

Mrs. L. C. Glover, Vice Pres. Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I WAS married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, MRS. L. C. GLOVER, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Ass'n.

Women should not fail to profit by the experience of these two women; just as surely as they were cured of the troubles enumerated in their letters, just so surely will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

An Indiana Lady Tells of a Wonderful Cure:—

"DEAR MRS. PINKHAM: It is a pleasure for me to write and tell what your wonderful medicine has done for me. I was sick for three years with change of life, and my physician thought a cancerous condition of the womb. During these three years I suffered untold agony.

"I cannot find words in which to express my bad feelings. I did not expect to ever see another well day. I read some of the testimonials recommending your medicine and decided to write to you and give your treatment a trial.

"Before I had taken half a bottle of Lydia E. Pinkham's Vegetable Compound, I began to sleep. I have taken now six bottles and am so well I can do all kinds of work."—MRS. LIZZIE HINKLE, Salem, Ind.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America can speak from a wider experience in treating female ills. Address is Lynn, Mass.; her advice is free and always helpful.

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

AMONG THE EXCHANGES OF THE INLAND EMPIRE

Diverting Trade to Heppner.

The contract for building a bridge across the John Day at Spray will be let the first of November. The building of this bridge will bring considerable trade to Heppner from the interior that has heretofore gone to Prineville and Shaniko, because of not being able to get across the John Day the greater portion of the year.

A very large quantity of wool that has gone to Shaniko in former years, from beyond the John Day river, will go to Heppner when this bridge is built, and thus bring to our town a large volume of business that has in the past gone elsewhere, simply because it was forced the other way by inability to cross the river.

Heppner business men have contributed liberally toward the construction of the bridge.—Prineville Review.

To Divert the John Day.

A field party sent out by the reclamation service recently investigated the possibility of diverting all the waters of the John Day river to the Umatilla lands and reports that any project to divert the water from the north fork of the John Day below its confluence with Bull Run is impracticable, as it would involve the construction of a canal approximately 120 miles long at a cost roughly estimated at \$1,600,000. This party will investigate diversion possibilities at the confluence of the north and south forks of the river below the town of Monument. Diversion at this point would justify a heavy expense, as the minimum discharge is large, and it is believed a large area could be irrigated at a reasonable cost.—The Dalles Chronicle.

Cattle Men Satisfied.

The icee cattle men who recently drove about 1500 head of cattle from that section to the market at Pendleton, report a most successful drive. There were no losses on the road, and the animals weighed unusually well. The drive was made in sections, averaging about 350 head to the band.

The effect of removing such a large number of cattle from the range will be to relieve the congestion and give the grass a chance to grow that it needs badly at this season of the year. And to this end, the weather is unsurpassable. Plenty of rain has been followed by a very brief spell of cold weather and then by a succession of very warm days. This has set the grass growing in great style and if it continues means a great saving for the winter season.—Baker City Herald.

Engineer Disappears.

Ed Larson, an engineer working at the sawmill of Charles Derham on Trout Creek, disappeared about 10 days ago and his whereabouts are at present unknown. Mr. Derham was in Prineville last week in search of his engineer, but failed to locate him either in the city or on the road hither. Larson is a Swede, about 35 years old, and of good character. He left the sawmill having nearly \$100 coming to him.—Prineville Review.

Baker County Bridges.

J. J. Biswell, assisted by G. R. Hodgins, Price Davis and Fred Hinshaw, has just completed five new county bridges on Burnt river between Durkee and Huntington, at a cost that will not exceed \$33,000. The bridges are all piled and the spans average from 90 to 100 feet.—Baker City Democrat.

Pleaded Guilty.

Oscar Baldwin and Melvin Hughes, who were arraigned before Judge Bradshaw Monday on a charge of horse stealing, each pleaded guilty and will be sentenced today. About one and a half years each is what they will get.—Prineville Review.

Tax Money Turned Over.

Sheriff Brown yesterday turned over to County Treasurer Palmer \$17,602.36, being the amount of taxes collected from September 26 up to and including October 8.—Baker City Democrat.

"Mr. Golden Gate," said the speaker, "I drink to you—to the coffee that holds first place at the breakfast, dinner and banquet table."

Nothing does with GOLDEN GATE COFFEE but satisfaction. No coffee—no coupons—no crackers. 1 and 2 lb. aroma-tight tins. Never sold in bulk.

GOOD WORK.

Done Daily in Pendleton—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Pendleton still continues, and our citizens are constantly adding endorsements by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Charles W. Beale, expressman, living at 300 West Tustin street, corner of Aura street, and well known to every resident of Pendleton, says: "For four years past, I have been troubled with kidney disorders, caused, I think, by heavy lifting required by my occupation. The pain was such that I was unable to stoop or rise again without pain and effort. The kidney secretions were irregular especially at night and caused me much annoyance. When I first heard of Doan's Kidney Pills, I decided to try them and got a box at Brock & McComas' drug store. They have relieved me to a very great extent, both as to the backache and the urinary trouble, and I have the greatest confidence in them."
