

ITCHED SO, HE TORE HIS FLESH RESINOL CURED

Washington, D. C., Dec. 3, 1913: "All over my body were small pimples which itched me so that I could just grab my flesh and tear it apart. For three weeks I could not sleep at night until I was simply exhausted. I tried most everything that was supposed to give relief, and I can truthfully say that not until I used Resinol Soap and Resinol Ointment did I begin to feel like the man I was. After only two applications there were no more symptoms of my ailment." (Signed) A. Jackson, care of Water Registrar's Office, District Building.

Resinol Ointment (50c. and \$1.00), and Resinol Soap (25c.), stop itching instantly and speedily heal eczema, and other skin humors, pimples, dandruff, sores, burns and piles. Sold by every druggist. Don't be fooled by "substitutes" for Resinol offered by a few unscrupulous dealers. For free trial, write to Dept. KK, Resinol, Baltimore.

STIRRING SCENES AS FRENCH RESERVISTS SAIL ON LA LORRAINE

Crowds cheering departing reservists as La Lorraine sets sail and French girl kissing her sweetheart goodbye

NEW YORK, Aug. 2.—Eager to be on their way back to fight for France 1000 French reservists boarded La Lor-

BOB WHITE QUAIL THRIVE AT STANFIELD

That the bob white quail introduced at Stanfield by the state game authorities have done so well that now they are in numbers that suggest the east is the statement of G. L. Hurd, who was up from that town yesterday. District Game Warden E. F. Averill also subscribes to this statement, declaring his belief that there are more Bob White quail about Stanfield at the present date than at any point in Oregon. Mr. Hurd states that the Hungarian pheasants are also doing well there. Two coveys of partridges with nine in each have been seen about his place in the last few days. A consignment of China pheasants is scheduled to arrive from the state game farm at Corvallis today and will be liberated there.

Mr. Hurd declares the farmers are doing everything in their power to protect the birds, realizing as they do that the birds in turn protect the farmer from the ravages of the grasshoppers and other insects. The birds are very tame, he declares, and can be seen at the edge of town.

Constipation and indigestion are forced to kill people inch by inch, say life away every day. Hollister's Rocky Mountain Tea will remove the cause and drives the disease away. 25 cents, Tea or Tablets. Tallman & Co.—Adv.

Says Russian Poles Will Revolt. CHICAGO, Aug. 11.—Lester Aramburg, driven out of Russian Poland at the age of 14 for assisting in the distribution of literature, is now a student at the University of Chicago and intensely interested in the Russian situation.

"I see freedom at last for my people," said Aramburg. "This is the thing we have been waiting and praying for for years. The Polish soldiers in the Russian army can do nothing. They have been scattered through all the regiments. But in Poland there are hundreds who have been waiting for the big struggle to come. They will start at once. The mobilization of the Austrian troops included only men between the ages of 21 and 35. There are thousands of men left who were not touched by the mobilization orders.

"Prussian Poland will not strike with the Russian Poles. Prussian Poland has become Germanized. But the former Polish province of Galicia, now a part of Hungary, will join us and we will overthrow the Russian yoke when Russia turns her eyes to war."

Mr. Aramburg, who is 21 years old, escaped the vengeance of the Russian law seven years ago by stealing from the country under a load of hay.

CASCADE MOUNTAINS PIERCED BY TUNNEL

SEATTLE, Aug. 11.—The Chicago Milwaukee and St. Paul tunnel through the Cascade mountains, 12,000 feet long which will reduce the altitude of the crossing 443 feet was broken through by a blast and men of meat and west clasped hands through the gap. The tunnel will save four miles in distance and avoid the enormous snowfall of the summer. Trains will be in operation through the hole next January. The tunnel will cost \$2,000,000.

The Dalles will install four drinking fountains.

rairie, the French liner, amid tears and shouts of gladness Wednesday morning. Thousands of friends and relatives marched with the men to the pier and for an hour before the steamer departed cheers for France and England filled the air. The prospect of meeting German cruisers out side of New York and being captured bothered the gay frenchmen not at all. It is reported that two French warships, which met La Lorraine just beyond Sandy Hook, are acting as her convoy.

