

TAFT WIRES TO THE LOCAL REPUBLICANS

Even President Taft likes a little jolly. Saturday after the adjournment of the republican county convention the chairman of the resolutions committee, C. P. Lund, wired the resolutions as adopted to President Taft. Today the following acknowledgment was received by wire:

WASHINGTON, D. C., June 26.—Charles P. Lund, Spokane, Wash.: Please express my warm thanks to the republican

county convention of Spokane for the kind words of its resolutions. The republican party must close up ranks and move forward to another victory, in which the people will have done for me.

WILLIAM H. TAFT. Dispatches from Washington say that President Taft has gone in to line up as many state conventions as possible, with a view of keeping the republicans in control of the next lower house of congress.

ROBBERS CAUGHT?

(By United Press Leased Wire) LAKESIDE, Utah, June 27.—After a struggle with Special Agent Jones of the Oregon Short Line and a posse, three men were overpowered and arrested here this afternoon. They are believed to be the train robbers who looted an Oregon Short Line train at Harrisville early today.

ROOSEVELT UNPACKING

(By United Press Leased Wire) OYSTER BAY, June 27.—Colonel Theodore Roosevelt today personally superintended the unpacking of his trophies of the African hunt. The uncrating of the specimens occupied most of his time during the day. Roosevelt announced that arrangements for his conference with President Taft had not been completed. He will go to Cambridge tomorrow to attend the Harvard commencement exercises.

TURKEY PLANNING TO INVADE GREECE

(By United Press Leased Wire) CONSTANTINOPLE, June 27.—Turkey is planning to invade Greece unless Greece apologizes and grants indemnity before tonight for the looting of a Roumanian mail boat at Piraeus. Several arm corps of the Turkish army are ready to advance into Greece. The Greek minister at Constantinople has received a warning that the failure of Greece to apologize will be regarded as a cause for war.

INVESTIGATE BURNING OF STEAMER.

(By United Press Leased Wire) LA CROSSE, Wis., June 27.—Federal steamboat inspector Knapp today is investigating the burning of the excursion steamer J. S., 24 miles below LaCrosse, on the Mississippi river Saturday night, when Mrs. Emma Crandall was drowned and 50 others injured. Jack Plein, Norval Fax and a third man are still missing. They were locked in the forward hold of the vessel for drunkenness and it is reported that they were burned to death.

Wonderful Results DENTAL WORK THAT LASTS

Prices That All Can Afford to Pay

The Red Cross Dentists have been established in this city for only six months, and yet in that time they have demonstrated beyond a possibility of a doubt that the best dentistry at the lowest prices is the proposition that the people appreciate. When they told the people that they would make the very best 22k. solid gold crown for \$3.50, and the very best rubber plate for \$6.50, the public could not understand how such a thing could be done. They were accustomed to pay \$8 to \$10 for the best gold crown and \$15 to \$20 for the best plates, and they could not realize that dental work could be done for less. The Red Cross Dentists, however, have proven that the highest class of work was not necessarily the most expensive. They have built up a practice, the largest in the city, on the proposition that the best work at the lowest prices, with an absolutely bona fide, written guarantee is what the people want. All the dentists in this office are graduates of the dental college, they employ no cheap laboratory boys to do their work. They look for their profits from the volume of business and careful attention to all details. Their office is off Riverside avenue, and what they save in rent over equal space on the main thoroughfare, their patients save on their dental bill. This is only one item of saving, however. There is no extra money tied up in elaborate furnishings, which the patient ultimately pays for, but they have all the equipment that is necessary in a first class dental office. Those wishing to save money on their dental bill and at the same time be assured of the highest grade of dental services, would do well to call at their offices, 12-18 Galena block, northeast corner Post and Riverside (the entrance is on Post street), and have an examination and consultation which is free to all. By passing Main 548 one can observe a fine.

GUS SAYS TODAY:

RUSH ON TO RENO

(By United Press Leased Wire) RENO, June 27.—Among the celebrities who arrived at Reno today were Rex Beach, the author; Jack McAllister, ex-lightweight champion of the world, and Bal Masterson. A vanguard of eastern sports is expected to arrive here Friday, but the big rush will come Saturday and Sunday.

