

TO ADVERTISERS. The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and over twice the circulation in Pendleton of any other newspaper.

COUNTY OFFICIAL PAPER.

VOL. 25.

Fair tonight and Saturday; cooler tonight with light frost at Portland.

Rain tonight or Tuesday; cooler tonight.

CITY OFFICIAL PAPER.

NO. 7975

PENDLETON, OREGON, MONDAY, SEPTEMBER 8, 1913.

JEROME COMES BACK; TRIAL IS SET FOR TODAY

Feeling is Strong Against Former District Attorney of New York But Fear of Attack is Scouted.

THAW IS STILL THERE

Jerome is confident that he will be acquitted of charge. It is said that there is no law in Canada to punish offense with which former district attorney is charged. Hearing given today at his request.

COATICOOK, Sept. 8.—William Travers Jerome, former district attorney of New York, who was arrested on a charge of gambling, arrived from Montreal and will be tried this afternoon on the charge against him.

Harry Thaw is still here. The feeling is decidedly against Jerome but Coaticook officials ridicule the reports that the attorney is likely to be attacked.

Jerome last night asked the crown prosecutor to try him today instead of September 11, the date originally set for the trial. Hundreds of farmers have come in to be present when Jerome is brought into court Jerome expects to be discharged. A guard of constables was at the station to escort him to the hotel.

S. W. Jacobs, who will act as Jerome's counsel, accompanied him from Montreal. The attorney representing Milford Aldridge, the man who preferred the charge against Jerome, is quoted as saying that the act charged against Jerome is not an offense under the laws of Canada.

CUPID ROPES ED "HOOT" GIBSON

Fewer cowboys are more expert with the lariat than Edmund Richard Gibson, known all over the west as "Hoot" Gibson, but Saturday he became a victim of an expert as great as himself, for Cupid, aided by Judge Joe Parkes, tied him by the holy bonds of wedlock to Miss Rose Wenger, relay rider and cowgirl, with scores of victories to her credit won in wild west shows all over the western half of the United States.

The wedding ceremony was performed in the office of Justice of the Peace J. H. Parkes and was witnessed by only a few of the friends of the young couple, some of them being T. D. Taylor, president of the Round-up association and sheriff of Umatilla county, Directors S. R. Thompson and Mark Moorhouse of the Round-up association, and Deputy Sheriff George Strand. They were immediately taken for a ride in an automobile decorated with a placard stating that the occupants of the machine were newly wedded and upon their appearance at the park where the bucking trouts were being held became the butts of many good-humored jokes.

The groom last year won the all around cowboy championship gold mounted belt offered by the Police Gazette by virtue of winning the highest number of points in a series of contests. He has participated in nearly every large wild west affair held in the west and has won money in most of them.

Mrs. Gibson has been in the employ of Barney Sherry and has ridden his string of relay ponies. She met "Hoot" at several different contests and a friendship once formed at length culminated in the pleasant affair of Saturday evening.

NEGROES SMOTHERED TO DEATH IN JAIL

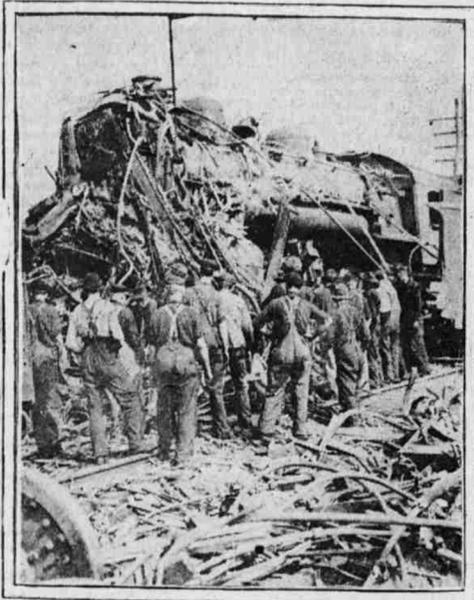

HARLEM, Texas, Sept. 8.—Paralleling on a smaller scale the black hole of Calcutta, eight negroes were smothered to death today out of 11 who were confined in a plank cell seven by 10 feet and ventilated by six-inch auger holes.

Coroner Fenn held Jail Superintendent Wheeler and Guards Stewart and Payne on a charge of negligent homicide.

Three of the survivors were in the last stages of exhaustion when they were released. They said the whole night was spent in a desperate struggle for life, every man in the cell fighting like mad to get near the auger holes in order to get a scant supply of the air that came through.

