## INJURY TO PITCHING ARM PROBABLY PUT END TO "IRON MAN'S" CAREER

**JOE MCGINNITY, THE ONE TIME INVINCIBLE.**  
There have been any number of so-called "iron men" in baseball, but Joe McGinnity is the best known of them all. McGinnity had a habit of pitching double-headers and winning them in a manner that made it look easy. It now appears that McGinnity's day as an effective pitcher is over. The old-time star is part owner of the Newark club in the Eastern league, and the going hasn't been easy for him for some time, but an accident to his pitching arm several days ago probably has put him out of the game for good. Of course, the Newark fans are worried, because McGinnity was one of the club's mainstays in the box. McGinnity made his greatest record as a member of the New York Giants in 1905, when they won the pennant in the National league and then toyed with the Athletics, capturing the title of world's champions. In this season McGinnity pitched 46 games, and his percentage of victories was .583. In the games of the world's championship he pitched in two and won one of them, Ames relieving him in the second contest in which he started. McGraw released the "Iron Man" in the spring of 1909, and McGinnity purchased an interest in the Newark team. Last year McGinnity landed his team in second place and he pitched some good ball during the season. This year he had a hard time getting started, and then met the serious accident to his pitching arm.

## FAVORITISM SHOWN BY POLICE

**Notorious Way in Which Colored House Is Run.**  
Marie Taylor, colored, 334 1/2 Front avenue, through the power of the police department, has the only colored resort for white men in Spokane. Marie succeeded to the business through the purchase of the belongings of the late Josie Tripp, who is possibly remembered by Chief Sullivan. Marie, it will be remembered, was reported to Mayor Pratt and Chief Sullivan last summer by the colored preacher, Rev. J. Gordon McPherson. She was not molested, but her manager, Ollie Williams, was sent to Walla Walla for living off her earnings. Chief Sullivan was indignant because the preacher had reported the case to the mayor. The preacher and Williams were friends, and when the police got through with the pair Williams was in Walla Walla and McPherson had "no more pulpit than a rabbit." Marie Taylor was obedient to the police and on her evidence Ollie Williams was convicted. But Marie's Continued on Page Seven.

(By United Press Leased Wire.)  
SAN FRANCISCO, June 17.—"We have had enough of prize fights and prize fight promoters," said Governor Gillett today, commenting on his action in calling out the militia to prevent the Langford-Kaufman battle tomorrow. "They have been breaking the law long enough and we will have no more of it."  
"When they lick the state of California they can go ahead and lick each other, but not before. I don't care what they do or what they say; the law is not to be broken again in California. We will stop the fight tomorrow and every other one."  
"There will be no more of it."

## MAN AND GIRL ARE DROWNED

SEATTLE, June 17.—Albert Needles, aged 39, an attorney of Tonopah, Nev., and former baseball player of Berkeley, Cal., and Blanche Gorman, a 14-year-old girl, were drowned in Swan lake, 15 miles southeast of Seattle, yesterday afternoon. News of the drowning reached here today.  
A shepherd dog capsized the boat in which they were riding. The bodies have not yet been recovered. Needles was on his way to the littoral. He stopped off at Seattle to visit the families of Richard Gorman and John Monohan at Orillia.

Released on a bond of \$5000, Frank Newton, held as an accessory to the murder of James Boone, will return to Spokane July 19 for his preliminary hearing before Justice Hyde. Newton secured the bond by pledging his farm, and with his wife left last night for his home near Sprague.

## KNOX MAY RUN FOR GOVERNOR

(By United Press Leased Wire.)  
WASHINGTON, June 17.—Secretary of State Philander C. Knox may retire from President Taft's cabinet to become the republican candidate for governor of Pennsylvania, according to a well authenticated rumor here today. The secretary returned from Philadelphia last evening, where it is said he discussed the coming campaign and the possibility of his accepting the republican nomination.  
This, it is said, has already been offered him. Knox conferred with Senator Penrose in Philadelphia.

