

T. R. IS BOSSING ENGLISH

HIS SPEECH MAY RESULT IN REMOVAL OF EGYPTIAN CONSUL GENERAL.

(By a Staff Correspondent of The United Press.)

LONDON, June 6.—It is reported that Sir Eldon Gorst, British agent and consul general of Egypt, will be recalled, following Colonel Roosevelt's speech at Guild Hall, in which he criticized the British administration in Egypt.

It is intimated that Sir Francis Wingate, sirdar of the Egyptian army and governor of Egypt, will succeed Gorst. Wingate and Roosevelt are on intimate terms, and the colonel while in Egypt was a guest at the sirdar's palace at Khartoum. Since coming to England, the colonel has lost no opportunities to "boost" Sir Francis. This strengthens the belief that the colonel is planning to achieve a part in the contemplated changes in Egypt.

If Gorst be "fired," Roosevelt probably will be charged with interfering in England's private affairs.

Colonel Roosevelt and Mrs. Roosevelt were guests of King George and Queen Mary at luncheon at Marlborough house today.

JOE PHILLIPS EXPLAINS AUTO

"EXTRAVAGANCE" WAS FIRST RIDE AT COUNTY EXPENSE DUE TO ACCIDENT.

Today County Commissioners Phillips and Rohrer and Engineer Allan Scott went to the new Trent bridge to sell some old bridge material. They expected to ride in the automobile of Fred McBroom, president of the board, but the machine was wrecked last night and McBroom so badly shaken up that he was not able to be on hand to go with his colleagues.

So the other commissioners hired an automobile—the first expense account of the kind incurred by the county since the lamented George H. Collin retired from the board. Mr. Collin's automobile bills in one month ran to \$90, for the use of his own machine.

Commissioner wore a peculiar smile on his return, when he found a reported for The Press looking over the motive power.

"How about this, Joe," asked the reporter, "isn't this something new?" "Yes, you'll have to forgive us this time. Fred McBroom expected to use his own machine for the trip, but it was wrecked and we had to hire one. Had I known that he could not have been here I would have brought down my own machine. As it is, it was just as cheap to make the trip in a machine as to hire a horse, and it saved a whole lot of time."

The reporter told Commissioner Phillips that he was only joshing, but Joe took the employment of an automobile seriously, as it was the first "extravagance" of the kind that he had been a party to since going into office.

OFFICER PROBABLY MURDERED

and threatening the life of the chief some time ago.

The letter follows: "Traitor John Sullivan: If you want to know where the missing officer is, he is in the Spokane river. We had to get him out of the way. He is No. 1. You are No. 3. You need not think because you let the I. W. W.'s out of jail will save you, for you will sure get it, and get it hard. I rode out in the car with you the other night and found out where you lived.

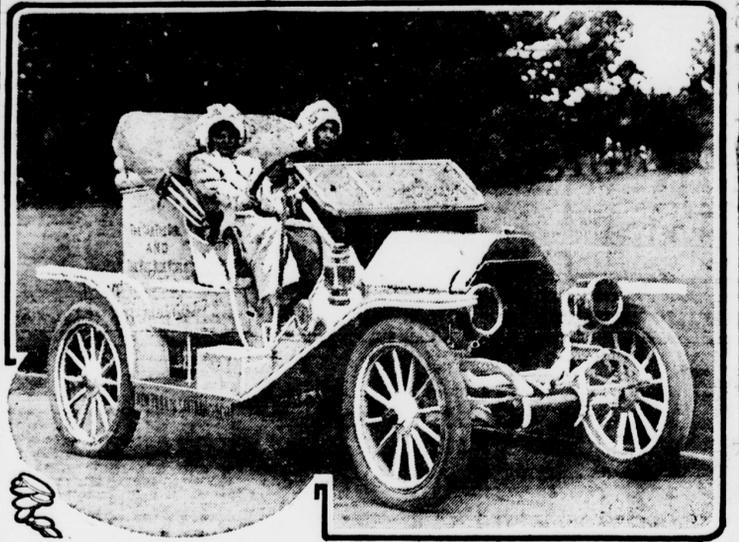

"Espanto locuti satyeto laviao locuti trivoli."