Railroad officials are making extraordinary preparations in anticipation of a tremendous rush to Reno. Besides the traffic expected on the main line, east and west, on the Union Pacific, there will undoubtedly be a rush over the Goldfield & Tonopah road Sunday, and heavy traffic over the Salt Lake road via Salt Lake. At noon today the big arena was half completed. An offer of \$150,000 for the Canadian rights to the Jeffries-Johnson pictures was made today by J. W. Nash, formerly a member of the firm of Nash & Burroughs, vaudeville agents.

JEFFRIES BOXES

hard grind taken by Jeffries, according to the plans. He was greatly pleased with the manner in which he went through the glove work. Jeffries begins his "drying out" Friday on Saturday.

The attack made on the big fight from the pulpit last night scarcely made a ripple here. The ministers admit that it will be impossible to prevent the fight, but they are calling upon the people to choose a reform legislature at the next election and secure the adoption of anti-gambling and anti-fight laws. Rickard is greatly pleased with the progress made on the arena. The sale of tickets is in full swing and the promoter expects that every one of the 17,000 seats will be occupied when the big fellows step into the ring.

FIGHT OVER FENCE

In the case of W. R. Windsor against P. J. Sarsfield over the location of a line fence, in which Windsor is claiming land on which Sarsfield has made improvements worth thousands of dollars, Sarsfield today filed an answer in court in which he charges Windsor with resurrecting the claim as to the land after Sarsfield had owned it 10 years and made improvements on the disputed ground worth \$5,000. Sarsfield says that Windsor stood by and saw him build his new home and made no claim as to ownership of the ground until later.

MARKET BASKET

PRODUCE. Best fresh ranch eggs, 25c doz; eastern eggs, selected, 20c doz; garden; best local creamery butter, 35c 4c; per pound, second grade local butter, 40c; eastern butter, 35c; local flour, \$1.40 @ \$1.50 sack of 49 pounds; Montana hard wheat flour, \$1.90; lard, 19c 20c pound; compound, 15c. UNITED PRESS TO BE FIRST WITH RESULT OF BIG FIGHT

SAN FRANCISCO, Cal., June 27.—As a result of arrangements completed for the covering of the Jeffries-Johnson fight, by the United Press, the 500 afternoon newspapers served by this organization will receive the most nearly instantaneous action ever attempted in connection with a big news event.

It is planned to deliver into the offices of United Press papers throughout the country detailed descriptions of each blow struck, within 15 seconds after the time the blow actually lands. In order to do this, the United Press transcontinental leased wires will be run to the press table at the ringside in Reno, and these wires will be manned by two of the fastest sending operators in the country, to whom the story will be dictated. Owing to the limitations of the carrying capacity of telegraph wires, three relays or re-sending will be necessary to reach all points. One of these relays will be made at San Francisco, where the news will be re-sent to the coast papers; another at Denver, from where all central and southern points will be served; and a third at New York, from which eastern point will be taken care of.

At each of these points, the receiving operator will use a visible typewriter, and the sending operator, seated beside him, will relay the incoming matter, word for word, as it is received. TWO EXPERTS ON THE JOB. The task of giving to the country this description of the fight, a story which promises to be one of the most widely read of the decade, has been assigned to Max Balthasar, best known in the sporting world as "The Ringsider," one of the foremost boxing authorities in the country, the man whose opinions have for many years been the last word in sporting questions on the Pacific coast, the home of the fight game. Balthasar has been at the ringside during practically every important bout participated in by either Jeffries or Johnson, and has a personal and expert knowledge of the science and style of each man. For several weeks past he has been in touch with both fighters, watching them during their work and during their relaxation, and the full knowledge of the men and their methods will be brought out in this description analysis of their battle.

Balthasar will be assisted in his work by Tip Wright, also a well known boxing authority, who will divide with Balthasar the work of giving to the United Press the news of the training camps up to the day of the battle.

MAYOR ENFORCES 5-CENT CAR FARE

(By United Press Leased Wire) TACOMA, June 27.—Taking two policemen with him, Mayor A. V. Fawcett went to Fern Hill, a suburb of Tacoma at 6:30 this morning and, putting the officers in charge of a street car, brought to the city a number of workmen who had been ejected from the cars by conductors because they refused to pay more than 5 cents fare. The suburb is in the city limits, but the 10-cent fare is still being maintained by the company, despite a decision of the supreme court. The company's attorneys, however, are rushing an appeal to the supreme court today, but until this action is taken the mayor will enforce the 5-cent ordinance with the police if necessary.

