New York..... 1 7 2
Batteries—Ferguson and Smith; Drucy, Crandall and Meyers.

CLIMAX IN STRANGE ROMANCE

Wear and Sapp the Duelists—Judge Mann Separates Them.

In the sight of scores of passersby at the corner of Howard and Riverside, between 11 and 11:30 this morning, Arthur Wear horse-whipped Gillis Sapp, the rejected suitor for the hand of Miss Lottie Jamison, whom he charged with insulting his wife, now Lettie Wear, several times during the past two weeks. Sapp closed in on Wear, cut him severely over the left eye with a ring which he wore on his hand and the participants in the scrap only ceased mauling each other's features when they were separated, but and bloody, by Judge S. A. Mann and other spectators.

Policeman Coontz then took the two young men into custody and walked them down Howard to the police station, where they were booked on the charge of disorderly conduct. The quiet, or short whip, which Wear carried was kept at the station as evidence, and Wear himself had his injuries attended to at the Emergency hospital.

"I ATTACKED FIRST."
"I attacked Sapp and struck him first," stated Wear very emphatically, after the "booking" had been attended to at the station. "He has insulted my wife several times during the last two weeks and he got nothing more than was coming to him."

Sapp says that he was walking along Riverside when the affair happened. Telling the story after he had quieted down, he said:
"The coward came up behind me and struck me before I knew what was happening. I turned around (Continued on page two.)"

THE LAUGHTER OF THE PRESIDENTIAL CABINET

WASHINGTON, Sept. 9.—If as much depends upon a man's laugh or his lack of laughter, as has been asserted by a distinguished French scientist, President Taft, who is himself the father of a particular brand of sprightly mirth sound, has an odd assortment of men whom he has placed in office to run the affairs of the executive end of the government.

When the president was secretary of war the heavy mahogany doors of the war department were not sufficient to shut out the sound that issued forth despite these barriers when he saw something that struck him as funny. And he saw many things in this humorous light. He laughed more than he has since, although from the executive office there still issues forth now and then the echo of a great and uproarious laugh, a big man kind of laugh, bespeaking good digestion and good lungs.

It is doubtful whether President Taft has selected a single man who can duplicate his laugh or even come near to it.

Secretary Knox, President Taft's premier, likes a laugh now and then—but mostly then. The lips of the secretary of state seldom emit a ripple except when the moment is a most stimulating one. More frequently he sits and smiles, and his eyes do not laugh at all. They fix themselves on whomsoever they meet as though the levity of the occasion were merely a bait to draw out

VANCOUVER 1 SEATTLE 0

SCORE AT END OF 2ND

BROWNE IS ACQUITTED

(United Press Leased Wire)
CHICAGO, Sept. 9.—Lee O'Neill Browne was acquitted of legislative bribery today. The jury reported a verdict of not guilty shortly before 3 o'clock this afternoon.
Browne was not in the courtroom when the jury announced that its verdict was ready, and the report was delayed while he was sent for. The crowd in the courtroom cheered.

BILLIE BURKE AND PAULINE CHASE TO WED LONDONERS

LONDON, Sept. 9.—About next January the Riatio will witness two weddings that promise to be of much general interest among theatrical people.
Next month Captain Frank Cary and Nicholas Jervis Wood, young Londoners, will sail for New York to wed Miss Billie Burke and Miss Pauline Chase. Miss Burke will be married early in January and it is believed Miss Chase's wedding will follow a few days later. The prospective grooms are well known clubmen.

13,789 STUDENTS; AN INCREASE OF 1024

The total enrollment of students in the public grade schools and the high schools this year up to Wednesday evening, according to reports from the superintendent's office this morning was 13,789. This shows an increase of 1024 over the total enrollment of last year and it is expected within the next few days the number will be raised. There is an increase of 187 over that of last year in the high schools alone, and all students have not yet registered.

TUNNEL UNDER SPOKANE RIVER

Work was begun this week by the Washington Water Power company on the immense tunnel that is to carry the waters of the Spokane river underground from above the falls to the region of the Monroe street bridge.

This tunnel will be constructed for the greater development of power by means of the falls. It is one of the biggest undertakings in the way of power development ever undertaken in the northwest and will cost millions before it is completed.

This is the plan pursued in harnessing the great Niagara on which work has been in progress for years.

The tunnel was one of the chief power developments figured on by the Washington Water Power company two years ago when it authorized the issuance of \$15,000,000 in bonds for gigantic extensions of various kinds.

Since then the Post Falls dam has been completed, the dam at Little Falls nearly so, immense buildings have been erected and the tracks of the company's street railway system in Spokane practically rebuilt and scores of new cars put on the city lines.

The last and greatest of all the immense tunnel proposition on which work was begun this week.

HE PLANS A "SUNRISE COURT"

(By United Press Leased Wire)
SEATTLE, Sept. 9.—If he is elected justice of the peace, Joseph R. Anderson declared today he will seek to have the city council establish a "sunrise" court, providing that all minor offenders shall be tried about 5 o'clock in the morning, thus assuring a quick administration of justice. Anderson does not approve of the night courts, such as are in operation in New York city, but he believes the sunrise court will be a great improvement.

BALLINGER TO JOIN THE CABINET

(By United Press Leased Wire)
SEATTLE, Sept. 9.—Secretary Richard A. Ballinger announced today that he will leave Seattle in a few days to attend the first meeting of President Taft's cabinet after vacation, which has been called in Washington for September 26. Mr. Ballinger declined to discuss the probable action of the congressional committee that investigated his administration, now that five members of the committee have gone on record as being in favor of a report unfavorable to the secretary.

In planning her faith to a man, a woman might utilize one of those modern hatpins.