WITNESS TELLS OF SUBMARINE FIGHT

EDINBURGH, Aug. 12.—The Scotchman today prints the story of an eye witness of the naval battle between British cruisers and German submarines in which the submarine U-15 was lost.

"The cruiser squadron on Sunday," the story runs, "suddenly became aware of the approach of the submarine flotilla. The enemy was submerged, only the periscopes showing above the surface of the water. The attitude of the British in the face of this attack was cool and the enemy was utterly misled when suddenly the cruiser Birmingham, steaming at full speed, fired the first shot. This shot was carefully aimed, not at the submerged body of the submarine, but at the thin line of the periscope.

"The gunnery was superbly accurate and shattered the periscope. Thereupon the submarine now a blind thing, rushed along under the water in imminent danger of self-destruction from collision with the cruisers above.

"The eightless submarine was then forced to come to the surface, whereupon the Birmingham's gunners fired the second shot of the fight. This shot struck at the base of the conning tower, ripping the whole of the upper structure clean and U-15 sank like a stone.

"The remained of the submarine flotilla fled."

Mrs. Haraban Loses Baggage. LONDON, Aug. 11.—The French government, according to Americans arriving from the area of the war, is doing everything compatible with the necessary movement of troops to get foreigners out of the country.

The ports of the French coast are crowded with Americans and Englishmen awaiting an opportunity to cross the channel. Many Americans who have been motoring on the continent have arrived at Boulogne. While they can find room for themselves, they cannot obtain accommodations on the steamers for their cars. The steamers that leave France with crowds of American and English passengers return with an equal number of Frenchmen and Swiss who are on the way to join their colors.

Some of the tourists traveled long distances to reach England. Mrs. James T. Haraban, widow of the former president of the Illinois Central railroad, with her niece, Miss Martha Harris of Memphis, Tenn., came from St. Petersburg, having left that city on Sunday. They traveled by way of Denmark but sent their baggage through Germany, where it was lost.

American Must Awail Tennessee. WASHINGTON, Aug. 12.—Senator Chamberlain learned that no money deposited with United States treasury for Americans in Europe will be available to them until the arrival there of the Tennessee.

SUFFRAGETTE "DENIAL DAY" SUGGESTIONS POURING IN
NEW YORK, Aug. 11.—Suggestions for the best way to observe suffrage "denial day" on Saturday, today poured into local headquarters. The same kinds of suggestions today were pouring into suffrage headquarters in Chicago, Denver and coast cities. The idea is for every believer in or advocate of suffrage for women in the United States to sacrifice some one thing next Saturday and send the money that would have been spent to suffrage headquarters to be diverted as the sinews of war in the fight for the ballot.

A fund of \$50,000 is the goal toward which suffrage leaders are working. To the eastern person who suggests the best and most successful method of observing "denial day" will be given a prize. Instead of suggestions, a score or more of wealthy eastern suffrage workers and advocates today sent checks totalling several thousands of dollars.

An electric machine has been perfected which sorts, counts and wraps coins at the rate of 1500 a minute, throws out all mutilated coins.

PLANS TO DISSOLVE NEW HAVEN COMPLETED

GOVERNMENT AND RAILROAD COME TO SETTLEMENT REGARDING SUIT.

NEW YORK, Aug. 12.—An agreement has been reached between the government and the New York, New Haven and Hartford Railroad company for the peaceful dissolution of the New Haven system according to announcement after a meeting of the road's directors here yesterday.

The statement issued after the directors' meeting said:

"A meeting of the board of directors of the New York, New Haven and Hartford Railroad company was held this afternoon at the Grand Central terminal. After the meeting President Hustis said that in pursuance of the hope expressed in his statement of July 21, that a way might still be found to accomplish the peaceful dissolution of the properties, and agreement had been reached, which is substantially a renewal of the original agreement between the attorney-general and the company in all respects as to the Boston and Maine stock, and is in accordance with the vote of the stockholders at New Haven April 21, 1914, authorizing a settlement with the government.

Praise for McLeynolds.
"President Hustis said in conclusion that this arrangement, having been accepted by the attorney-general, had been ratified by the board of directors at the meeting today, and that the members of the board highly appreciated the courtesy of the attorney-general and his co-operation in their endeavor to solve the problem without inflicting unnecessary loss upon the stockholders and to effect a rehabilitation of the property in the interests of the public.

