

TURKEY IS PREPARING FOR WAR

MASSES TROOPS ON BORDER OF PERSIA

(By United Press Leased Wire.) CONSTANTINOPLE, Nov. 5.—Fearing the loss of a portion of her Asiatic domain, Turkey is massing troops on the Persian frontier to resist strongly an attempt on the part of Great Britain and Russia to divide Persian. It is reported that Turkish cavalry already have invaded Persia. This report could not be confirmed. Dispatches indicate that yesterday's battle was fought at Biris, not at Lingah, as Teheran dispatches stated. The engagement began when British marines attempted to prevent the Persians from smuggling in arms designed for use against England.

GONZAGA 17 MONTANA 0

Score at the end of the third quarter: Gonzaga, 17; Montana, 0.

Gonzaga college went into the game with Montana University today with the determination to fight to the last ditch and this determination carried the local boys to victory. Playing the fastest game they have put up this season the Gonzagans, although outweighed eight pounds to the man, carried the ball into Montana's territory right from the kick off, and at the end of the first half the score stood 11 to 0 in favor of the plucky little fighting Irishmen. Montana put up a stiff game, but the locals were too fast for them.

SPOKANE HIGH 47 LA GRANDE HIGH 6

Outweighing their opponents 10 pounds to the man, Spokane high school football squad walked down the field with the lighter LaGrande team this afternoon at Natatorium park and scored a touchdown and goal in the first quarter and a couple more in the second section. The locals had a hard fight, however, ahead to depend largely upon the forward pass for their gains. At the end of the first half the score stood 18 to 0 in favor of Spokane.

SHEHRIDANS WIN.

The Sheridan school football team beat the Stephens school eleven on Sheridan gridiron, 7 to 5, this afternoon.

CLAIM NEW YORK GOES FOR JOHN DIX

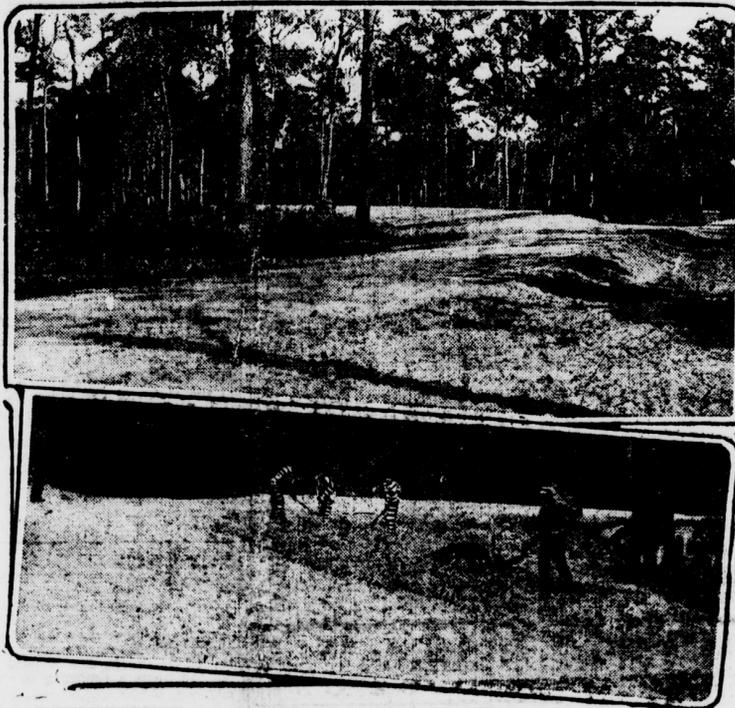

(By United Press Leased Wire.) NEW YORK, Nov. 5.—Chairman Huppuch of the democratic state committee claims John A. Dix will carry the state by a plurality of 5,000. Republican Chairman Prentice concedes that Henry L. Stimson, republican gubernatorial nominee, will run 15,000 behind the ticket. It is claimed that the upstate majority for Stimson, however, will be 167,000, and conceding that Dix carries Greater New York by 67,000 the republicans figure Stimson will have 100,000 in the state.