Even if a man does have fairly good sense he can easily write a few love letters.

SCENE AFTER WRECK ON NEW YORK, NEW HAVEN AND HARTFORD RAILROAD

The above photograph shows how the great Mogul engine of the White Mountain Express crashed into and through the second section of the Bar Harbor Express near New Haven, Conn., causing the death of over 20 people, thus adding one more frightful disaster to the terrible record of the New Haven railroad. The photograph shows how the engine crashed through the flimsy wooden Pullmans. The wreckage is seen piled on the front of the big Mogul.

ROUND-UP STARTS IN THREE DAYS HUNDREDS OF VISITORS IN THE CITY

Just three days away is the Round-up and Pendleton is rapidly assuming the air and appearance of the capital of the old west. Already hundreds of visitors are in the city for the great frontier carnival and scores of shaggy-chapped cowboys and leather-skirted cowgirls are clattering up and down the paved streets on their ponies. Every train brings in more spectators and more performers from the range and all indications are that the 1913 Round-up will overshadow all of its predecessors from every standpoint.

Yesterday afternoon there were several thousand people in the grandstand and bleachers at Round-up park to witness the tryout of the bucking horses. The attendance at this little preparatory exhibition would have delighted the management of many little wild west shows but its presence or absence would hardly be felt at the Round-up.

The tryouts yesterday afternoon were highly satisfactory to both spectators and directors, to the former because the animals furnished plenty of excitement and to the latter because all of the buckers, with few exceptions, are showing up unusually well. There were any number of cowboys on hand to ride when called and some of them gave promise of being serious contenders for the championship honors.

DRAFT OF PORTION OF COMMISSION CHARTER HAS NOW BEEN COMPLETED

The sub-committee named to draft the street-improvement feature of the proposed commission charter for Pendleton has completed its draft of that portion of the charter concerning which question was raised. The sub-committee is headed by J. V. Tallman and the report was drafted by Attorney R. R. Johnson. The report will go before the general charter committee for approval, modification or rejection within a short time.

Following are the essential points in the report drafted by Mr. Johnson:

The above method of making street improvements outlined in the preceding paragraphs of this article shall be followed only in such cases where street improvements are made without the use of any patented pavement or material, or without the use of material or pavement protected by a trade name. No such patented pavement or material, nor material not patented protected by a trade name, shall be used within the city of Pendleton unless such pavement shall first have been brought into competition with other pavements, either patented or unpatented, protected by a trade name or unprotected by a trade name.

Whenever the board of commissioners shall deem it expedient or necessary to improve any street or streets, or any part or parts thereof, within

WILSON TARIFF BILL IS READY TO GO THROUGH

Believed That Senate Will Pass The Measure Tonight—Republicans Have No Hope of Preventing it.

CURRENCY MEASURE NEXT

Everything Being Done to Expedite Passage of Reform Bill—La Follette Is Expected to Object and Will Probably Speak Several Hours, Advocating Certain Amendments—Senate May Take Brief Vacation After Tariff Passes.

WASHINGTON, Sept. 8.—Wilson's tariff bill, which is the center of the fight in the senate, is expected to pass tonight. After the senate has disposed of this measure, a brief vacation is expected to be taken, but it is also expected that the senate will convene every few days to pass urgent bills.

It is hoped that the currency bill will reach the senate within 10 days but no one will venture a prediction on how long it will remain in the upper house.

When the senate met today it was not expected that the republicans would demand detailed roll calls, there being little hope of preventing the bill from passing according to the program.

Vice President Marshall is expediting action in every way possible. The principal objection is expected to come from La Follette, who is expected to speak several hours in advocacy of certain amendments.

It is doubtful if voting on the various amendments to the tariff bill will be finished in time so that a vote may be taken on the measure before midnight.

During the day, the senate discussed the fundamental right of wealthy men to pile up millions. Senator Norris of Nebraska said the inheritance tax would effectively apply to break up the huge aggregations of capital, and he strongly urged his amendment to the tariff providing such a tax on all bequests. His plan provides gradual increases until all inheritances above fifty million will pay the public 75 per cent.

"This," said Senator Norris, "would not take from anyone a single dollar he had any part in creating. For instance, so far as I have observed where people inherit a million dollars or more, they never raised a finger toward official work with their accumulated wealth."

Norris reviewed the progress of the Astor fortune and asserted that his amendment would give the public forty-four million of the ninety-four million dollars inherited by Vincent Astor from his father.

