Stratford Irrigation Co., 315-16 Mohawk block, Friday evening, June 10, at 8 o'clock, for the purpose of taking the preliminary steps necessary for the formation of a central body or federation of all such organizations, whereby we may all work together with a united energy and organized effort in matters of common interest and for the general good of all sections of our city.

E. J. Tamplin, president, North Hill Improvement club; G. C. Corbaley, president, Fifth Ward Neighborhood club; A. J. Sims, president, Hay's Park Improvement club; R. A. Munro, president, Northwest Civic Improvement club; E. Pittwood, president, East Sprague Improvement club; J. E. Foster, president, Fourth Ward Commercial club; Dr. Geo. T. Penn, president, First Ward Improvement club; Frank K. Shaw, president, Manito Park Improvement club.

# DRAYMEN REFUSE UNION'S DEMAND

(By United Press Leased Wire.)

PORTLAND, Ore., June 3.—The draymen's association voted today to stand out against the demand of striking team drivers for an increase of 25 cents a day in the wage schedule. Employers admit, however, that the situation is really serious. Incoming freight is piling up at the freight depots. Great losses in perishable freight are reported.

All barns belonging to members of the association were picketed today by strikers. No driver, union or non-union, was allowed to work.

# NO MORE VACATION JUNKETS

(By United Press Leased Wire.)

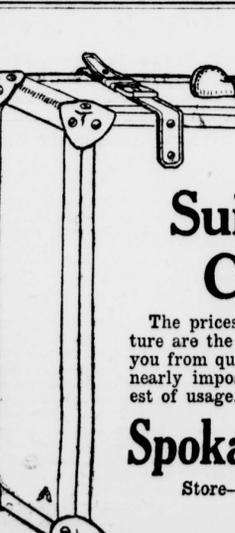

WASHINGTON, June 3.—Vacation junkets to the national parks and forest reserves, combined with business supervision, no longer are the prizes held before the eyes of the men in the forest service here. Under the old regime, Chief Forester Gifford Pinchot inaugurated a policy of combining the men's vacation with an inspection tour of the forest reserves, to give them practical knowledge of the service. This year Secretary of Agriculture Wilson has issued an order that the men must stay at their desks.

# CHINA FEARS ANOTHER OUTBREAK

(By United Press Leased Wire.)

LONDON, June 3.—All legations and consulates of China have been warned of an impending outbreak, which it is feared will surpass the boxer uprising. Missionary societies here today are demanding that England intervene to prevent an uprising and to save the lives of white men and women in the flowery kingdom. The warning was sent out by Chinese revolutionary leaders, who declare they will be powerless to prevent attacks on foreigners when the uprising comes.

# MADELIA STREET AS COMPROMISE

(United Press Leased Wire.)

EPSON, England, June 3.—Rosedrop, a 3-year-old filly owned by Sir William Bass, won the \$50,000 Oaks stakes today at odds of 7 to 1. She finished four lengths ahead of Evolution, owned by J. M. Usker; Parnell, entered by Reed Walkers, ran third. Odds on Parnell were 25 to 1.

## WHERE IS THE DRAG

The people and make the demand for new meters greater is to put the screws to the fellows that have not got meters. In the way of unfair water rules. Let the man with the meter use automatic sprinklers or any other old thing, but put the lid on the fellow that is on the flat rate. This has had the effect of creating a lively demand for meters, not from the little consumer, but from the big man, with the fat bank account.

Water inspectors are under orders to let the man with the meter do as he pleases. And the orders will be obeyed by the inspectors, regardless of what the city council has said to the contrary.

## LONG TIME COMING

At the present rate of the installation of water meters it will take about five or six years to get the people supplied with enough meters to go around.

Last month 448 meters were installed, or at the rate of about 15 a day. The rate of increase of new water consumers since January 1 last is over six a day, making the net increase in the installation of new meters, as compared with the increase of consumers, something like nine daily. At this rate it will take between five and six years to switch the 19,000 patrons of the water plant over to the meter system.

## LABOR WILL FORCE POLICE PROBE

other arms of the public service and refused to act.

It is now up to labor and all good citizens to write clean, honest, and to unite in some other form of inquiry or investigation and through the aid of publicity attain the ends that it were hoped could better be secured by the secrecy of the grand jury room.

A meeting of the committee of fifteen of the Central Trades council will be held Sunday afternoon, at which the report of the judges will be considered and a report made to the labor council next Monday night.

The fight for the exposition of official dishonesty will go on just the same, whether the judges have a grand jury or not. This investigation, as time progresses, will be extended to the judicial arm of the county government, as some things have transpired in this respect in late years that needs looking into.

## ALLEGED ANARCHISTS ARRESTED.

(By United Press Leased Wire.)

TOKIO, June 3.—Shushi Lotoku, a writer, is under arrest here, alleged to be the ringleader of a number of anarchists who, according to government officials, were plotting to assassinate Marquis Kasura and other members of the cabinet. Several well known agitators, including two women, are also in custody.

