BIG 'UNS COMING

Oh, you vaudeville fans! Sit up and take notice. For the "big 'uns" are reported to be coming our way. Yes, sir; they tell us that Spokaneettes are soon to see Johnny Evers of the Chicago Cubs, in his "vodvil" skit, and that immediately following him will come Pierre Maupome, the wonderful Mexican billiardist, who has been setting the east afire with his remarkable work on the green-cloth tables.

OH, SQUASH, FELLERS.

The first squash tennis championship tournament ever pulled off in this city begins at the Y. M. C. A. gym this afternoon.

WASHED WINDOWS DURING MURDER

DENVER, Col., Dec. 6.—That the defense of Genky Mitsunaga will produce a woman who lived opposite the Wilson home at the time Mrs. Katherine Wilson was murdered, who will swear that she saw the Japanese calmly washing windows while screams for aid were heard and that she will support other phases of the defendant's story was the sensational declaration today of Attorney Hilton, in his opening statement for the defense.

He carried out hot coffee, and has kept up the custom.

SPORT SPICE AND DIAMOND GOSSIP

WELL KNOWN CONFESSORS Old Doc Cook, Dr. Crippen, Gaby, Philadelphia Jack, George Little, De Quincy, Frank Chance.

Champion John Arthur Johnson will spend a few days with the folks on Wabash avenue. New York upset Johnson's digestive workings, and he has been seeing 'possum with red, white and blue fur, and similar things. Jack will probably loaf until that bank roll begins to wrinkle.

Minnesota conference football champions, having been put over the jumps by the Wolverines, will probably help Chicago keep Yost's eleven out in the cold hereafter. An outsider is prone to wonder where is the cold.

Shades of McAuliffe, Lavigne, Erne, Gans and Nelson—"Woigast, lightweight champion!"

With all the cue stars on earth in New York, promoters are making desperate efforts to make pool and billiards popular.

When the Moran-Woigast articles are signed—if this ever happens—it will be thoughtful on Charlie Harvey's part to scan the typewritten lines carefully as a guarantee that Woigast and Jones don't slip in a sleeper providing for Moran to strap his right arm to his body upon entering the ring.

Dopesters are proving that the baseball teams of their burgs were better (on paper) than the teams that finished ahead of them. Meantime the flag flies for the clubs that led the way to the wire.

TWO TEAMS AFTER OAK PARK BUNCH

Looks as though there would be some kind of a Washington game for that Oak Park football bunch which is coming out from Chicago, for both Aberdeen and Wenatchee are hot on the trail of the eastern lads.

If the apple town boys manage to close the deal, Spokane will see the game, while if the lumberjacks get on for a game, it will be played in Seattle. It would not be a bit surprising if both teams got a whirl at the fast eastern bunch.

The game which would attract greatest attention, however, and which would go furthest to clear the present muddled atmosphere in interscholastic circles, would be a contest between the apple growers and the lumberjacks, either in Spokane or Seattle.

Both teams are claiming the state championship this year, and both seem to have about equal claim to the honor. If they could get together for a game there would be no more question about the matter. Incidentally, this would be about the most interesting game, and undoubtedly the most profitable from a financial standpoint, that could be played this year.

TEN ROUND GO TONIGHT. (By United Press Leased Wire.) NEW YORK, Dec. 6.—Lou Powell, of San Francisco and Young Otto, of New York, will tangle tonight in their second meet here before the New York Athletic club. The boys will step ten rounds unless one or the other slips over a sleep producing wallop before then. Powell is looked upon as the winner because of the way he stepped around Otto in their first scrap three weeks ago.

Some Restaurants That We Know of Are 'Hollering' That We Are Selling Our Good Food Too Cheap. Why do they yell? Because we are doing business up to our capacity while they have to watch their chairs and tables sitting empty. Let them give the values that we do and the people will patronize them as they do us now. We want to impress these facts on the people of Spokane. We hire union help, pay their scale of wages and live up to their hours. The union card is on display in this restaurant at all times. Come and see it. We use only the very best of materials. Our meat is all U. S. inspected and must bear the label before it is allowed in this place. We use only the choicest of poultry and eggs, buying it ourselves direct from the farmer. Our milk is served in SEALED BOTTLES ONLY. It is as near pure and as clean as it is possible for anybody to serve to the public. It is the richest and best quality we have been able to find. We have been in the restaurant business for years—we know our business, that's why the other fellows are hollering. We buy everything in large quantities—beef by the side, whole mutton, whole veal—that's why we get the price that enables us to give you so much good food for a two-bit piece and still make a reasonable profit for ourselves. That we do ship in our own poultry and eggs we will prove to anyone interested by showing receipts from the express companies. Our cooking is the best—it will remind you of the sort that your mother used to give you. Remember, with each meat order we serve: Soup, potatoes, side dish of vegetables or sauce and choice of tea, coffee or milk. And the prices of most of our meat orders is only 25c, and we always have one or two good ones at 20c. If we are giving too much for the money and the other fellows say we are, we invite you to come and take advantage of it. Whenever you come here once it is almost certain that you will come again and again. The Tuxedo Cafe 216 Division St. Between Front and Main.