FIRST MOVE TO SETTLE GARMENT WORKERS ROW

(By United Press Leased Wire.) CHICAGO, Nov. 5.—The first move to settle the garment workers' strike was made today when President Rickert of the strikers, signed an agreement with the firm of Hart, Schaffner and Marx, clothiers, by which 15,000 of the striking employees of that firm will return to work Monday. It is believed this agreement marks the end of the great strike. By the terms of the agreement all questions in dispute except the open shop proposition will be left to arbitration. The Hart, Schaffner and Marx shops will remain "open" temporarily, the company promising not to discriminate against unionists.

HURRAH FOR THE NEXT TO DIE! HIS WIDOW GETS JACK POT

SAVANNAH, Ga., Nov. 5.—Do the pilots of the monster racing cars entered in the grand prize race to be held over the convict made Georgia highway known as the Savannah automobile course, November 12, realize the risk they take? If you could look upon these dare-devils the night before the big race you would know they do. You would know they go to the starting line, having carefully weighed the chances for and against finishing alive or being hurried away in an ambulance to gasp out life in a field hospital. The night before the last Vanderbilt race—before every big road race, in fact—these young fellows who flirt intimately with death, gathered for a banquet. They dined well and they indulged more or less sparingly in the juice of the grapes of France. And when merriment was at its height and the banquet was drawing to a close, someone proposed a jackpot to go to the widow of the next man killed, or to the widows if more than one man went to his doom. Each of the men at the supper chips in one hundred or two hundred dollars to take care of the little woman left without a protector. And then, standing, the pilots drink to the man who goes to his death, sending glasses crashing to the floor when they are drained. And they go from that room to their beds not knowing, apparently not caring, which one's widow will collect the jackpot insurance the next day. Does it take nerve to drive a car 60 miles an hour after this? Do these men realize the risk they run when they drive to the starting line? The jackpot and the toast supply the answer. The outsider would call it the quintessence of bravery, to drive under such circumstances. It is different from battlefield bravery, when excitement and high purpose urge men on. Here, with the chances for and against calculated, with the toast to the next one to die tossed off, nothing remains but nerve—cold,

DANGEROUS CURVES ON THE SAVANNAH COURSE.

calculating nerve—to carry the men through unscathed. The Vanderbilt race claimed its toll in human lives, and the grand prize race was forbidden over New York roads. It was then that Savannah welcomed the speed devils and Georgia sent out her convicts to prepare the road for the big race.

COUNCIL HEARING ON MONDAY; SULLIVAN MAY BE FORCED TO ATTEND

It is reported today that Captain Sullivan in spite of repeated statements that the council would not give him a fair trial, and that he would not under any conditions appear before the council, has decided that it will be necessary for him to be on hand. Through Mayor Pratt he first tried to block a hearing by the council, and then attempted by court order to stay proceedings. Then he resigned the position of acting chief, because he was afraid to have the charges tried. Now it is reported that, after all these attempts to block action, he will be forced to defend himself. Monday evening at 8 o'clock begins the official hearing by the city council into the charges. The hearing will be held in the council chamber and will be open to the public. Subpoenas are now being issued for the witnesses and the hearing will demonstrate what a glaring whitewash was the other hearing, held last week by the board of police commissioners. Sullivan's organ shouts: "Sullivan Man of Sterling Honesty." Sullivan himself says: "They have charged me with being a crook, a grafter and a murderer." No such charges have been included in the list filed by J. H. Elliott. Continued on Page Two.

PORTLAND WILL BE 28TH LARGEST CITY

(By United Press Leased Wire.) WASHINGTON, D. C., Nov. 5.—According to well authenticated rumors here today Portland will be shown to be the 28th city in population in the United States when the census is announced. In 1900 the city stood in the 42d place. It is understood that Portland's population while reduced below the original report of the enumerators will be in excess of the figures sent in by Special Agent Hester of the various districts and shaved down the figures by several thousand. It is understood that San Francisco still holds the lead as to population, while Los Angeles is second, Seattle third, and Portland fourth. INDIANAPOLIS, Ind., Nov. 5.—United States Senator Beveridge will close his campaign here with a rally tonight in Tomlinson hall. John W. Kern, Beveridge's democratic opponent, will also conclude his campaign here, speaking at four different meetings tonight.