## WHAT WILL ROOSEVELT DO? HE MAY COME OUT WEST

BY GILSON GARDNER.  
LONDON, June 5.—I will devote this letter to telling what I think T. R. will do when he gets home. This is what I think:  
I think that Roosevelt's interview with Gifford Pinchot and his promise to speak for conservation of national resources some time during the summer is significant.  
I find significance in the fact that Roosevelt has denounced as false all published statements to the effect that he has endorsed the tariff bill or Taft administration, and has denied emphatically all reports that he has promised to support the regular republican ticket this fall.  
I find significance in the fact that he has chosen Kansas as the first place in which to deliver a set public speech, and Victor Murdock as the man to introduce him on that occasion.  
I find significance in the fact that Beveridge has been invited to visit him at Oyster Bay.  
Also in the fact that T. R. added to his Sarbonne speech a paragraph making clear his attitude on the subject of property and personal rights.  
I find significance in what T. R. says in what he does not say; and finally in what he does. From all these sources I gather that he has not endorsed the Taft administration; that he does not propose to endorse the Taft administration; that he still is what he always was, a progressive, and that his great influence will be felt in behalf of progressive policies and men.  
That is what I think.  
T. R. has lived up to his promise.

## BRYAN REMAINS AT HEAD OF PULLMAN

PULLMAN, Wash., June 17.—President Bryan will remain at the head of Washington state college. He made this positive statement this morning.  
Bryan formally resigned the first of the week. Yesterday at their final session of the year, the board of regents refused to accept the resignation, and urged the president to take, instead, a leave of absence or vacation, which would allow both he and Mrs. Bryan to regain their health.

## MILITIA TO PREVENT FIGHT

(By United Press Leased Wire.)  
SACRAMENTO, June 17.—Governor Gillett ordered Adjutant General Lauck to have two companies of militia in San Francisco to prevent a prize fight between Kaufman and Langford tomorrow. The governor's order dated San Francisco, follows:  
"Adjutant General Lauck, Sacramento—Make necessary arrangements at once to have two companies of militia in San Francisco at 2 p. m. to prevent a prize fight between Kaufman and Langford if police of city do not interfere."

## DENIES INJUNCTION AGAINST THE FIGHT

SAN FRANCISCO, June 17.—Judge Van Ostrand of the superior court late this afternoon denied a petition of Attorney General Webb for an order restraining the principals from holding the Langford-Kaufman fight tomorrow at San Francisco.

## AUTOCAAT COMES WITHOUT JEWELS

(By United Press Leased Wire.)  
SAN FRANCISCO, June 17.—Without the jeweled turban, flowing robes and roops of pearls in which he has been familiarly pictured, but attired in a dingy Prince Albert, unpolished shoes, a straw hat and needing a haircut, the highness, the Gaekwar of Baroda arrived in San Francisco today. The potentate was a passenger on the Pacific Mail liner Siberia, accompanied by his wife, the Maharani, his daughter, the Princess Indaraja, an aide-de-camp and a retinue of servants, English and Hindu.  
The Gaekwar, although possessing untold millions in jewels, gold and lands, ruler over 2,000,000 people, with power of life and death over them, is a very democratic, suave gentleman of 53. On the voyage he mingled with the passengers and played whist incessantly. His highness, unlike the other 49 princes of India, has but one wife. The Maharani is a beautiful young woman, who affects the native costume. The Gaekwar has his automobile with him and will make short excursions into the country about San Francisco before leaving for New York, whence he expects to sail for Europe before the end of this month.

## SULLIVAN AND GAMBLING

When all the facts connected with the operation of gambling joints and houses of ill repute in Spokane are brought to the surface, conditions will be revealed that will startle even the man accustomed to the harder side of life.  
It was for the investigation of these conditions that a grand jury was demanded from the superior court judges. It was for the suppression of such an investigation that powerful influences were used to forestall it.  
Such an investigation will reveal graft and police protection of evil that is startling, and show a degeneracy on the part of the police department that was never equalled in the palmy days of wide-open Spokane.  
The average citizen that looks with leniency on a poker game will rebel against the idea of having first to see the police before starting a game. If poker is to be permitted, give all a fair shake. It ought not to be necessary to consult the police as to whether a woman can open a resort. If those institutions are to be permitted, give all applicants an equal show. The fact that one woman has \$500 or another \$5000 should not cut any figure with the police. Neither ought the police to say whether a resort shall charge \$2 or \$3, as has been decreed in some cases.  
When a police department is armed with such power as has been assumed in the regulation of evil under the regime of John T. Sullivan as chief of police, it is high time that the people inquire the occasion for all of this.  
In this particular the grand jury could have rendered a great service to the people.

CAPT. HANS RUSER OF THE STEAMSHIP KAISERIN AUGUSTE VICTORIA.  
WASHINGTON.—A subtreasury will be established in Los Angeles, the senate having passed the bill for it.