# BRIDE OF ONLY TWO MONTHS WEEPS; BOY HUSBAND IS IN JAIL

With head bowed and eyes dimmed with tears that will not stay back, Glenn Boughton, a young Spokane registered mail clerk, charged with the embezzlement from the mails of \$2,000, belonging to a Lethbridge, B. C., banking house, is suffering the last of pangs contained within prison walls here today.

Boughton, though a beneficiary of two months, is but 21 years of age, and is a boy in face and act as well as in age. He seems in deep remorse now, thinking of the disgrace he has brought upon his girl bride and perhaps is thinking of a mother way back east, watching the trains for his return to the old home place.

# MADIELIA STREET FLIPPED COIN FOR AT-TORNEY.

Hereafter there will be a change of methods in choosing attorneys in civil actions in Justice S. C. Hyde's courtroom. A coin was flipped as to who would try the case of Mrs. Charles Riley in garnishment proceedings, and Attorney James P. Dillard won out.

# A NEW TRIBE OF PYGMIES

(By United Press Leased Wire.)

LONDON, June 3.—A tribe of pygmies heretofore unknown to the world, has been discovered in the Siam mountain district of Dutch New Guinea by an expedition of British explorers, according to word just received in London. The little people average 51 inches in height.

# SAYS HUSBAND LEFT WHEN BABY WAS THREE DAYS OLD

Two suits for divorce, by women in each case, were set aside by Judge Hinkle this morning to obtain further evidence.

The suit of Josephine Lonsdale, who claims that John Lonsdale deserted her two years ago and she had not heard from his since, was set June 30. The couple were married at Oakland, Wis., April 1899.

That of Christina Storka against A. Storka was continued. The wife claims that Storka left her and a three days old babe and eloped with another woman. They were married Aug. 27, 1907, at Fargo, N. D. A letter was read in court from Storka, in which he says he is willing that his wife should obtain a divorce, and that he will furnish the money with which to get it.

# "FLAT BREAST" DIVE NEARLY FATAL

Diving "flat breast" upon the water in the swimming pool at Natatorium park yesterday afternoon, Frank Keating, manager of the Sandpoint, Idaho, theater, caused himself to be rendered helpless and he came near being drowned before two of his companions came to his rescue. He had gone down for the third time, when the yelped in and pulled him from the great pool. Though they rolled him on a barrel, they were unable to resuscitate him until he was hurried to St. Luke's hospital, where he regained consciousness several hours later.

# TO FLY FROM ENGLAND TO GERMANY

(By United Press Leased Wire.)

PARIS, June 3.—Count Jacques De Lesseps, the aviator who recently flew across the English channel from Calais, landing near Dover, today wired his congratulations to Captain Charles Stewart Rolls, who yesterday flew across the channel and back again.

The next attempt probably will be a flight from England to Germany across the North sea. This is something well worth striving for, and I expect to see it accomplished within a year.

# BOY DIES IN MOTHER'S ARMS.

From abdominal injuries sustained while at play with his little brother, Stanley Tarbox, age 15 years, of Esk, Wash., died yesterday evening at the Sacred Heart hospital. The lad was running with his little brother on his back, when he stumbled and fell into a pile of fence rails. He was just being laid on the operating table at the hospital, to undergo an operation for intestinal obstruction, caused by the injury, when he breathed his last. He was in his mother's arms at the time.

# TIME REDUCED; RATE THE SAME

City water consumers who paid for water for lawn purposes on the flat rate for the season of 1910 have a right of action against the city, it is said, through the reduction of the time for sprinkling purposes. By cutting the time from four to two hours a day the amount of benefit to be derived from the lawn privilege is decreased one-half, and the question is being considered of asking the city to likewise decrease its fee for lawn sprinkling.

When the street railway company fails to furnish a seat in some cities it can not collect the fare of the passenger. On the same theory, it is held that when the city of Spokane fails to give water for lawn purposes for which the property owner has paid for that it be made to refund the unearned portion of the water fee.

# GIRL ACCIDENTALLY KILLS A SAILOR

(By United Press Leased Wire.)

SEATTLE, June 3.—Robert Wilson, a sailor, honorably discharged from the cruiser Pennsylvania two weeks ago, was shot and killed today by Annie Benson, an 18-year-old girl, who has charge of a lodging house. The police believe the shooting was accidental.

Wilson and another sailor came in at daylight this morning. The girl was up doing the housework and they stopped to talk with her. Wilson showed her his navy revolver and said, "Now if a burglar should come we would do this way," and he pointed the gun at the door.

"Take the shells out before you shoot someone," the girl suggested, and Wilson did. She left the room and Wilson replaced the shells in the gun, placed it on the table and laid down on a couch.

When Miss Benson returned she picked up the gun and jokingly pointed it at Wilson, pulling the trigger. "Don't," he started to say, and dropped dead, a bullet in his brain.