HYDE MAY NOT BE BROUGHT TO TRIAL

KANSAS CITY, Sept. 8.—Action on a motion to bring Dr. B. C. Hyde to trial for the third time for the alleged murder of Colonel Thomas Swope, a philanthropist, was postponed today until January 15. At the two former trials the jury disagreed. It is believed possible that Hyde will not be tried again unless the prosecutor is assured that the county will pay all the expenses of bringing the witness here.

NEWS SUMMARY

General. Japanese call for war on China. Mercury reaches 100 in Chicago, but warm wave is broken today by showers and cool winds. Murder mystery is baffling police. Tariff bill probably will pass the senate tonight. Jerome returns and is placed on trial on a charge of gambling. Negroes are smothered to death in a jail in Texas. Transport sails from San Francisco to carry American refugees home.

Local. Umatilla County fair opens profitably. Crowds gathering for Round-up. Bubbling fountains installed on the streets. "Hoot" Gibson, champion cowboy, and Rose Wenger, cowgirl, wed. Condemnation suits brought to satisfactory close. Local auto party back from long trip. Changes made in school facilities.

Sports. Boise wins pennant for second half. Pendleton team home after even break with Yakima. Boise and Walla Walla will not play post series.

UMATILLA COUNTY FAIR OPENS TODAY; CITY IS NOW IN GALA ARRAY FOR BIG WEEK

TRANSPORT ON WAY TO BRING REFUGEES HERE

Americans in Mexico Will Be Taken Home—1000 of Them Arrive at One Port Sept. 15.

SAN FRANCISCO, Sept. 8.—Equipped with medicines and stores, nurses and soldier guards, the transport Buford, with the Red Cross flag waving at the masthead, sails at 5 o'clock this afternoon for the west coast of Mexico to bring home the thousand American refugees who will arrive from Manzanillo on September 15.

Other points which will be touched will be Acapulco, Salinas Cruz, San Blas, Mazatlan, Altata, Topolobampo, Santa Rosalia and Lapez.

WASHINGTON, Sept. 8.—It was learned at the White House today that the forthcoming visit to this country of former Mexican Ambassador Manuel Zeamiconia will have no political significance. He arrives this week, but the reason of his mission is not known.

GUNBOAT SHELLS TOWN. AMERICANS IN DANGER

WASHINGTON, Sept. 8.—Vice Consul Estava at Paria, Plana, San Domingo, called the state department today that Dominican gunboats are shelling the town, endangering American lives and property. The cruiser Des Moines is en route to join the Nashville, now in Dominican waters to protect Americans.

MERCURY IS AT 100 IN CHICAGO

CHICAGO, Sept. 8.—The belated heat wave which yesterday made Chicago sweeter in a temperature of 100 degrees, was broken this morning by rain and a cool northwest wind. The forecaster predicts even cooler weather within the next few days.

CHICAGO, Sept. 8.—Not satisfied with having inflicted on Chicago the hottest summer in 47 years, the weather took an additional filing yesterday, when the official temperature in the observation tower, where lake breezes blew, was 92, but down in the streets and the suburbs it was 100, accompanied by hot winds. Fortunately few were compelled to exert themselves. Record crowds were at all the lake beaches. Late in the day the wind shifted, bringing in a cold breeze that chased thousands out of water and off the sands but the relief did not extend beyond the few blocks from the lake.

Indications are for rain today. The city is parched and withering. All vegetation is as dry as it ordinarily would be in October. The streets have not been sprinkled since August 29 and a heavy fall of fine dust weighs on everything. In the suburbs it was noticed that grass in the parks, ignited by cigarette stubs, was burning fiercely.

Evansville, Ind., has a suicide epidemic on its hands. In the past six days there have been three suicides and seven attempts at suicide. The three who ended their lives swallowed carbolic acid. The seventh person who attempted to end her life was Mrs. Ellen Lauderdale, 40 years old, who took an ounce of carbolic acid. She probably will die.

All were affected by the intense heat that has prevailed in this section during the last week.

Heat Wave Broken. KANSAS CITY, Sept. 8.—Scattered rains throughout Kansas, Oklahoma and northern Texas today broke the second heat drought period of the summer. To-tenths of an inch of rain fell at Oklahoma City. Conditions have improved in every section, and are generally becoming normal.

