"Where All Are Pleased"

ENUNCIATOR TRIED OUT AT ROUND-UP

(Continued from page one.)

three horns about the same size as the average phonograph horn were attached to the section posts of the grandstand and connected with batteries. Lee Drake, official announcer of the Round-up, talked into a receiver in a tone but little louder than the average conversational tone and the announcements were heard clearly and distinctly throughout the grandstand. The demonstration was made without employing the amplif-

ier which Mr. Scott declares will offset any counter effect which a crowd in the grandstand or other noises will have.

The cost for installing a system such as would reach every section of the grandstand and bleachers would be close around \$1500 and as that is a considerable sum of money, the directors are considering the matter of leasing the equipment this year. Inasmuch as the company is desirous of securing the advertising which the employment of the enunciator will give, no difficulty is anticipated in reaching satisfactory terms.

Save Your Cash Sales Checks for Merchants' Voting Contest

Early Arrivals of

New Fall Goods

Every day for the past three weeks we have been receiving shipments of new fall merchandise.

Stein Bloch Smart Clothes

for men and young men. You may select your suit now and be assured of the best styles—also new Florsheim shoes—new fall hats—neckwear—extra trousers—and furnishing goods of latest creation. All are ready for your inspection.

Newsy Notes of Pendleton

Trying to Fix Sewer.

The city has a force of men at work at the corner of Water and College streets trying to fix a leak where the sewer passed through the Byers mill race.

To Build Addition to House.

W. S. Farley has taken out a permit to build a one story addition to his dwelling on Lincoln street and also to build a porch on it. The improvements will cost about \$500.

Has a Good Crop.

County Judge J. W. Maloney is one who is praying for a few more weeks of dry weather. He has a splendid crop this year and estimates that his yield will be 50,000 bushels if he is permitted to cut it as it now stands.

Harvest Still Suspended.

Though very little rain has fallen today enough fell last night and at intervals today to make the grain tough and to stop harvest operations. Threatening clouds have obscured the sky all day and the thermometer has been lower than for several weeks.

Major Swartzlander Back.

Major E. I. Swartzlander, superintendent of the Umatilla reservation, and his family have returned from an extended visit through the eastern states. He reports a most enjoyable time.

Realty Transfers.

J. H. Wattenburger to I. M. Allen and wife for \$1000, se. 1-2 of the nw. 1-4, sec. 12, twp. 2 N., R. 27; J. C. Yandell and wife to O. C. Cole for \$2500, nw. 1-3 of sec. 1, twp. 3 N., R. 36; Otto Didion to R. E. Perry, lot 6, block 81, Reservation addition to Pendleton, consideration \$1000.

Want \$100,000.

In a news report yesterday from Washington the information was given that Representative Sinnott has introduced a bill to increase the appropriation for the Pendleton federal building to \$60,000. The report seems to be in error as Representative Sinnott has been asked to have the amount increased to \$100,000. The sum of \$70,000 is already appropriated and of this amount \$3000 was used for the purchase of a site.

Is Committed to Hospital.

William B. Wilson, 70 years old and a resident of Halsey, Ore., was today examined before Judge J. W. Maloney and Dr. G. S. Boyden and pronounced insane. Thereupon, the judge ordered him committed to the state hospital. The old gentleman suffered a stroke of paralysis about a year ago and his mind has been affected since. He seems obsessed with the idea that a band of bandits is pursuing him to take his life.

Sues to Foreclose Mortgage.

William A. Eastman & Co. have commenced suit against Margaret Brown, Joseph M. Brown and the King County Trading Co., to foreclose a mortgage alleged to have been given by the Browns as security for a note for \$619.98. The trading company is made defendant because, it is alleged, 20 acres of the mortgaged land was transferred to it after the note was executed. One hundred dollars attorney fees and 12 per cent interest are asked. Hamlin & Meier and Raley & Raley are plaintiffs' attorneys.

Paving Proceeding Rapidly.