"President Hustis resigned as a director of the New Haven, as on Saturday he becomes president of the Boston and Maine. Chairman Elliott thereupon was elected president of the New Haven. The resignation of John L. Billard was accepted."

LOS ANGELES PLANS RECEPTION TO ELKS
LOS ANGELES, Aug. 12.—Though the gathering is almost a year distant preparations are under way here today for the entertainment of the Elks annual conclave in 1915. Plans were launched upon the return of the Los Angeles delegation from the Denver convention last month. Every Elks lodge of Southern California will have a part in the entertainment of the delegates to the Los Angeles meeting.

DAVIS CUP FINALS WILL DRAW A RECORD GALLERY
NEW YORK, Aug. 12.—Arrangements were in completed today for handling the record crowds that are expected to witness the international challenge matches for the coveted Davis cup trophy, which will begin on the West Side tennis courts tomorrow and continue through Saturday. Extra stands have been erected to seat 4000 or 5000 who have secured tickets to see the play. Tennis devotees from many sections of the country here today Newport society is represented by scores. Betting odds favored the challengers against the American team.

FRENCH CAVALRY BIVOUACED NEAR PARIS BEFORE STARTING FOR BORDER
The photograph printed above, the first of its kind received in America shows French cavalrymen sleeping on piles of hay intended for their horses on the outskirts of Paris. This picture was taken just before the mobilized French army started for the German border to meet the invading German forces.

FIREMEN ELECT OFFICERS. CONNELLSVILLE, Pa., Aug. 12.—Election of officers was the principal business before the Western Pennsylvania Firemen's association in convention here today.

WANT TO PLY LID OFF BARBARY COAST
SAN FRANCISCO, Aug. 12.—Franklin efforts are being made here today to pry the lid off the Barbary coast for 1915. Keepers of the coast resorts of all sorts don't care a cent—not now, at any rate—how tight the lid is screwed on after the fair is over but they do want to get the benefit of that exposition.

Most coasters had looked forward to such a rush of business while the big show was in progress that they could retire on competencies as soon as the gates closed. And then all at once, so suddenly that at first they hardly realized what happened to them down slammed the lid.

It was a step taken not exactly in the interest of good morals, though it pleased the reformers. The police commission issued its orders at the behest of business men who said the coast would keep more visitors away from the fair than it would attract. The coasters—and some of the business men agree with them—argue the contrary.

BEEES IN POSSESSION OF AN OLD HOUSE
LAWRENCEBURG, Ind., Aug. 12.—Workmen engaged in remodeling the old home of Major O. B. Liddle, recently bought by Martin J. Givan, found that the spaces between the ceiling of the rooms on the first floor and the floor of the rooms of the second story were filled with much honey.

The floors in ten of the rooms were removed and two hundred gallons of honey were taken. The bees attacked the workmen and Edward B. Ginter, Jr., was stung severely. Thomas T. Miller later removed the bees from the building without injury. The swarms were placed in twelve hives.

The bees had entered the building through a crack in one of the rear walls and have been in there two or three years.

BULGARIAN MINISTER TO JOIN CZAR'S ARMY
SOFIA (Bulgaria), via London, Aug. 12.—General Radko Dimitrieff, who was commander in chief of the Bulgarian army during the war against Turkey and is now Bulgarian minister at St. Petersburg, telegraphed his resignation in order that he might serve as a volunteer in the Russian army.

IT'S IMPOSSIBLE TO ACCUMULATE A SUPPLY OF RECORDS; THE MAKING OF EVERY NEW ONE BREAKS THE OLD.

LESS MEAT IF BACK AND KIDNEYS HURT

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.
Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become clogged; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush elongated kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

JEWES SHOW LOYALTY TO BRITISH EMPIRE

LONDON, Aug. 12.—The "Daily Telegraph" says:
"The Jewish community has been stirred to its depths by the outbreak of war. There is abundant evidence of its earnest desire to associate itself in every way with the steps taken for the success of our arms and the safety of the Empire.

