

WHY ALL INDEPENDENT MEN SHOULD VOTE FOR

(Continued from page one.)

parlor car. This is just one little straw showing the direction of the standpat wind. But on next Tuesday, unless all signs fail, the PEOPLE of the state of Washington will tell Poindexter to take the head of the procession, and possibly one Thomas Burke will be relegated to "auto 23."

The fight is a hard one. One standpatter has withdrawn to make the fight closer. Thousands of voters in Spokane have not registered yet.

Every man entitled to vote and who wants to send a man to the senate who will represent him and his fellows, and not the big corporations, should register at once, if he has not already done so. It is of vital importance. Poindexter's plurality east of the mountains probably will decide the nomination. He has had to carry on the fight in the "enemy's country" throughout the campaign, but that does not mean that he doesn't need the votes of all his supporters on this side of the Cascades.

So register, and VOTE on next Tuesday.

And here are the definite things for which Miles Poindexter stands:

- The policies for the common good developed under Theodore Roosevelt and bearing his name.
The reorganization of the federal house and senate so that both shall be responsive to public opinion, and no longer be dominated by privileged interests.
Strong and effective control of railroads and the just regulation of their rates.
A protective tariff, measured by the difference in the cost of production here and abroad.
Federal conservation of our national resources.
An issue of bonds for such amount as will enable the reclamation service to complete without delay the government irrigation projects now in process of construction.
A liberal and practical policy of internal waterway improvement, and, if necessary, the issue of bonds for that work.
A limitation of the power of injunction so as not to imperil the liberty of any man without notice and hearing.
Legislation which will end child slavery in the factories, mines and sweatshops of the land.
The proposed amendment of the constitution giving congress the power to tax incomes.
If you favor these things, vote for Poindexter at the primary election next Tuesday.

ANOTHER CHANCE TO REFUSE TO EAT WITH MEN

Will Roosevelt Decline to Banquet With Boss Cox?

(By United Press Leased Wire) CINCINNATI, Sept. 9.—Colonel Roosevelt is visiting informally today at the home of his daughter, Mrs. Nicholas Longworth. At Torrence station he left the train that brought him to Cincinnati and was driven to the Longworth home, where he spent the morning.

Shortly before noon Roosevelt visited the grounds of the Ohio valley exposition, where he was a guest at luncheon. Later he spoke in the Cincinnati music hall.

Hundreds of invitations were issued a week ago for a reception for Colonel Roosevelt at the Longworth home this afternoon.

The triumvirate that rules the city politically—George B. Cox, Garry Hermann and "Bud" Hynke—were in hidden to the assembly.

What the former president will say to them is causing much speculation and scores of Cincinnatians planned to time their minutes at the Longworth house in order to be present when the trio arrived.

Roosevelt was asked if Cox's presence at the reception would make any difference.

"You must not ask foolish questions," was the colonel's reply.

Roosevelt also refused to discuss the attitude taken by William H. Hearst in recent editorials in which he invited the colonel to come back to New York and help drive the bosses out of the state.

Politicians here are speculating on the possibility of a Hearst-Roosevelt alliance.

REGISTER! REGISTER! REGISTER!

If the registration at the precinct booths throughout the city does not pick up and increase five or six fold this afternoon and tomorrow, the total number of names on the list for the primary elections will not exceed 13,000, according to a statement made at the city hall this morning. There have been several cases where less than a dozen names have been added to the

POOR BOY RUN DOWN; KILLED BY AUTOMOBILE

Two things that cry out for remedy were emphasized last evening in the death under an automobile's wheels of poor little Harold McKenzie, aged 10.

One is that the emergency hospital at the city hall should always be kept open, with proper attendants present, and the other is that the police are not adequately enforcing the speed laws regulating automobiles.

The boy was run over by an automobile driven by Frank C. Lee, 1021 1/2 Fourth avenue, who is chauffeur for Louis P. Larsen, mining man. The accident happened at Second and Post streets. The lad leaped from behind a transfer wagon and the machine crushed him down. Lee at once took him to the emergency hospital. Officer Forster accompanied him and did everything possible for the boy, handling him tenderly and trying to get Dr. O'Shea.

When the party got to the emergency hospital the doors were locked, and it was some time before entrance could be obtained. The boy was unconscious. Three or four

other men went in with him, took off his clothes, rubbed his body, wiped the blood from his nose and lips and did everything possible for him. The hospital attendant showed up and administered a hypodermic right over the heart, but a few minutes later Harold died. His mother came, and a pitifully tragic scene followed.

To W. R. Cobb Lee said that he was traveling between 15 and 18 miles per hour when the machine struck the boy.

While the men were doing what they could for the dying boy, policemen entered the room and ordered them out.

Harold's father is living in Minneapolis, separated from Mrs. McKenzie.

MISSIONARY SOCIETY MEETS.

Mrs. George Libby received the members of the Women's Missionary society of the First Methodist Episcopal church this afternoon at her home on South Howard street. Mrs. F. M. Buck was leader and gave a program of the past year's work.