However, old and fearless officers of the department still consider this but the work of some eccentric mind—of a sensationalist wishing to make "capital" out of the situation, yet having no intention of carrying out the threat, and with no actual knowledge of the crime of which Sautbine was a victim. Sautbine has been positively identified by Superintendent W. E. Stauffer of the Merchants' police, for whom he worked, and by members of the police department, who knew him, and his relatives in Des Moines, Iowa, have been notified. The best mark of his identity was the shell belt and scabbard he wore.

PRETTY SOCIETY GIRL SAYS DRIVING AN AUTO ACROSS THE CONTINENT BEATS POURING TEA

MISS BLANCHE SCOTT, WHO IS DRIVING AN AUTO FROM COAST TO COAST.

"It is more pleasant driving an automobile across country than pouring tea at an afternoon reception; at least that's the way I feel about it."

This is what Miss Blanche Scott, society girl of Rochester, N. Y., who is driving an Overland car across the country, says. Miss Scott's route is from New York to

San Francisco, and she will cross the great American desert. Miss Amy Phillips is accompanying her on the long journey.

"Why, we are having a really bully time," Miss Scott declared, and Miss Phillips smiled her approval. "I have been driving an automobile for a long time, and just decided I would attempt the

trip across the country." The plucky young woman's route has been so arranged that she will spend every night in some town where there are good hotel facilities. She is not making an attempt to set a new speed record of the continent girding trip, but her average run will be about 150 miles per day.

THE FIRST FOURTH OF JULY VICTIM

(By United Press Leased Wire) NEW YORK, June 6.—The first Fourth of July victim of the year has been registered in New York city. Frank Knapp, an 18 year old Brooklyn boy, came home about 10 days ago and found the children of several neighbors with firecrackers. He was informed that they were "celebrating the Fourth." To let the youngsters hear more noise Frank got his pistol and loaded it with blank cartridges. In firing it he was burned on the right thumb. Tetanus set in and he will die.

COOL HEAD SAVED PEOPLE

(By United Press Leased Wire) PORTLAND, Ore., June 6.—Workmen today started repairing the roof of the lecture room of the Third Presbyterian church, on East Thirtieth street, which partially burned yesterday afternoon, while Dr. William Parsons, the pastor, preached.

The flames were first observed by a little girl, who had been passing the church official and he in turn communicated with Dr. Parsons. "My friends," said he, "I have just been informed that we had better vacate this building, now. Please go out quietly." The people did so, without confusion, not knowing the roof of the building was burning.

TAFT CONFERS WITH RAILWAY MAGNATES

(By United Press Leased Wire.) WASHINGTON, June 6.—The conference between President Taft and Presidents Ripley of the Santa Fe railroad, Delano of the Wabash, and Felton of the Chicago Great Western, is scheduled to take place as soon as the stock market closes. The conference has purposely been withheld so that any stories, true or otherwise, that Taft has refused to end the fight against rate increases cannot bring about a further slump in railroad stocks.

DRAYMEN HARD PRESSED BY STRIKE

(By United Press Leased Wire) PORTLAND, Ore., June 6.—That the draymen's association is in desperate straits for men to break the transfer drivers' strike for higher wages was indicated today when Samuel Hermann, millionaire head of the Oregon Transfer Co. and president of the draymen's association, donned a leather apron and acted as teamster.

Accompanied by his brother Edward, Hermann drove to the docks, loaded up a wagon with goods from a warehouse, then drove uptown, where the two men delivered various boxes and bales to business houses.

