

WATCH FOR ARTICLES OF GREAT IMPORTANCE

Beginning tomorrow The Press will run a series of articles of the utmost importance and interest, on the fight being waged by organized capital against organized labor in Spokane, Seattle, Tacoma, Portland, San Francisco and Los Angeles. A special representative of The Press spent several weeks in visiting the different cities, studying conditions and getting at the TRUTH. The stories will constitute the most valuable evidence of conditions regarding labor and capital ever presented in the west. No man or woman can afford to miss them. The first will be printed tomorrow and the days thereafter until the whole situation is shown.

DEMOCRATS VOTED REPUBLICAN BALLOTS

Less than 10 per cent of the vote cast in yesterday's primaries went to the democratic ticket. The democrats voted the republican primary ballots, and in this got on the band wagon with the vast majority. Such well known democratic wheel horses as A. C. Edwards, former candidate for lieutenant governor; C. C. Dempsey, ex-sheriff; Mike Dunn, ex-candidate for councilman; Dr. J. J. O'Shea, city emergency physician; Julius Zittel, manager of Mayor Pratt's campaign two years ago, and Judge P. F. Quinn united in the general stampede. H. D. Merritt has defeated Orris Dorman for congress in Spokane county, but it is believed that Dorman will be nominated in the district. Dr. P. S. Byrne for United States senator, has made a good showing against George Cotterill, but the latter seems to have the most votes. The contests for congress and senator were the only ones waged without opposition.

HUMPHREY LEADS IN BELLINGHAM

(By United Press Leased Wire) BELLINGHAM, Sept. 14.—Complete returns from all city precincts and practically complete returns from the county districts give Poindexter 2487, Ashton 820, Burke 669, John E. Humphries 334. W. E. Humphrey leads for representative in congress over T. P. Revelle by over 1000 majority. J. W. Bryan is a poor third. R. L. Kilne received the nomination for state senator by an overwhelming majority. Frank W. Bixby of Lynden defeated George Livesay, the present incumbent, for the county attorney nomination.

T. R. PLUNGES INTO POLITICS

(By United Press Leased Wire) OYSTER BAY, N. Y., Sept. 14.—Colonel Roosevelt will make his first political speech of the New York campaign at Riverhead tomorrow. He will then go to Syracuse, where the campaign will be opened in earnest Saturday night. Roosevelt is confident of controlling the state republican convention. He is busy directing the framing of a tentative platform. This, it is reported on good authority, will be distinctly progressive in character.

JOINT ENDORSEMENT OF ROOSEVELT AND TAFT

(By United Press Leased Wire) JEFFERSON CITY, Mo., Sept. 14.—A joint endorsement of Theodore Roosevelt and William Howard Taft is a feature of the republican platform in Missouri. The document was finally drawn up after an all-night session and was presented to the convention today. The platform recommends the conservation policies of both Roosevelt and Taft, pays a tribute to the tariff, endorses Governor Hadley and his administration and the record of the republican party generally.

OLD COURT HOUSE RING WINS SOME

Paid Workers Effective at Precincts—Centered on Local Contests.

In the primary election yesterday the republicans of Spokane county voted for a house cleaning in the halls of congress, but turned the county government over to the old machine that has had its grip on the throats of the taxpayers for over a generation. Republicans voted to send Poindexter to the United States senate, but trusted his fate to standpat candidates for the legislature, who will elect the senator. No opposition was given to Poindexter by the gang, because they realized that it was useless. They centered their attention on the legislative candidates and the men running for the county offices, and in this respect the gang came out of the race with colors flying. By steering clear of the senatorial fight they fooled the people and got their votes. The courthouse machine received an awful scare in the primaries Tuesday. Early returns were against the ring candidates, but later reports showed that their faithful lieutenants in the several trued precincts had delivered the goods. Yesterday at the polling places the gang was represented by paid skilled boosters, who worked against every man out in the interest of good government, except those of Poindexter and the congressmen—although for the latter place there was quite an effort to boost two of the candidates. The people had no one at the polls, in most instances, to plead their cause, and the skilled workers of the ring managed to get in their work.