FIREMAN THROWN FROM CAB OF A LOCOMOTIVE

While S. P. & S. train No. 2, eastbound from Portland was rounding a sharp curve yesterday afternoon, between the Snake river and Farrington, George Shearer, the fireman, was thrown from the engine and sustained injuries which may prove fatal. The engineer did not miss him until the train had gone four miles and the steam was getting low. He immediately reversed the engine and ran back to where he had fallen. He had fallen over an embankment 20 feet high and had fractured his skull, two ribs and sustained internal injuries. He is at the Sacred heart hospital.

GETTING NERVOUS AT RENO

(By United Press Leased Wire) WASHINGTON, June 27.—"The motto of those planning to make a hare pile is to first catch the hare," said Uncle Joe Cannon today in discussing the matter of his candidacy for the speakership of the house of representatives at the next session of congress. "I may be dead when the next session comes, but if I am living and am a member of congress I shall be in the hands of the majority."

LIBERTY PARK COLTS STRENGTHENED

The Liberty Park Colts have been greatly strengthened and are now backed by the A. D. McDonald Supply Co., and won their first game under the new name Sunday from the fast Pittsills bunch; score, 7 to 1. Lamrow, for the McDonald's, struck out 13 men and allowed but three hits. Manager Jackson has a fast bunch together now and will be able to give the outside teams a hard rub to win a game. The team plays next Sunday at Chester.

BROWN JURY STILL OUT.

(By United Press Leased Wire) CHICAGO, June 27.—The jury in the case of Lee O'Neill Brown, charged with larceny in connection with the election of William Lorimer to the United States senate, was still out when court convened today. It was reported that the jury stood 11 to 1 for conviction. Attorneys for the defense, however, claim that the jury was 8 to 4 for acquittal.

TRYING TO SETTLE STRIKE.

(By United Press Leased Wire) KANSAS CITY, June 27.—In an endeavor to settle the differences between the 30,000 striking miners in the southwestern coal district and the mine operators, James Elliott, representing the operators, and President Lewis of the United Mine Workers of America, are conferring today. It is expected that work in the mines will be resumed July 5.

CANVASSING LOCAL TAX VALUATIONS

A session of the state tax board, attended by T. D. Rockwell and the other members of the board is being held at the office of Justice S. C. Hyde. Valuations in Spokane city and Spokane county are being canvassed with a view of raising or lowering assessments as they are received from the local assessors. Complaints by citizens or others are taken up at this meeting.

LOS ANGELES, June 27.—Battling Nelson, the erstwhile lightweight champion of the world is en route today for San Francisco, where he will linger a few days before going to Reno to watch the windup of the Jeffries-Johnson feud.

KILLED TWO OFFICERS

(By United Press Leased Wire) ATLANTA, Ga., June 27.—After killing two officers, wounding three others and resisting arrest for 24 hours by barricading his house at Oscilia, Ga., W. H. Bostwick was shot today.

Bostwick killed Chief of Police Davis and Deputy Sheriff Sheffield and wounded Sheriff McInnes and Deputies Bass and Tucker, who were trying to arrest him at his home yesterday. He barricaded his doors and fired from the window.

PERMITS FOR STREET SPEAKING

Permits were issued today to the Industrial Workers of the World to hold a street meeting this afternoon at 2:30 and tonight at 8 o'clock on Stevens street north of Front. These permits were granted under the new street speaking ordinance and will be asked for daily. Frone avenue for two or three blocks was alive with oratory Saturday and Sunday nights, as the different organizations granted speaking permits held forth. Some attributed the victory for free speech to God, while the I. W. W. thought the result was attained by agitation and imprisonment, rather than by divine intervention. The I. W. W. made the meetings Saturday an occasion for justification. A photo of the first meeting was taken.

TOMMY MAY BE THE ONE JOKE

(By United Press Leased Wire) RENO, Nev., June 27.—When Thomas Burns of Australia arises from his chair at the ringside just before the battle on Independence day prepared to make a few remarks about his ability to "lick" any gentleman after the fight about to be staged, it is generally expected he will spring the one joke of the day. Neither Johnson nor Jeffries will treat Tommy's remarks with that seriousness which would mean a fight and some shekels for the ex-champion tumbled over by Johnson some time ago.