Work on the paving of west Webb street is proceeding rapidly and a crew of men has already been set to grading Raley street, preparatory to paving that street. Already four blocks on west Webb have been completed, all of the storm sewers are in, two blocks of the new sanitary sewer has been laid, and the curbing will be completed within a few days. Superintendent C. P. A. Lonergan of the Warren Construction company, declares that he will have the pavement all laid before the Round-up.

How's This for Eagerness?

The Round-up headquarters is a busy scene these days, as W. C. E. Pruitt and his corps of assistants send out literature and advertising matter of the local show. They are quite willing to send this matter to anyone who wants it and are quite ready to use the postage furnished by the association, but this morning Mr. Pruitt received two letters enclosing postage with which to send Round-up literature to the writers. This is a sample of the interest in the Round-up. Today a large number of little boxes which contain Round-up buttons are being sent out to people of the interior communities.

Cases Set For Trial.

Circuit Judge G. W. Phelps has ordered the trial jury to report at the court house on Thursday, August 28 to listen to the evidence in the following cases: State vs. James and Emma Wade, charged with conducting a bawdy house at Freewater; State vs. John Adams, Hugh Roby and Harvey Adams, charged with shooting game out of season; and State vs. Ernest Todhunter, charged with assault upon Carl Churchill, Charles Morrison and Roy Stuart. On the 21st, 22nd, and 23rd, the civil cases of Swayze, trustee, vs. Wright and Swayze, trustee vs. Longhorn will be tried and on August 25 the trial of the divorce suit of McNabb vs. McNabb will be heard.

Calls for Statements.

WASHINGTON, Aug. 13.—Every national bank in the country has been requested to furnish Secretary McAdoo a special statement of money loaned other banks as well as money borrowed in the form of rediscounts, bills payable and the like. The secretary means to keep in close touch with the banks.

HIS DECLARATIONS ARE CAUSE OF MUCH DEBATE

MILWAUKEE, Aug. 13.—The declaration of Frank Duffy of Columbus,

FOREST FIRES RAGE IN MALIBU MOUNTAINS

LOS ANGELES, Aug. 13.—Fierce fires are burning on the Malibu mountains, 30 miles north of Santa Monica. The latest reports indicate that no ranch property has been damaged, although much valuable timber may be devastated. Forest rangers are being rushed to the scene.

secretary of the Carpenters and Joiners' Union, that ninety per cent of grammar school graduates are misfits.

aroused sharp debate among the educators of the federation of Catholic societies. Duffy urged the federation to support a movement for vocational schools.

Slaughter of Grouse Begins.

LONDON, Aug. 13.—Society is out in force on the Northern Moors today for the opening of the annual season for the slaughter of grouse. Because so much of the game is killed for the mere pleasure of the killing, it is probable that after this year the open season will be greatly shortened, thousands of grouse were killed today, the greater portion of the slaughtered game being left where it fell. On some estates the peasants are permitted to follow up the royal parties and gather the game for their own use or for sale, but in the majority of cases this is not permitted.

FIRST SHIP WILL GO THROUGH CANAL IN OCT.

NEW YORK, Aug. 13.—That the first ship would pass through the Panama canal in October was the opinion expressed by Lieutenant Colonel Eugene Wilson, U. S. A., on his arrival here from Panama for a two months' vacation. Colonel Wilson is an assistant to Colonel Goethals in the construction of the Panama canal. Colonel Wilson said that the two oceans would be joined in September and by next spring the canal would be ready for vessels of the world.

POWERS CONCERT IN SPLENDID TUNE

LONDON, Aug. 13.—The concert of Europe is in splendid tune, according to Sir Edward Grey, who however, hinted in the house of commons that it was possible one of the great powers might intervene if Turkey provoked. Continuing the foreign secretary said: "We have reached an agreement on the subjects of Albania and the islands of the Aegean sea." An international commission of control, Sir Edward explained would set up an autonomous state of Albania under the prince to be selected by the European powers, while regarding the Aegean islands, the powers, including Italy, have adopted the self-denying ordinance that none of the islands shall be retained by them.

