That E. C. Balzer, former park superintendent, came to Spokane 10 years ago with 60 cents in his pocket. He is now worth \$100,000, made in the advance of real estate.

That the standing record for the most money lost on one hand of poker in Spokane is \$14,000. That was when Frank Hogan, with a set of fours, beat a king full for Judge Turner, back in the old days when everybody here played the great American game.

IMMENSE INTEREST IN GAYNOR

Condition Is Critical—No Operation for the Present.

(By United Press Leased Wire.)
HOBOKEN, N. J., Aug. 10.—At 11 o'clock the following bulletin was issued at St. Mary's hospital: "The mayor continues to do well. It is the unanimous opinion of the attending surgeons that an operation is not necessary at this time. (Signed)—W. J. Arlitz, Md., George D. Stewart, Md., George E. Brewer.

HOBOKEN, N. J., Aug. 10.—Dr. Lederle of St. Mary's hospital issued the statement at 7 o'clock this morning regarding the condition of Mayor William J. Gaynor, of New York, who was shot and seriously wounded yesterday as he was about to sail for Europe.
"The mayor rested comfortably since 5 o'clock. He has taken nourishment and at the present time his condition, in the opinion of the attending physicians, is satisfactory."

Mayor Gaynor slept three hours last night. He took chicken broth this morning and seemed stronger following the shock of the shooting and after the probing of his wound. He was able to talk freely with his wife, who visited him today.
The doctors are not yet decided upon the question whether an operation for the bullet is necessary. The missile split in two on entering the mastoid bone and the halves are so lodged that their presence is not dangerous unless infection should set in.

SWIFT JUSTICE ON GALLAGHER.

HOBOKEN, N. J., Aug. 10.—New Jersey will mete out swift justice to the assailant of William J. Gaynor. Prosecutor Garvan of Hudson county began inquiry today and will present evidence tomorrow to the grand jury and ask for the indictment of James J. Gallagher, who shot the mayor of New York yesterday on board the

THREATEN GAYNOR'S FRIEND

(By United Press Leased Wire.)
NEW YORK, Aug. 10.—A letter threatening with death William H. Edwards, street cleaning commissioner, who yesterday overpowered the man who tried to assassinate Mayor Gaynor, was received today. The letter was written in German script and was couched in vulgar language. It declared Edwards would be dead within 24 hours.
The missile was signed "A Friend of Gallagher."

HARVESTER IS AFTER CRESCENS MARK

Driven by the daddy of all the light harness horsemen, Ed Geers, The Harvester has a mark of that famous speed machine, The Harvester, will start for the world's trotting stallion record, 2:02 1/4, made by Cresceus at Columbus, O., August 2, 1901.
The Harvester has a mark of 2:06 1/4, three seconds slower than the mark made by the golden chestnut speed marvel of the last decade. At Kalamazoo Geers stepped the classy son of Walnut Hall a mile in 2:05, last half in one minute flat. He will start The Harvester over the fast North Randall track, the third week of the grand circuit season, if weather and track conditions are suitable.

FRANK GRAVES CAN KEEP A CASE FROM THE PUBLIC; OH, YES! SURE HE CAN!

What is the procedure necessary to have a star chamber trial of a divorce case and have the papers in the case carefully removed from the public gaze at the clerk's office? For answer the inquirer is referred to Judge J. D. Hinkle of the superior court bench, County Clerk Cal Atkinson, Attorney Frank Graves, the man with the long pull

in the superior court, or Warren W. Tolman, the other lawyer in the case.
This performance was repeated again today, this time in the divorce suit brought by Clarence E. Smith, the undertaker, against his wife, Gertrude A. Smith.
The original papers in the case, filed by Attorney Tolman, setting for the Plaintiff Smith, were immediately spirited away on being filed by the clerk. Rather sensational charges were made by Smith against his wife, it is given out, and for this reason it was deemed advisable to keep the public in the dark as to the case.
The hearing was called this

\$6500 REWARD FOR AN ARREST

(By United Press Leased Wire.)
LOS ANGELES, Aug. 10.—A man arrested at Dillon, Mont., yesterday, where it was alleged he was trying to rob a bank, has been identified by the officials there as "Bill" Haney, formerly of Los Angeles, who is wanted in Canada. He will be taken to Canada, if the identification proves correct, for endeavoring to rob a train and killing a Canadian frontiersman with whom he fought at the time of the hold-up.
The Canadian authorities who have been searching for him for more than a year, have been notified and are ready, it is said, to pay \$6,500 reward for Haney's arrest.