CHARLTON MAY STAY IN U. S.

(By United Press Leased Wire) ROME, June 27.—Although Italy intends to demand the extradition of Porter Charlton to face trial for the murder of his wife at Lake Como, it is understood that the government will not press the demands. It is believed the refusal of the American authorities to transfer Charlton would cause no regrets, as it would sustain the action of Italy in refusing to grant the extradition of Italians wanted in America for high crimes.

(By United Press Leased Wire) PORTLAND, June 27.—With the big plant crippled on account of the strike of machinists, B. C. Ball, secretary of the Willamette Iron and Steel Works, left today for the east, where he will attempt to secure non-union workmen to replace the strikers.

SULLIVAN GETS PITT'S SCALP

John T. Sullivan, chief of police, has finally managed to get the scalp of M. V. Pitts, member of the police force and former desk officer.

Pitts was on the desk at the time the \$175 of Chinese bond money disappeared. Pitts was the custodian of the money and paid it over under protest. When the report of the disappearance of the money got abroad Sullivan blamed Pitts for the leak, but in this he was mistaken. The reduction of Pitts to the ranks immediately followed, and he was at times shifted on his beats as often as two or three times a night. Sullivan was laying for Pitts, and when the incorruptible officer gave the chief the slightest opening off went his head. The charge on which Pitts was dismissed was that he failed to show up on time one night, having overslept because a hotel porter failed to call him. The offense was trivial as compared with the charges against some of the men Sullivan has had under him on the force, yet Pitts had to walk plank.

"SILVER GIRL" IS VERY GOOD

In a quiet, simple little play—"The Silver Girl"—the Lawrence company pleased the people more than for several weeks passed, yesterday. The scene of the play is laid in Nevada. The role of Jefferson Hunter, the mine owner, is taken by Lawrence himself, and it well suits his style of acting. Jane Kelton is also good as his wife. There is plenty of trouble for both in the story, but they stick it out, and come through with flying colors. The piece is well staged, and the support makes a satisfactory production.

ATTRACTIONS AT THE WASHINGTON

"The Third Race" is one of the cleverest sketches seen at the Washington theater this season. It is interesting, amusing and brightly presented and entirely satisfactory to the audience. "Just Kids" is another good little piece, and it is a happy combination of humor and pathos. Some good musical stunts are performed by Dorsch and Russell, as a couple of railroad men, and the switchman's tower makes a novel setting for the act. The bill as a whole is good this week.

The Fireworks Contest Is a Winner

Read what some of the contestants say: "Gee, I am going some more customers. I had all kinds of fun shooting those I had. This soliciting is great dope." "Is the Contest Manager in? Here are four orders, paid two months in advance each. Give me those firecrackers. I am going to have a big time on the Fourth. But this is not half of the fireworks that I am going to have before the Fourth comes, for I am going to call all of my friends up and get them to take The Press. Do you know The Press is getting more popular every day—that's what my mother says." "Well, I guess I had better be going, because I am not going to get all of my fireworks from The Press. It's a lot of fun getting orders for The Press anyway; everybody is willing to take it." "Me and my sister are going out again this afternoon and get some more people to take The Press, because we need the fireworks." "By George, I believe I will make this a regular business. Taking orders for The Press is so much fun; but, O, you fireworks." And many other like expressions come to us daily from the various contestants, who are anxious to boost for The Press and at the same time save their parents some money on Fourth of July expenses. This is bully experience and lots of fun. Get in the swim with the rest of the boys and girls; bring your orders to the Contest Manager and receive your fireworks.

Women's \$1.25 All Silk Hose, 79c

THAT'S certainly a low enough price, isn't it, for all silk Hosiery? Made with lisle heels and toes for serviceability; the silk of fine lustrous quality in perfect shades of pink, light blue, brown, tan, black and white. \$1.25 would have been the price if we hadn't bought at far under value. Tuesday you may buy these Stockings at **79c**

Children's 25c Stockings, 16c

Regular standard grade of 25c Stockings—these one-and-one rib children's Stockings. But the quantity is limited—that's the reason for the reduction in price. As long as it lasts, pair **16c**