PHILLIPS MAY WIN

At 2 o'clock this afternoon the race for county commissioner between Phillips and Scott was still in doubt. At that hour 46 of the 58 precincts in the district had reported with a vote of 2,348 for Scott and 2,335 for Phillips, giving Scott a lead of 103. Friends of Joe Phillips expect to make sufficient gains in the remaining 12 precincts to overcome the lead of Scott. W. B. Dishman at 2 p. m. had a lead of 198 over Ben Newell in 21 out of 37 precincts in the second commissioner district.

DO YOU KNOW?

That there are 91 electrically illuminated advertising signs along Riverside avenue? Count 'em, 91.

That Davenport's restaurant had its inception in a little tent a few days after the great Spokane fire? Davenport was the chief tray chaser in those days, and he sure was some waiter. He could "deal 'em off the arm" with the best of them. But now days! Well, far be it from such.

That the average baby, if it lives to maturity, will grow to be just four times as tall as when born? This is not an infallible rule, but it works in the majority of cases.

That a Spokane shoemaker once reaped a fortune from the making of one pair of shoes? His name was Lundberg, and in the early days of the celebrated LeRoy mine at Roseland he was given 5,000 shares of stock in the mine for building a pair of shoes. He kept the stock. Five years later it was sold for \$40,000.

That the first car line on Washington street was a steam traction line? It was built by Francis Cook, pioneer and well known at the present time. It was called the Cook Motor line.

That a variety theater used to occupy the building where Ware Brothers are now located? It was called the People's theater, and the proprietors were Jacob Gotz and Harry Baer.

That a small boy was once killed on the steps of the old Franklin school house by being hit in the throat with a small stick? He died in less than five minutes after being struck, and the doctors were unable to discover any sign of injury.

That there are three union restaurants adjoining one another on a certain street in Spokane? See if you can find them.

HOT LOCAL FIGHTS

man is nominated. Also Anderson, from the indications at hand, BIG FIGHT ON PHILLIPS. The most hotly contested fight on the county ticket is between Joe Phillips and Allan Scott for commissioner in the First district. The two men were neck and neck all morning, first one being ahead and then the other. At noon in 37 of the 56 precincts gave Scott a lead of 20 votes. For a time Ben Newell, the farmers' candidate for commissioner in the Second district, was in the lead. Then Dishman of Opportunity crawled out in the lead and is nominated. The candidacy of H. F. Hanson, farmer, backed by the ring as a counter attraction, to Newell, helped to beat the latter. Mac Pugh for sheriff has a good lead over Shenk, although Shenk made a good showing. In many precincts Shenk ran neck and neck with Pugh.

WEBSTER'S BIG LEAD. Later returns are giving Judge Webster a big lead over his next nearest competitor, A. M. Craven, for the superior bench. Cal Atkinson, county clerk, has beaten Otto Blanner. Atkinson was backed by the machine and had his workers in every precinct. C. L. Graves for county engineer and Glen Creighton for assessor had a walkaway. Graves had a big lead over Joe Snow, and Creighton has outdistanced J. S. Graves. Dr. Schlegel has been renominated for coroner. Dr. George A. Downs made a fine showing against him and for a time had Schlegel pushed for a lead. The result on county superintendent of schools is a surprise. F. V. Yeager secured a big lead over Professor Schlauch in the city and has won by a large majority, overcoming the support in the country given to Schlauch.

POINDEXTER

iam E. Humphrey, incumbent, in the first district (Seattle), is running close to any may lead Revelle, progressive, on first choice vote, but the indications are that he will not get 40 per cent, and the second choice will be required to decide, in which case Revelle will win. In the second district (Tacoma) Warmurton, insurgent, in a three-cornered fight, has carried the district by 3,000. In the third district (Spokane) W. L. La Follette, Pullman farmer, insurgent and cousin of Senator La Follette, leads all six of his opponents on both first and second choice. Poindexter's nomination in the primaries insures his election by the legislature, since four-fifths of the successful legislative candi-

CANNON RENOMINATED. (United Press Leased Wire) DANVILLE, Ill., Sept. 14.—With the congressional primaries but one day distant, Joseph Cannon seems assured of renomination from this district. His opponent for the republican nomination is the Rev. Henry Downs, who is making his campaign on an anti-saloon platform.