FOR GOOD GOVERNMENT

Following discussion of the Good Government and union labor campaign in the columns of The Press, great interest has been shown in the candidates endorsed. The Good Government ticket is worth the time and attention of every citizen, as men who have been endorsed by the farmers in the country and the workers in the city, must be, generally speaking, real people's candidates. Here is the ticket: United States Senator—Miles Poindexter. State senator, Sixth district—E. D. Sanders. State senator, Seventh district—H. Rosenhaupt. Legislature, Second district—William Blackman, R. A. Buchanan, W. D. Wheaton. Legislature, Third district—W. J. Coste, George L. Denman. Legislature, Fourth district—E. C. Bratt, Clyde Miller. Legislature, Sixth district—John Anderson, R. H. Phillips. Judge Superior Court—A. M. Craven. County Auditor—R. W. Butler. County Clerk—Otto Blenner. Sheriff—George Stone, C. R. Shenk.

BELLINGHAM VOTES ON LOCAL OPTION

(By United Press Leased Wire) BELLINGHAM, Wash., Sept. 9.—The city of Bellingham will vote on the question of local option at the general election in November, but the county of Whatcom will not, owing to a clerical error in the office of the local option league.

NORTH YAKIMA, Wash., Sept. 9.—Fifteen men charged with bootlegging were arrested this afternoon and evening by deputy sheriffs and the police and lodged in the county and city jail.

"KNIFING" WEBSTER

A report is out to the effect that Acting Chief of Police Sullivan will use what influence he has to knife Judge Webster for superior court judge. The reason therefor is that Webster offered some criticism of the career of Sullivan as chief of police that reflected somewhat strongly on the chief.

It was reported early in the judicial fight that Sullivan and the police bunch would support Judge Webster. When Sullivan learned of the opinion given of him by the superior court judge he backed up, it is announced, and issued the order for the "double cross."

"WE CAN BEAT HIM IN THE LEGISLATURE"

"Can we beat Poindexter in the legislature and still maintain the party pledge?" asked standpatter today, in responding to a question as to the probable action of the reactionaries in the event of Poindexter's nomination next Tuesday.

"Well, I guess we can. What if a number of the senators who are fishing good in the Sound while the legislature was in session, and there should not be a quorum. This lack of a quorum might continue from day to day until the time for the final adjournment of the session by law, in which event there would be no election of a United States senator and the governor would appoint.

"This is not a remote possibility, but a strong probability, if certain events happen. Mark me, the primaries will settle nothing if the boys on the west side want to break away."

FIGHTING THE JONES SYSTEM. Orchard Heights and East Hilliard are in line to fight the Jones water trust, that has just shut off water in the Cannondale section of the city on about 48 hours' notice.

A rousing meeting of the water consumers of that section of the city was held last night at the Columbia school house, and by unanimous vote it was agreed that the people should join with the Cannondale forces in bearing the expense of all litigation that may be undertaken and in signing any agreements that may be necessary to have the city of Spokane runs its mains out there. Twenty dollars was collected for the Jones prosecution fund.

L. L. Book was the chairman of the meeting, and L. H. Cromwell was secretary. Orchard Heights is aroused and has its fighting harness on in the water controversy.

Another meeting will be held tonight at Cannondale.

and grappled with him and we exchanged a few blows, and you can see where I hit him. It is true that I have seen Lottie on the street several times since her marriage to Weart, but I deny that I have in any way insulted her. I know that she doesn't love Weart and that she does love me."

MANN ON THE SCENE. Police Judge Mann was one of the first to step in between the contestants. He jumped into the fray and pushed one to one side and the other off the curb.

The crowd which had gathered around surged in between the participants and after being once separated they were not able to get at each other again. Mann's hat was knocked off in the scuffle, and someone placed it on Sapp's head when he was taken away by Coontz, but the judge hastened after him and rescued his headgear. Sapp's hat disappeared in the mixup.

SAPP IN JAIL FOR FIFTH TIME. And so Sapp is landed in jail again—for the fifth time—in connection with the cause celebre, the Jamieson-Sapp-Weart case, which has been aired so much in the newspapers during the past month. It was just a month ago today, that Miss Jamieson was found fainting in the E. P. Charlton 5, 30 and 15 cent store on Riverside, between Lincoln and Post, and was taken by Sapp to the home of a relative. She was ill for several days and although it was announced that she would marry Sapp as soon as she recovered her strength, and although the minister had even been invited for the ceremony, she surprised the public by marrying Arthur Weart on the evening of August 17.

Sapp has been in jail four times previously, thrice before the embargo of August 9 and once afterward. He has been detained a few days and then released by Judge Mann. Sapp says he is preparing to come out with some startling statements which will implicate Weart, A. W. Files and others connected with the case. Files, who is manager of the store, was at the station a few minutes after the fight, assisted Weart to the Emergency hospital this morning.

"ISN'T OVER YET." "And this isn't all over yet," was Weart's parting shot, when asked as to the details of Sapp's insults regarding his wife.

Mrs. Lottie Weart, nee Lottie Jamieson, was seen at the store a few minutes after the scuffle, and although considerably agitated over the affair, she declined to throw any fresh light on it at present.

OUT OF THE FIRE EMERGES A HERO

(By United Press Leased Wire) OLD POINT COMFORT, Va., Sept. 9.—OUT of the fire that yesterday almost burned the Battleship North Dakota, killing three seamen, Lieutenant Commander Murfin has emerged a hero and many of his shipmates are to receive commendation for deeds of bravery.

Details of the tragedy received here today show that hereinafter by the crew alone saved the warship from destruction and prevented heavy loss of life.

Single handed, Lieutenant Commander Murfin rushed into the fire swept engine room, fought his way through the dense smoke and carried out many of the injured. The three dead men were coal passers who were in remote parts of the engine room and were cut off from escape.