Expert opinion seems to be that a woman who wears a hobbie skirt looks like the sort of a woman who would wear the fool thing.

"MYSTICS" TAKE STRANGE MARRIAGE VOWS TOGETHER

(By United Press Leased Wire.)
STANFORD UNIVERSITY, Cal., Aug. 10.—Taking their nuptial vows under the rites of a new occult order, Arthur Lee Munger and his bride, who was Miss Freda Matilda Hanaworth, have returned from Arroyo Grande, where they were married in the recently established Temple of the People.
The bride and groom have always been mystics.
From the viewpoint of orthodox religion the occult creed is iconoclastic of Christianity.
The couple will leave soon for Berlin, where they will proceed with their studies.

NIAGARA FALLS, N. Y.—A 150-pound sturgeon nearly sent a party of three in a motor boat over the falls yesterday. The fish leaped for the searchlight in the boat, but missed and struck and seriously injured Miss Nellie Johnson. Then, threshing about in the boat, dis-

DANCE HALLS AND RELIGION DO NOT MIX

SEATTLE, Aug. 10.—Chief Wapenstein today ordered that the combination religious-terpsichorean entertainment inaugurated at Dreamland rink last Sunday night be discontinued.
Rev. Frank Herthum preached for 15 minutes, and it was planned to make his sermons a regular feature of the Sunday evening's program.
"Dancing under a cloak of religion is worse than frankly dancing where there is no pretense," said Chief Wapenstein today. "It is much better for all concerned if only the worldly wise women and men attending, but young girls are lured by the bogus respectability of a short sermon and a prayer. Public dance halls and religion no more mix than oil and water."

THE CHARGE MADE BY MEN
That Chief of Police Sullivan, other police officers and city officials, have armed the strike-breakers in the city with revolvers, and that this action has been taken at the instigation of the officers of the Metal Trades association, is the charge made this morning to The Press by I. B. Neill and Tom Stinebaugh, members of the machinists', boilermakers' and blacksmiths' unions now on strike. They assert that the strike-breakers, who are not citizens of Spokane, but imported for the occasion, carry the weapons without attempt at concealment, assured of their protection by the police.
The machinists, blacksmiths and boilermakers have been out on strike for nearly six weeks, and have been fighting tooth and nail since the inception of the trouble against the Metal Trades association. Sixty men are out and they are confident of a victory if they are given a square deal.
The unions on strike are also protesting against the action contemplated by the city council in passing an ordinance prohibiting picketing. The ordinance, asserts I. B. Neill, is backed by the Metal

COMPLETE THE WORK FOR BETTER GOVERNMENT HERE

Under the old regime of machine rule at the court house about the only part the average citizen played was to go to the county treasurer's office and pay his taxes. This privilege was accorded, and, in fact, insisted upon; but beyond that the citizen was told to remain in the background—the county ring could take care of the rest.

There was a slight departure from this plan in the primaries two years ago, when some MEN were elected to county office, over the protest of the gang, and the doctrine of honest government given its first champions in the county building in almost a generation. The people can thank the direct primary for this turn in affairs.

This year another opportunity is presented to complete the good work started two years ago. A new and larger spirit of independence and determination to look more closely to the election of men who are to fill the offices has manifested itself. The spirit of revolt against the old order of things was first fanned into a flame by the agriculturists

of the county, who saw vast sums levied year after year without tangible returns from their expenditure. Seeing that they could do nothing alone, the tillers of the soil, now organized and alive to the power of united action, have come to the organized workers of the city for