HIS CAMPAIGN EXPENSES

(By United Press Leased Wire) LOS ANGELES, Cal., Sept. 14.—Dick Ferris, defeated republican candidate for the nomination for lieutenant governor, filed today with the county clerk an account of his campaign expenses, in accordance with law. A few items of his expenditures follow: "Telegrams from Minneapolis, 'biting at the bait,' \$10. "Personal expenses and canvass of voters, such as being the 'fall guy,' for a bunch of alleged voters hanging around saloons who 'moved in' when I attempted to buy a drink for myself, \$100. "Circulating and verifying petitions and printing bill, I don't know whether this money was spent or not; it is my opinion it was not, \$1,396."

dates are pledged to support the party choice. While there are no returns from the Democratic primaries, results in that party, most of them uncounted, are practically all in favor of George F. Cotterill, of Seattle, for Senator; W. W. Black, of Everett, for congress, first district; Maurice Langhorn, of Tacoma, for congress, second district, and J. B. Dorman or W. H. Merritt, of Spokane, for congress, third district. Should either Humphrey or McCredie be nominated on the republican ticket he would face possible defeat, his democratic opponent in November. The senatorial and all three of the congressional contests in the republican party were fought on the national insurgent issues, the Payne-Aldrich tariff, the high cost of living, national opposition to state conservation, the domination of politics by big business, Aldrichism and Cannonism.

UNCOVERED MINE BY DYNAMITING.

(United Press Leased Wire) VICTORIA, B. C., Sept. 14.—The salvors of the steamer Princess May uncovered a mine when they were dynamiting the rock out for the launching ways to float the steamer from the reef of Sentinel Island. The blasts dislodged gold ore. No assays were made of the rock dislodged, but it appears to contain copper of sufficient value to work to advantage.

STORM AGAINST STREET WORK

Last night the city council encountered a veritable storm of protests against different public improvements. Many of the improvements had been "railroaded" through the city council, without the knowledge or consent of the property owners, who, when asked to foot the excessive bills, in some cases, naturally kicked. Some of these were set aside. One of these jobs was the improvement of Addison street, Liberty to Rowan, against which over 75 property owners entered protest because of the excessive cost and the unfairness of the assessment. Lution introduced by Councilman Nelson. Last night the assessment roll was confirmed by the following vote: Aye, Nelson, Dalke, Mhr, Shaefer and Gray. Nay, Belshaw, Funk, Cartwright and Schiffer.

DOES DOUBLE OF DEAD DOCTOR LIVE IN EUROPE?

BRIDGEPORT, O., Sept. 14.—The existence of a remarkable double of Dr. F. F. Healy, a former physician in this city, whose death was reported and for whom a funeral was held at Bethlehem, Pa., just a year ago, is the explanation offered here for reports from Europe. Old acquaintances of Dr. Hepler, traveling in France and Italy this summer, have sent word of seeing a man whom they believed to be the doctor, until they were informed he was dead. Mrs. Clara Sharp Fleischman, a Bridgeport girl married to a New York millionaire and now living in Berlin, is said to have written about such an occurrence in a Paris story.

TODAY IN HISTORY

Sept. 14, 1812, Napoleon and his troops marched into Moscow, which a few days before had been one of the most populous cities in Europe. When the French got in, they found they were practically the only inhabitants, only enough Russians being left to light matches in various inflammable materials which made Moscow a very uncomfortable place to live for a long time afterward. In three days nine-tenths of the city burned, but Napoleon lived for five weeks in the other tent, and then marched his troops out again in the cold of a Russian October.

"SPOKANE, WASHINGTON, D. C."

One of the nice little problems with which postoffice office employees have to contend was solved this morning when a letter was delivered at the office of the city water department. The letter was addressed to "Spokane City Water Department, Washington, D. C." and was delivered here after having been sent to the nation's capital. It was from a large eastern firm and enclosed a bill for supplies furnished the city of Spokane.

BANNER PRECINCT

Election returns bring out some strange things. Probably the only precinct that Judge Poindexter lost in the county was Colbert precinct. Judge Poindexter's ranch is in Colbert township and it seems that some of his old acquaintances there either voted against him or his friends failed to go to the polls. However, as there were but 12 votes cast, Colbert does not amount to much in the balance. Poindexter received 2 votes, Burke 4, and Ashton 3. Probably the banner Poindexter precinct in point of unanimity is Fruit, where Poindexter got every vote cast but two, and these were equally divided between Humphries and Freeman. This is a 16-to-1 ratio. Many democrats who voted their own ticket scratched it and voted for Poindexter just the same.

VOTE AT TACOMA.