QUIET IS RESTORED IN CHINESE PROVINCES

PEKING, Aug. 13.—While the restoration of order by the government troops is reported from most centers of the recent Chinese rebellion, the governor of the province of Kiang shi is striving to organize fresh opposition to the government of Yuan Shi Kai. He declines scornfully to follow the example of Huang Sing, and Dr. Sun Yat Sen now in Japan, who are described by the governor as "pitiful cowards." Only a small number of the members of the Chinese parliament have departed from Peking. The remainder are proceeding with the regular business in a satisfactory manner while a special committee is engaged in drafting a constitution.

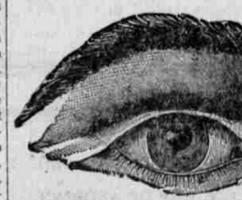

TREE FALLS; COUPLE KILLED

Injured Man Drags Himself More Than a Mile to Report News of the Accident.

THE DALLES, Aug. 13.—Arthur H. Smith, who operates a sawmill at Wahkiacus, Wash., 15 miles north of this city, and his wife were almost instantly killed, and D. E. Cox, a rancher employed by Smith, was seriously injured when a large tree fell on them while they were driving home from The Dalles. Cox, who was so badly crippled that he was unable to walk, dragged himself about a mile and a half to a farmhouse and reported the tragedy, a few hours later.

7 DROWNED WHEN LAUNCH COLLAPSES

DULUTH, Minn., Aug. 13.—Seven were drowned when the flimsy top of the launch Duplaise collapsed and 23 were thrown into the waters of St. Louis bay. Tugs and launches rescued 16 of the passengers.

TOBACCO TRUST IS STILL UNDISSOLVED

WASHINGTON, Aug. 13.—That the tobacco trust, instead of being dissolved by the decree of the supreme court of the United States, has increased its monopolistic control of tobacco manufacture, was asserted in the senate by Senator Hitchcock of Nebraska in discussing the tobacco schedule of the tariff bill.

Reading from statistics furnished by the secretary of the treasury, he declared that four concerns manufactured last year 71.2-1 per cent of all tobacco manufactured in the United States, that three of these concerns manufactured 90 per cent of all the small cigars and three of them 85.3-5 per cent of all the cigarettes. "If the American people are in earnest, and I believe they are," he added, "they want this monopoly curbed. If the United States senate is in earnest it ought not to permit any rule of a party caucus to restrain a senator from voting for a measure that would put a stop to defiance of a judicial decree and restore a condition of competition in the world of tobacco manufacturers."

Tobacco Schedule Approved.
The tobacco schedule, which placed a graduated income tax on tobacco production, was approved by the senate without amendment. The metal schedule was completed with the exception of some paragraphs which the finance committee had passed for further consideration and the sugar schedule was passed over because of the illness of Senator Ransdell of Louisiana. The debate was then begun on the agricultural schedule one of the sections most vigorously assailed by the senators of the minority.

Senator Gronna of North Dakota opened this discussion and proposed in lieu of freelist cattle a rate of \$1.50 a head on cattle less than a year old; \$3 a head on cattle valued

at not more than \$14 and 20 per cent ad valorem on cattle valued at more than \$14.

Late for Free Cattle.

Senator Lane of Oregon said the principal reason for free listing cattle was that there were not sufficient cattle in this country to supply the domestic demand.

The committee amendment free listing cattle was sustained 38 to 31. Senator Thornton of Louisiana voting with the republicans against the amendment. This was the first time a democrat had voted against the party amendments.

All the progressive republicans voted against free cattle.

American Physicians Sail for America

LONDON, Aug. 13.—After an extensive tour of Europe and the British Isles, during which every hospital of note was visited, the party of seventy American physicians today sailed from here for New York. The American medical men expressed themselves as much benefited by what they had seen abroad but were unanimous in declaring that European physicians and medical scientists have vastly more to learn from a study of American institutions than they can teach to Americans. Among the cities visited were Munich, Vienna, Berlin, Paris, the Bohemian health resorts, Weisbaden, Cologne, Brussels, Amsterdam and elsewhere. Among the best known members of the party are Drs. Richard Kovacs New York; and Sibmond Breitenfeld of the German hospital of New York.

Of course there is risk in marriage, but every normal man is fond of adventure.