Three boys and two girls had their births recorded yesterday.

Two marriage licenses were issued yesterday.

ROYAL DUKE IN CALIFORNIA

(By United Press Leased Wire)
SAN FRANCISCO, Sept. 9.—Duke Francis Joseph of Bavaria, whose full name is Francis Joseph Charles Marie Evaristus Quirinus, traveling incognito, is in San Francisco. Under the name of "Mr. Valep Hamburg of Germany" he has been registered at the Palace hotel since Tuesday, and not until today was his true identity known.

Duke Francis Joseph says he is on a sightseeing trip and wished to avoid notoriety, so he became a plain German citizen. He did not even make his presence here known to the German consul.

Tabooing the royal suite at the Palace, the duke engaged an inexpensive suite on the sixth floor. The royal visitor is accompanied by Captain Bodman of the German army.

RICH MAN WEDS HIS PRETTY STENOGRAPHER

(By United Press Leased Wire)
SAN FRANCISCO, Sept. 9.—Of the many telegrams of congratulation that poured in on Charles Arthur Green, son of Charles E. Green, vice-president of the Crocker National bank, today, the missive from his father blessing his bride, who was Miss Frances Burns, a pretty stenographer, was the one most highly valued. The elder Green had not been told of his son's intention to marry.

Green met the girl who became his bride while "commuting" between Burlingame, the home of his parents, and his place of business in San Francisco. Miss Burns lived at Easton, that part of Burlingame not claimed by millionaires.

MAY MAKE 2 REPORTS

MINNEAPOLIS, Sept. 9.—The anti-Ballinger members of the Ballinger-Pinchot investigating committee declared today that they will disregard Chairman Nelson's order to meet in Chicago next Tuesday. They will continue their session here, they say, and make a formal report.

This action on the part of Ballinger's opponents on the committee makes it appear that the committee may be cut in two sections and that two reports will be rendered.

THINK TUG AND CREW LOST

(By United Press Leased Wire)
ASHTABULA, O., Sept. 9.—The fishing tug Ciscoe is missing from port today and it is feared she foundered in the storm which swept Lake Erie last night.

The Ciscoe left here yesterday to run to her nets 16 miles off the coast. After the storm passed away watch was kept along the shore, but no traces of the little vessel were found.

The tug carried a crew of six men in addition to Captain Murdoch Melver.

WILL BALLOT ON CHARTER REVISION COMMITTEE TONIGHT

Tickets are being printed today for the list of members of the commission to revise the city charter, agreed upon at the meeting of the revisionists yesterday. This list will be balloted upon tonight at the public meeting to be held by the charter revisionists in the Elks temple. It is expected that sufficient numbers of supporters of the commission plan will be in attendance to see that the slate selected by the committee is approved by the mass meeting.

Judge Adolph Munter has been selected to preside at the meeting and Dr. R. A. Munro will act as secretary.

It is desired that all friends of a commission plan of government turn out to the meeting and see that good men are elected on the official committee of 15 to draft the new charter.

The work of this committee will be submitted to the people without change and it must be accepted or rejected as a whole, and not in part. The people are ripe for a change at the city hall, and they should see that good men and not discredited city hall politicians are selected to draft the new charter. If the people do not turn out and participate in the proceedings they can only blame themselves if the subsequent work in drafting the new charter is not satisfactory.

VANCOUVER, B. C.—An automobile here yesterday turned off a hillside and fell 15 feet, pinning four occupants underneath, but none was badly hurt. Miss Chalmers, one of the party, turned off the engine and ran half a mile for help.

Don't forget to register. Only a couple of days left.

Experience only makes love more blind than before.

17 LOSE LIVES

(By United Press Leased Wire)
LUDINGTON, Mich., Sept. 9.—Between 15 and 17 members of the crew of the Pere Marquette ferry No. 18 lost their lives when the vessel foundered off Sheboygan, Wis., today, according to a wireless message late this afternoon from the Pere Marquette ferry No. 17.

Ferry No. 17 responded to the sinking vessel's wireless call for help. The first word from No. 17 after she reached the scene of the disaster was to the effect that 53 members of the crew and three passengers had been rescued. Communication was then lost.

SEATTLE.—His body enveloped in flames from his blazing trousers, which were saturated with tar, George W. Watson of Ballard refused to let others help him tear his clothes off, because of danger for them. The clothing fell off in pieces under his fingers. He was frightfully burned.

WHY ALL INDEPENDENT MEN SHOULD VOTE FOR POINDEXTER

The Spokane Press is supporting Miles Poindexter for the nomination for United States senator, at the primaries next Tuesday, because this newspaper honestly and earnestly believes that Poindexter, if elected, will be a real servant of the people, and an intelligent and effective servant.

The Press urges the candidacy of Poindexter not only because he will be of great and enduring benefit in the senate to the people of the state of Washington, but because the example of his election will serve to encourage all independent citizens who are striving for real popular government, and to shatter the shackles of the great plunderbund in politics.

The Press is supporting Poindexter because the Guggenheims, and the Weyerhaeusers, and the Hills, and the Ballingers of the state of Washington hate him, and slander him, and knife him. It is supporting him because all men know that this opposition of the allied private interests of Washington is solely because he will not bend the pliant knee of political bondage to them, and serve this little coterie of rich men in their pleasant little task of taking the people's lands and rights away from them.

Poindexter's record in this city is above reproach. He served the people's interests on the bench and in congress, and on the bench and in congress he was sneakily attacked by the big private interests. And when Taft and Ballinger were in Spokane he was relegated, in the parade, to "automobile No. 23," and on the presidential trip to Hayden Lake he rode in the smoking car ahead, while all the other prominent men were with Taft in the