(By United Press Leased Wire) TACOMA, Wn., Sept. 14.—Reports from 74 precincts out of 120 in Pierce county give Poindexter 4,813; Ashton, 4,045; Burke, 106; Humphries, 465. In the congressional race, with the same number of precincts as heard from, Warburton is first with 2,798; McCredie, 1,497; Clay-attie, you know. The people in the

WHERE ARE ALL THE BABY GIRLS? HERE'S FINE CHANCE FOR ONE OF 'EM!

Where are all the baby girls? This was a question asked by Mr. Paul T. Gadsden, a well-known and prominent business man of Portland, Ore., who, with his wife, passed through Spokane several days ago. Mr. and Mrs. Gadsden are looking for a baby girl they can adopt and call their own; some little homeless baby of fortune they can take to their fireside and love and protect and educate. Before coming here they visited the orphan homes at Portland and

Seattle and upon their arrival here visited one or two homes without finding a baby subject for adoption between the age of a few months and two years. They want the child while it is young so they can raise it as their own without its having any recollection of its privation or unhappy birth. It may be a baby cast off by unloving parents; one left alone in the world through death and misfortune, or one who otherwise would have to face the bitterness of the world without a name. All they ask is that the child be

a healthy little girl, bright and attractive looking. They have no preference as to a blonde or brunette. Mr. Gadsden comes from a good old southern family, is the son of a clergyman and a grandson of a bishop. He is a man of sterling character and unlimited means. He and his wife have made their home in Portland for several years and soon intend to make their home on a big fruit ranch at Metz, Ore. They are asking for some little baby to share the comforts and pleasures of their home.

SEVERAL KILLED IN COLLAPSE OF BUILDING

(United Press Leased Wire) CHARLEROI, Belgium, Sept. 14.—Several persons are believed to have been killed today when Exposition hall, one of the largest buildings in Belgium, collapsed. Already two bodies have been removed from the ruins. More than a score of injured were taken to hospitals.

"THE WHOLE MOUNTAIN JUST TOPPLED OVER"

Things were fairly quiet about Poindexter headquarters, 537 Peyster building. Just a few of the faithful stuck around to hear the last of the returns, and George B. Dresher, in charge of the office, had things pretty much to himself. Frequently, however, friends and well-wishers of Poindexter dropped in to extend congratulations, and finding the coming senator not about extended them to Mr. Dresher instead.

The general expression of all who called at headquarters this morning was one of surprise, not that Poindexter had been elected, but that the victory had been so sweeping. It certainly was some victory. In the language of the old prospector when he was dug out from under a cave-in in the tunnel where he had been working: "It wasn't no land slide, the whole mountain toppled over."

DAPHNE POLLARD TALKS WHILE EATING PEACHES

Miss Daphne Pollard and company, who head the bill at the Pan-tages this week have one of the biggest successes of the vaudeville season. Miss Pollard was found by the reporter after the performance eating peaches in her dressing room. "Won't you have one?" she said, "my brother brought me a box from his ranch at Helan, 10 miles out of Spokane. He was here this afternoon. "Is it a success?" (referring to her act) was her first question, and upon being assured emphatically that it was—"Oh, I'm so glad. That's awfully encouraging. You see, we put it on for the first time Sunday, and only had two weeks' practice. We were given the parts on a Saturday evening and had to know them by the following Sunday. And then, western audiences are so hard to please. In the east you can make them 'riot,' as we say, if you life your finger at them, but in the west it's different. You have to work to get enthusiasm. But I like the west—I live in Seattle, you know. The people in the

east seem so cold and they're not a bit friendly. "Do I like the stage? I'm crazy about it. I've been acting for 10 years now. I started in when I was seven, and I'm now going on 19. My first part was in the "Belle of New York." CHANLER "SICK OF THE ENTIRE MATTER" (By United Press Leased Wire) NEW YORK, Sept. 14.—The affairs of Mme. Cavaleri-Chanler are in the hands of Attorneys King and Osborne today. Attorneys for the diva's husband say the question whether she gets any of his property depends largely on "Sheriff Bob" himself. Chanler says he is "sick of the entire matter," and is inclined to leave the matter in the hands of his lawyers and efface himself as quickly and completely as he can. LOS ANGELES, Sept. 14.—Gift-ford Pinchot and his brother Amos will reach Los Angeles this evening. They will go to San Pedro.