MASKED BANDITS HOLD UP STORE IN HEART OF CITY

(By United Press Leased Wire.) KANSAS CITY, Nov. 5.—Three masked bandits raided Daniela's jewelry store in the heart of the downtown business district, at noon today, overpowered the clerks, took several hundred dollars' worth of jewelry, and made a successful getaway, in spite of the efforts of passersby who attempted to catch them. The men carried revolvers, and when several of the bolder witnesses of the robbery thrust themselves forward they threatened to shoot anyone who interfered. Running around the block, meanwhile keeping a weather eye out behind for possible interference from the crowd, they escaped. The police arrived several minutes too late.

MAY TAKE THE BROWNE JOB TO SUPREME COURT

IF SUIT IS WON, CONTRACTOR WILL HAVE TO PAY COST OF WORK—WAGE CLAUSE AT ISSUE.

If the suit started by Mrs. Virginia Winston and others, attacking the validity of the assessment on the Browne's addition paving district, proves successful, it may have the startling result that the bondholders and the contractors on the work will have to stand the expense of the immense amount of paving now being done in the district, and the city and the property owners will secure the improvement free of cost. At least that is the opinion expressed by Attorney Alex Winston, whose mother is one of the principals in pressing the action, and Mr. Winston does not hesitate to declare that he confidently expects that the suit will be won, and the assessment invalidated. It is the expectation of the parties behind this suit, that the matter will have to be taken to the supreme court of the United States before a final decision is rendered, and in this event it will be the first time that the highest court of the land will be called upon to render a decision upon the legality of a city's inserting in a contract for any improvement a clause regulating the wages to be paid by the contractors, and the number of hours to be worked daily by the workmen employed. That Particular Clause. In the contract with J. F. Hill, who is doing the Browne's addition work, is a clause which provides that workmen on this improvement shall be paid \$3 per day and shall work but eight hours. This clause is one of the principal points raised by the litigants who seek to invalidate the assessment. It is not because they object to good wages being paid, that protest is being entered, but upon the point that if the city has power to enforce a \$3 wage and an eight-hour day on a public improvement, it would also have the power to insist upon an \$8 wage and a three-hour day, thus imposing an increased cost upon property owners. Upon this point, attorneys for the parties back of the suit, cite the decision of the court of appeals of the state of New York, in the case of the People vs. Coler (at that time comptroller of New York City) in which the question involved was practically the same as in the Browne's addition case. In rendering his decision in this case, Judge O'Brien of the appeals court, said: "When the expense of an improvement is enlarged beyond actual and reasonable cost under ordinary business conditions, their equity is taken without due process of law."

BOTH PARTIES CLAIM THE NEXT CONGRESS

(By United Press Leased Wire.) CHICAGO, Nov. 5.—Chairman William B. McKinley of the republican congressional campaign committee today issued the following statement: "From the best reports obtainable, I am confident that the republicans will control the Sixty-second congress, with a fair working majority. The size of this majority, and, in fact, the outcome of the election, will be determined by the percentage of the republican vote going to the polls Tuesday." Secretary Trimble of the democratic congressional committee predicts a democratic majority of 51 votes in the next house. "We believe that we will have a majority of 51 votes in the lower house of congress after the coming election," said Trimble. "We arrived at this conclusion by giving each party the districts we thought were reasonably sure. The remaining districts we divided equally between the republicans and democrats."

