### Hoboes Plan Reforms.

ST. LOUIS, Jan. 20.—That Uncle Sam shall furnish employment to all the unemployed at all seasons, furnish transportation free to the place of employment and a federal eight hour law are the principal demands which the Missouri delegates, who left today for Cleveland, will present to the convention of the National Brotherhood Welfare Association, which convenes January 27.

Among other demands formulated by the state convention of hoboes here under the leadership of Dr. James E. How for the amelioration of the condition of the unemployed are:

- That the vagrancy law shall be so defined that it will not apply to the unemployed. That the constitution be amended so that the government shall be compelled to furnish work.
- That equal suffrage shall be granted to all adults. That the privilege of voting be extended to all citizens who, in pursuing their employment are away from their homes on election day.
- That an industrial army be formed, under the direction of the secretary of labor in which unemployed men and women can enlist, and be assigned work for periods of three months with the privilege of re-enlisting. That every post office be converted into an employment bureau.

meeting held in some Arkansas City. They said today that since this year's convention is the first held in the south since 1907 when Memphis was the scene of the gathering, there should be a second southern convention next year. Many consumers and manufacturers of hardwood lumber from far western and middle western states attended today's opening sessions. The convention closes tomorrow.

### UNIVERSITY STUDENTS IN TREE SPEND THE NIGHT

UNIVERSITY OF OREGON, Eugene, Jan. 21.—Four University of Oregon students spent Sunday night and Monday morning in a tree after hearing that they believed was the cry of a cougar while they were descending Spencer's Butte, six miles south of this city.

Edith King of Portland; Mabel Smith of The Dalles; William Holden, of Portland, and Raemen Fleming of Portland, were the members of the party.

They climbed the butte Sunday afternoon, reaching the summit about 5 o'clock. After a short rest they began the descent.

It was already dark and in the brush which fringes the base of the mountain they lost their bearings. They heard a call they believed at first to be that of another party and answered. Soon the cry was heard again from the direction of the summit. It sounded like a cougar, and the four climbed the nearest tree.

After half an hour the two men attempted to light a fire at the foot of the tree, but with only three matches between them and no dry wood the feat was impossible.

Shortly before daybreak the four descended and started to walk in the direction of Creswell, mistaking that town for Eugene. They stopped at the house of a farmer named Reuger who gave them breakfast and took them to Creswell.

The students' clothing was torn and drenched from the rain which fell. They were exhausted from the exposure and fright, but otherwise were unharmed.

### CHURCH AUTHORITIES VOTE ON NEW DANCES

NEW YORK, Jan. 21.—A number of letters from heads of church denominations in the United States expressing opinions on the new dance steps are published here today. They include the views of one Catholic Archbishop, 11 Catholic and Episcopal Bishops, two Methodist Episcopal Bishops and the Stated Clerks of the Presbyterian General Assembly and of the Reformed church.

Two of the letters voice more or less approval of the new dances, four assail the innovations directly, six criticize the modern dances, but explain that the hostile opinions are based on hearsay rather than personal knowledge. The letters of the two Methodist Bishops and of the Stated Clerks of the Presbyterian and Reformed churches condemn all dancing, whether old or new.

### MINNEAPOLIS MAKES PLEA FOR NEW BANK

CHICAGO, Jan. 20.—Claims for a Minneapolis and St. Paul to a regional bank were argued before Secretaries McAdoo and Houston today. Representatives of each city protested against the suggestion that Minnesota be placed in the Chicago district.

Minneapolis representatives claim that Minneapolis does twice the business of St. Paul, has better postal facilities and train service.

The meeting adjourned at 12:30 this afternoon and McAdoo and Houston conferred privately with bankers. They planned to go to St. Louis tonight.

## C.A. JOHNS MAY BE IN THE RACE ALSO

### FORMER EASTERN OREGON MAN IS CONSIDERING CANDIDACY FOR GOVERNOR.

PORTLAND, Ore., Jan. 21.—C. A. Johns, for many years a prominent eastern Oregon lawyer and now a practicing attorney in this city, is a probable candidate for the republican nomination for governor. When seen today Mr. Johns declined to commit himself as to his candidacy, admitting however, that he had been urged from many quarters to announce his candidacy.