JAPANESE CALL FOR WAR ON CHINA

TOKIO, Sept. 8.—The assassination of Moriarty Abe, director of the political bureau of the Japanese foreign office, has inflamed the masses, and a dramatic chapter in the history of the new Japan was written yesterday. Fifteen thousand persons gathered in mass meeting in Hibiyu Park, calling for military action against China. A majority of these marched to the foreign office and clamored for admission. They demanded the dispatch of troops to China to take such measures as were necessary to obtain satisfaction for the killing of Japanese at Nanking, or failing this, the resignation of the minister of foreign affairs, Baron Nobuaki Makino.

Nation's Diplomacy Denounced. The speakers denounced the emptiness of Japanese diplomacy in connection with California and China and insisted that the insult to the Japanese flag at Nanking should be wiped out. The manifestation clearly was an explosion of popular resentment

Many Interesting Exhibits on Display in Pavilion—Represents Wealth of County—Decorations Are Gorgeous—Round-Up Band Entertains With Concerts During Week.

MANY VISITORS EXPECTED TONIGHT

ROUND-UP BAND PROGRAM TONIGHT

- Mr. Walter Rose, tenor—Soloist.

- Cornet solo, selected.
- Mr. Ben Driscoll.
- Webbers Invitation, A La Valse.
- Popular Songs. Lemick.
- Official Round-up Song, Let Er Buek. Bert Jerard.
- Hungarian Fantasia. Tobani.

Pendleton's week of festivities opened today with the commencement of the annual Umatilla county fair and for the next six days the city will be the scene of a celebration that will gain momentum with each succeeding hour. With many hundreds of out-of-town people already here and the all-day spirit everywhere evident, indications are that the week will be the greatest of its kind in the history of eastern Oregon.

The fair opened its doors to the public this afternoon and formally inaugurated the red letter occasion. Though a few of the exhibits are not yet in place, the pavilion presented a most attractive scene with its booths filled with displays which manifestly tell of the wealth of an empire. Every section of a county that has a rare diversity of natural resources is represented by specimens of its choicest products and they have been artistically arranged by the exhibitors.

The decorators have made the interior of the pavilion a mass of fluttering color from ground to ceilings and a myriad of incandescent lights will make the natural amphitheater brilliantly illuminated at night.

This afternoon the Round-up band entertained the first visitors to the fair with a splendid concert. The instrumentation of the band has been augmented by a quality of music not inferior to that of former years when imported bands were brought in at a great expense. Tonight will see the real commencement of festivities for the majority of the people put off until evening their visit to the pavilion. Another concert will be given and "Marvelous De Olney, the Human Fly," will give a daredevil exhibition in the air.

The entire morning was a busy one in the big pavilion, for a number of the exhibits were not in place and those that were already on the grounds yet required arranging. Telegrams notified that Herminston would send a representative exhibit to be included under the Umatilla project exhibit. The big Umatilla county exhibit in the east end of the pavilion showed most of the products of the county, from wheat to fruit. The Adams broom company has a fine exhibit, representing one of the budding industries of the county. Stanfield has a splendid display of products already in place.

Among the individual exhibits are those of the People's Warehouse, Pendleton Woolen Mills; the Indian curio collection of Major Moorhouse; digester tanks of the Union Meat company; Diamond pure foods; Sun-hyrok Distillery products; and the J. A. Borie Lumber company.

Besides all these there remains many other exhibits to be put in place, and entries of various kinds are coming in all the time. The fine arts department is receiving a rush of entries and the force of Miss Neva Lane, manager of the department was very busy this morning placing and caring for the exhibits. Antiques of the greatest interests, paintings representing typically western scenes, fancy work of every description, crazy work quilts, hand-painted china and other evidences of artistic skill fill the shelves and adorn the walls.

SEND YOUR FRIENDS ROUND-UP ISSUES OF EAST OREGONIAN

Orders galore are coming to the East Oregonian for the Round-up editions to be published next week. Both local people and visitors within the city are seizing this opportunity to send to their friends a live and attractive souvenir. Now is a desirable time to place your order, before the rush is on.

The East Oregonian editions during the Round-up will constitute a friendly souvenir to be sent to your friends in distant places. On Wednesday, Thursday, Friday and Saturday of Round-up week this paper will publish special enlarged, illustrated souvenir editions of the Round-up and the Pendleton county.

The East Oregonian Round-up editions will not be one cut and dried edition to be sold during each day of the big show. Each paper will contain entirely new matter and each issue will be a new and original souvenir of not less than 24 pages.

The East Oregonian Round-up editions will contain not only the complete news of this year's show, but many historical sketches and full details as to the annual championship records of the past.

The four evening editions, constituting the Round-up series, will be sold for 25 cents, mailed to any address and the postage paid by the paper. Send in your orders at once.