"Jews are represented in every branch of His Majesty's forces. It is difficult to arrive at the exact number of Jews in the British military service, for religious belief is not stated in all cases of enlistment.

"The Rev. Michael Adler, a Jewish chaplain, compiles figures, from time to time, and the numbers always show a large proportion to the total number of Jews in the country.

"On Wednesday, when the recruiting station opened at Whitechapel, hundreds of eager young Jews came forward to offer their services, as in the case of South Africa."

Pacific Salmon for Maine Waters. WASHINGTON, Aug. 11.—One of the most interesting and promising pieces of constructive fishery work now in progress in the Bureau of Fisheries, Department of Commerce, is the introduction of the humpback salmon of the Pacific coast into the littoral waters of Maine.

The native salmon of the New England coast has become very scarce, and there is a noteworthy run only in the Penobscot river, where the Bureau conducts extensive operations addressed to this species. Owing to unfavorable physical conditions (dams, pollution, removal of forests at headwaters, etc.) in most of the streams formerly frequented by the salmon, there is little or no probability that this fish can ever be reestablished. The humpback salmon has therefore been selected as a suitable substitute. It spawns near salt water, and will find numerous favorable streams in which the eggs will hatch and the young remain until ready for their short marine life. The average weight attained is five pounds, but examples weighing ten pounds are sometimes taken in Alaska. When the fish is fresh-run from the sea, the flesh is of a rich red color, of delicious flavor, and a very satisfactory substitute for the Atlantic salmon.

The Bureau has begun an annual transfer of humpback eggs from the west coast to the Maine hatcheries, and is now distributing, in the form of fingerlings, the fish resulting from eggs brought across the continent last year. The plants will aggregate about seven and a quarter millions, and the waters stocked, which have been specially selected for the purpose, will include the following Maine rivers: Penobscot, Androscoggin, Pleasant, Damariscotta, Dennys, Orland, Union, Georges, Medomak, and St. Croix.

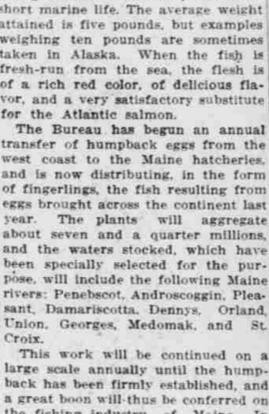

This work will be continued on a large scale annually until the humpback has been firmly established, and a great boon will thus be conferred on the fishing industry of Maine. In 1912 the humpback run in Puget Sound was valued at \$4,000,000, the fish being used chiefly for canning. In Maine and other New England waters the humpback will be in great demand as a fresh fish.

The Round-Up SEPTEMBER 24--25--26 LET 'ER BUCK The Alexander Dept. Store

Pendleton's Biggest and Best Department Store.
Is now showing a complete line of new and appropriate Round-up wearing apparel, such as the large Beaver Hats, Extra Fine Boots, Colored Silk Shirts, Fine Riding Gloves, the Official Round-up Silk Mufflers in beautiful combination colorings, the "Let 'er Buck" Neckties, something new and novel, and many Round-up novelties that will attract attention.

FRENCH SOCIALIST LEADER ASSASSINATED

Jean Leon Jaures, the most powerful socialist leader in Europe, was assassinated in Paris on the eve of the outbreak of the European war. He was dining in a restaurant when a shot was fired through the window killing him instantly.

Jaures was spectacular in his career and impressive in the power that his eloquence with tongue and pen gave him, not only with the populace but in the Chamber of Deputies of France but throughout Europe. For twenty-nine of his fifty-three years he was prominently before the public as a legislator, journalist, socialist, and philosopher.

He had been a fierce denouncer of the policy of huge standing armies and in 1905 he was the cause of sensation when Emperor William refused to allow him to deliver a lecture in Berlin. The subject of this lecture was an appeal to Socialists the world over to adopt a common programme against militarism and the capitalists and to work together for the cause of the peace.

He pointed out that if France, Germany or Great Britain went to war with either of the other powers it would be easier to the world.

Firemen Elect Officers. CONNELLSVILLE, Pa., Aug. 12.—Election of officers was the principal business before the Western Pennsylvania Firemen's association in convention here today.