"I don't know what I shall do," said he. "The suggestion has been made to me by a large number of strong friends that I should make the race. So far, I have never held a political office and when I came down to Portland to live I determined to keep out of politics and devote my time exclusively to the law; but there are some other reasons why I should like to be governor of Oregon, and these are some of them: I should not consider running at all. Like Governor West, I am too poor to be governor."

Mr. Johns has been a resident of Oregon since 1858. He was twice mayor of his home town Baker City, this being the only elective office he ever held. In the former political history of the state, he was known as a free lance, having never been identified with any of the groups of politicians who controlled the destinies of the republican party in this state. He was one of the original advocates of the direct primary and the initiative and referendum.

In the event that Mr. Johns enters the number of candidates for the republican nomination will be raised to nine. Others known to be in the race are: Ex-Sheriff R. L. Stevens, Gus C. Moser, W. A. Carter, W. S. "Ren. Grant B. Dimick, George C. Brown, J. A. Withycombe and Attorney General E. C. Crawford.

### RASH COVERED FACE NECK AND CHEST

Affected by Poison Oak. Itched Until Nearly Crazy. Had to Walk Floor at Night. Cuticura Soap and Ointment Cured.

Dryden, Ore.—"Traveling through the woods one day I was looking at and handling a little vine. When I got home I felt an itching and burning and the first thing I knew my face was all swollen up. The poison oak affected my face, hands, arms and chest and it disfigured me very much. My face and neck were broken out and itched until I was nearly crazy. I had to walk the floor at night and lose much sleep and work also. My face, neck and chest were covered with a heavy rash. I could not allow clothing of any kind to touch the affected parts.

"I was told that ———— would relieve me but I got no relief. I used other remedies without success. It got to such a stage that if I hadn't gotten relief soon I would certainly have lost my mind. My mother happened to have a cake of Cuticura Soap and a box of Cuticura Ointment in the house and I washed with the Cuticura Soap freely and then applied the Cuticura Ointment. I got relief at the first application and then I slept like a child. In three weeks I was perfectly cured." (Signed) E. H. Degross, Mar. 28, 1914.

Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world. A single set is liberal sufficient when all else has failed. Inform sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

### OLD SOLDIER TELLS HOW HE KILLED WIFE

PHILADELPHIA, Jan. 21.—Tottering under the weight of his 80 years, William Eberwein stood in criminal court here and told a simple but dramatic story of how his wife, 15 years younger, had pleaded with him to kill her and how he had committed the deed.

After the old man had completed the story Judge Walling, of Erie, Pa., temporarily presiding in the court, surveyed the bent form of the prisoner, fixed the crime at murder in the second degree and imposed the minimum penalty, which, in this case was practically a life sentence.

It was solitary confinement in the penitentiary for not less than seven years or more than 14.

Holding onto the prisoner's dock with trembling hands, Eberwein, who is a veteran of the civil war, told the court that his wife was an invalid

### NEWS OF FARM AND RANGE

### GROWING WHEAT IS UNIFORMLY THRIVING

CROP OUTLOOK FOR WHOLE COUNTY EXCEPTIONALLY GOOD.

No Losses Whatever from Freezing—Moisture and Warm Weather Cause Heavy Growth—Grain of Good Color.

It is doubtful if ever in the history of eastern Oregon has Umatilla county's wheat crop shown up to better advantage at this time of the year. The large amount of moisture together with the fine mild growing weather has had the effect of advancing the wheat far more than usual for this period of the year.

A feature of the reports as to the crop conditions is that the grain seems to be uniformly good. According to men who have been from one end of the county to the other there are no bad looking patches. On the contrary, the grain is of a beautiful color and every field is thriving. In instances there are volunteer fields where the wheat is also as flourishing as sowed wheat.

During the exceedingly mild weather early in the month there was some pessimism over the possibility a freeze might follow the mild spell. Thus far the county has been entirely free from such trouble. There has been no excessive cold to damage the wheat and with the large amount of moisture there seems little danger.

Not a single report has yet reached town showing any frozen grain. One man from the Vansycle county reported some time ago that he would have to do some reseeded. However his grain had rotted.

What the future will bring is entirely a matter of speculation for the condition of wheat in January furnishes no sure criterion as to what the harvest will be. Yet it is certain that at this time the outlook for a bumper crop could not well be surpassed.