AMERICAN ESCAPED FROM MADRIZ

NEW ORLEANS, June 6.—That William Pittman, a young Bostonian who was reported to be a Madriz prisoner in Nicaragua, escaped with General Mena at Rama and is not in captivity, is the information contained in a cablegram received here from Port Limon today. American Consul Moffatt and General Estrada, head of the revolution, whom Pittman was assisting, are endeavoring to find the American.

Secretary Knox sent word to Madriz that the United States would not countenance the execution of Pittman. Madriz representatives replied that a courtmartial had not been ordered against Pittman and that he would be treated with consideration.

MADRIZ DOESN'T WANT INTERFERENCE

(By United Press Leased Wire) MANAGUA, June 6.—Madriz rejected today the proposal of Estrada, the insurgent leader, that the United States be asked to settle the Nicaraguan revolution. He indicated that war would continue.

STILL FEAR UPRISING

(By United Press Leased Wire) PEKIN, June 6.—Foreigners in Nanking and other cities have been warned not to relax their vigilance because of the opening of the Nanking exposition yesterday was not attended by an outbreak of revolutionary societies.

HOW POLITICAL POT IS BOILING NOW

Judge Thomas Burke, candidate for the United States senate, is still campaigning in eastern Washington. He returned to Spokane Sunday from Asotin, where he addressed the big barbecue Saturday and will speak tomorrow at North Yakima.

Joe Phillips, county commissioner, seems to have no opposition for re-election. Joe has made good and was largely instrumental in giving the first business administration the county commissioners office has had in years.

J. E. Clark has now seriously gotten into the race for representative and proposes to make the fight in the primaries. He thinks there is a lot to be done at Olympia by the enactment of legislation intended to clean up city governmental conditions.

Judge Webster has announced that he will be a candidate to succeed himself on the superior bench.

LITTLE DAUGHTER MEANS OF ESCAPE OF LAST OF MAYBRAYS

(By United Press Leased Wire) SEATTLE, June 6.—Left at the bedside of his five year old daughter at the Orthopedic hospital, yesterday afternoon, R. L. Thielman, the last of the principals of the Maybray gang, escaped from Deputy United States Marshal Fred M. Lathe.

He has not been recaptured nor have the police or federal authorities the slightest trace of him today. Thielman has been held at the

county jail in default of \$5000 bail. His little daughter is a sufferer from tuberculosis of the spine and Thielman pleaded to be allowed permission to say goodbye before going to Omaha to stand trial this week.

"I couldn't refuse the request," said Marshal Lathe today, "and took him to the hospital. When we entered the room where the little girl lay strapped to a wooden frame she held out her arms to her father and said, 'Papa, why don't

OPENING OF A BIG FIGHT FOR 8-HOUR DAY

(By United Press Leased Wire) PORTLAND, Ore., June 6.—The strike of the metal trades unions on the Pacific coast for an eight hour day is but the opening of a campaign for an eight hour day in every part of the United States, according to William Hannon, vice president of the international union today.

M'BROOM HURT IN AUTO WRECK

Fred K. McBroom, president of the board of county commissioners, with his family, had a close call from serious injury last night as they were returning to the city in an automobile from their farm on Moran prairie. One wheel of the machine flew off, throwing the auto to one side and hurling its occupants to the ground.

Mr. McBroom was so badly shaken up and suffered so severe a nervous shock that he was unable to appear at his desk at the courthouse this morning. The occupants of the machine had an almost miraculous escape.

5 CENTS TO SEE KING'S FUNERAL

NEW YORK, June 6.—Moving pictures of King Edward's funeral were shown for the first time in this country last night, at two Broadway theaters, and in a few weeks may be seen all over the country. The pictures include not only the funeral parade, but the ceremony of King George taking the oath. New York papers point to this as another link in the chain of inventions which is bringing the most remote village to the front door of the world's capitals.

(United Press Leased Wire) ROME, June 6.—An American cardinal may be named at the next Catholic consistory, according to an intimation made today by Pope Pius to Archbishop Moeller of Cincinnati. The archbishop is authority for the report.