Bulletin! Cox May Be Police Chief---of Arizona Pass

Rumor about the local police station hath it that Spokane's finest are soon to lose the services of Detectives Geo. Cox and Chester Edwards, as both these well known sleuths are said to be seriously considering an offer recently received for the transference of their energies to the great state of Texas. According to the story, as it goes about the station, Cox has just received a letter from a friend of his who has recently been elected mayor of Aransas Pass, Texas, a town of several hundred population in the growing portion of the Panhandle state, and in this letter he has been offered the position of chief of police of the Aransas Pass force. It is also added that the chief constitutes the entire police force, George is non-communicative regarding the matter, but admits that he has offered Chester Edwards the job of chief of detectives, this position carrying with it the honor of comprising the entire gumshoe squad. Rumor has it that the boys are seriously considering taking up the task of making the Aransas Pass people believe, but Cox and Edwards, when questioned regarding the proposition, say that old James Rumor is pretty much of a joker. Anyway, whether they accept or not, they have been offered the job.

FOOTBALL RESULTS

Chicago, 14; Purdue, 5. Yale, 9; Brown, 21. Harvard, 27; Cornell, 5. Michigan Aggies, 0; Marquette, 2. Navy, 30; Lehigh, 9. Oberlin, 8; Western Reserve, 6. Dartmouth, 15; Amherst, 3. Springfield Tech., 0; West Point, 5. Holy Cross, 0; Princeton, 17. Lafayette, 0; Pennsylvania, 18. Indiana, 0; Illinois, 3. Nebraska, 6; Kansas, 0. Vanderbilt, 22; Louisiana, 11. Carlisle, 22; Virginia, 6. Carlisle, 22; Virginia, 6.

MAN POSED AS OFFICER TO WIN LOVE OF GIRL

(By United Press Leased Wire.) PORTLAND, Ore., Nov. 5.—G. R. Reed, a curly-headed countryman who impersonated a United States secret officer to win the love of a girl, pleaded guilty in the United States district court today and was sentenced to three months in the county jail. Reed smiled and went back to his cell. When Reed was arraigned his attorney said he had been guilty of no serious wrongdoing, the only advantage he had secured by his impersonation being an automobile stage trip worth \$1.50. He said he had posed as an officer in order to secure a position of favor with a woman and with his friends. The district attorney agreed the case was not very serious, but insisted on a severe enough sentence to restrain Reed from ever again posing as a member of the secret service. When a highwayman attempted to hold up William Dunbar at his barn in the rear of his residence, E1824 Sprague avenue, last evening, Dunbar got busy with a pitfork and the would be robber fled hurriedly.

MARTIN CASE GOES TO JURY

(By United Press Leased Wire.) FRESNO, Cal., Nov. 5.—The case of Dr. Jackson Martin, charged with failure to provide medical attendance for his dying wife, went to the jury at noon today. Arguments by the attorneys for the prosecution and defense consumed the morning session. The main argument for the defense was that the defendant, in placing his wife in the care of two nurses, provided proper medical care and therefore was not guilty of the crime charged. To prove that Dr. Martin loved his wife, they pointed out that Dr. Martin accompanied her body as far east as Kansas City, from which place it was taken to a town in Kansas for burial. CAVALIERI IS ILL. (By United Press Leased Wire.) PARIS, Nov. 5.—Illness today caused Lina Cavalieri to cancel her engagement to play the leading role in "Thais" tonight. The singer's condition is not believed to be serious, but it is likely she will not appear behind the footlights for some time.

PRESS' ADVISORY TICKET

This is the advisory ticket prepared by The Press, and offered to the voters for the general election next Tuesday. The Press believes that the election of these men for the particular offices specified will be best for the people of Spokane. If the citizens think the same, this newspaper advises them to cut out and save this advisory ticket.

- United States senator—Miles Poindexter, republican. Congressman—W. L. LaFollette, republican. Supreme court judge—Non partisan nominees. Prosecutor—John L. Wiley, democrat. Sheriff—George E. Stone, democrat. Auditor—R. W. Butler, republican. Treasurer—Zach Stewart, republican. Clerk—Glen B. Derbyshire, democrat. Assessor—Glen Creighton, republican. Engineer—C. L. Graves, republican. Coroner—Dr. Titus, democrat. Commissioners—First district, William R. Roy, democrat; Second district, Warner Cobb, democrat.
