

GAMBLE OUT FOR COMMISSIONER

Probably the first candidate for city commissioner to get his cards actively in circulation is Thomas D. Gamble, former chief deputy city treasurer. Mr. Gamble was a candidate for the nomination for city treasurer two years ago and was defeated by the present treas-

urer, J. Oscar Peterson. He announced his intention of coming out for county clerk against Cal Atkinson in the primaries last fall, but afterward concluded not to make the race.

GIFT FOR "ANTI-SPOONER."

Notwithstanding the anti-spooning crusade that H. Pardo, federal policeman at the postoffice, has waged in the postoffice corridors, two pretty young misses came up to him yesterday and presented him with a silk kerchief and neck-

BIG RAILROAD TRANSFER.

The recent transfer of all property of the O. R. & N. and North Coast roads to the new O. R. W. & N. railroad amounted to \$35,540,000, according to the records filed with the county auditor yesterday. The O. R. & N. was the largest holder and the North Coast came next with property valued at \$7,550,000. In addition to these, the Spokane Union Depot company and the Lake Creek and Coeur d'Alene railroad companies turned over property aggregating in the neighborhood of \$3,000,000.

TRIBUTE TO TWO DEAD AVIATORS

(By United Press Leased Wire.) LOS ANGELES, Cal., Dec. 28.—Hubert Latham, pilot of the Antoinette monoplane entered in the Los Angeles aviation meet, was visibly affected when told today of the death in Paris of Aviator Alexandre Laffon and his passenger, the Marquis Marie DePaula. "I knew Laffon well and had worked with him over the Antoinette machines," Latham said. "He was an expert pilot and knew his

machines as he knew his alphabet. I grieve deeply over his tragic death."

WILL ENLARGE HILLYARD SHOPS.

Hillyard people believe that there is no further uncertainty about the question of the Great Northern enlarging its shops, as Jim Hill practically admitted this on his visit there the other day. Hillyard feels that there is real reason for rejoicing in the prospective enlargement of the shops.

THREW BOTTLE

WINNIPEG, Man., Dec. 29.—The feature of the street railway strike yesterday was the sentencing of Wesley Barron to nine months in jail for throwing a bottle through a car loaded with passengers. Magistrate Daly said the next man guilty of a similar offense would go to the penitentiary. A number of others charged with similar serious acts against the company's property were sent for trial to the higher courts.

The next examination of the Washington state board of veterinary examiners will be held in the Hotel Seattle, Seattle, Monday, Tuesday and Wednesday, January 16, 17 and 18, 1911, beginning at 9 o'clock Monday morning.

The Oldest and Best Whiskey in the World

Even our competitors admit that Cedar Brook is the best whiskey made today

Cedar Brook

is eight years old—

four years older than the United States Government requires. Others put their whiskey on the market as soon as it reaches the age required by the Government, but we wait twice as long, until we are certain ours is far better than any other. It costs us a lot more to age Cedar Brook for 8 years, but we are glad to pay the extra expense, as it makes Cedar Brook the finest whiskey in the world.

Our method of distilling Cedar Brook is the best that can be produced by brains and unlimited money.
Cedar Brook is the last word in whiskey.

8 Years Old Bottled in Bond

Twice as Old as the Government Requires

Cedar Brook is made at the famous W. H. McBrayer Distillery at Lawrenceburg, Kentucky. The original method by which Cedar Brook was first made 63 years ago is still in use. As the result Cedar Brook is known as the whiskey aristocrat with a pedigree extending back 63 years.

Handsome book, "America's Most Famous Distiller and His Product," sent free on request.

Insist on Cedar Brook and you will get nothing but the best

For medicinal purposes Cedar Brook is superior to all others. Its unequalled purity and the careful selection of its ingredients make it the greatest whiskey ever made for medicinal purposes.

In every way and for every use Cedar Brook is by far the best whiskey in the world.
