### FARMER IS KILLED IN RAIN OF BULLETS AS HE LEAVES STATION

RALPH BROWN VICTIM OF AN EMPLOYE WHO RUNS AMUCK WITH GUN.

Wife Also Under Fire but Escapes Injury—Posses Is On Track of Man Who Murders Well Known Farmer—Cause of the Shooting Unknown—Man Worked for Brown.

NORTH JUNCTION, Ore., Jan. 2.—(Special)—Ralph Brown, a farmer living near Kaskela, was killed and his wife was under fire for some time when Clarence Bettis, an employe, ran amuck and turned a rifle on them as they left the train at the station here.

Bettis immediately fled to the hills, firing on neighbors who attempted to stop him. Posses under Deputy Sheriff Stanton from here and Sheriff Crisman of The Dalles, are searching the hills, throwing out lines over a wide territory and encircling the hiding place, where he is thought to have taken refuge.

Heavily armed, Bettis is fleeing in the direction of the McLennan ranch where the sheriff and his deputies have sent detachments of neighbors hastily recruited.

Mrs. Brown was ordered to run when her husband saw Bettis level the rifle. She raced toward the home of neighbors, and, although Bettis fired several shots at her, she escaped. Mrs. Youngferdorf, a neighbor, also was under Bettis' fire for a few moments but was not hit.

Bettis had worked on the Brown ranch for four months. He otherwise was unknown here. No motive is known for the attack. Fright and exhaustion have left Mrs. Brown in a critical condition. Her husband was a son of W. W. Brown of The Dalles.

### EVANS IN 4-BALL MATCH.

Charles "Chick" Evans of Chicago, western amateur champion, who is one of the quartette of crack golfers that will compete in the special 4-ball match on the course of the Seaview golf club, on January 3.

German Food Plentiful. BERLIN, Jan. 2.—The official press bureau gave out the following: Herr Lehmann, chairman of the Bremen Chamber of Commerce, said at a meeting of the Bremen merchants that Germany was provided with victuals sufficient for years. The high standard of German science, he said, rendered it possible to supply substitutes for the raw materials necessary for warfare which cannot be imported, and that, therefore, the shutting off of German imports by the British is damaging only the interests of neutrals.

### Kaiser Grooms America.

BERLIN, Jan. 2.—Emperor Wilhelm has sent from the army headquarters a message to President Wilson conveying his wishes for a happy New Year.

The emperor also expresses his wishes for the welfare of the United States.

### NO PATRONAGE FIGHT.

(New York World.)

President Wilson was never wiser than when he told his callers yesterday that he was more concerned with the larger affairs of government than with patronage.

The O'Gorman-Martine-Reed hold-up may be annoying but it is not vital. In a contest of that kind a very small senator can wreck a very great administration. Even if the president wins he has won nothing of tangible value to the country. If he loses, he has permanently weakened his influence for good in the most important affairs of statesmanship.

Some day an enlightened public opinion will compel the senate to abandon a "courtesy" of usurpation which enables the most insignificant accidental senator to coerce the president of the United States into sharing with him the constitutional power of appointment. But until that "courtesy" is formally abandoned, the president must either respect it or sacrifice the things that are really worth while.

Where no hard-and-fast principle is involved, it is the part of wisdom to give the office-mongers in the United States senate their pap. That is the thing they care most about in public affairs and so long as certain states inflict such senators upon the country, it is the part of discretion to make the best of it.

Why should a president of the United States waste his time and energies in struggling with the O'Gormans, the Martines and Reeds over a few penny jobs that mean nothing to the president or the country but apparently mean everything to the professional patronage-brokers?

### FOURTY-THREE

Forty-three people met Thursday night at the home of El Reetz to bid farewell to the old year and welcome the new, and if the new year endeavors in any way to repay its new found friends for the royal greeting it received then it will have to spell happiness and prosperity. Among the guests were also Lawrence Whitman of University of Oregon and Miss Daisy McPherson and Clayton Strain of Oregon Agricultural college. Mr. and Mrs. El Reetz entertained the watch party. Beautiful musical selections were rendered by Lawrence Whitman at the piano and Wm. Trusdall on the violin. Especially creditable was Mr. Trusdall's playing and it was highly appreciated by those present. Other musicians of the evening were Miss Venice Callison and Miss Ethel Freeman. Vocal numbers were rendered by Lawrence Whitman, Miss Hilbert, Mrs. Corley and El Reetz. Games were a prominent feature of the evening and delicious refreshments were served toward the close of the evening. At twelve, all went outside and welcomed the New Year, with shouting and song.

ment to many people, that disappointment was minimized through the generosity of the management of the U. L. Club which took over the Eagle-Woodman hall and all preparations made for the annual ball and gave a dancing party that was attended by large numbers and which proved a most enjoyable event. The nine-piece orchestra was used and added much to the enjoyment and the beautiful decorations of evergreens, holly and streamers made the scene a pretty one. Punch and sherbet were served during the evening.

Mrs. Caroline Evers, mother of Mrs. Nesmith Ankeny, is reported to have had a sinking spell Thursday in the Walla Walla hospital where she has been for some time. She rallied yesterday but is still quite ill. Mrs. Ankeny is with her.

Thefts Laid to No Work. LA GRANDE, Ore., Jan. 2.—"La Grande must soon face the problem of the unemployed," asserted Circuit Judge Knowles, who passed sentence of from one to five years on C. W. Murray, alias Cunningham, who pleaded guilty to check forgery charge. A sentence of from one to seven years was dealt to Ed Dore for stealing an overcoat.

"At this season of the year," the judge continued, "the county and city jails are filled with men who resort to crime to secure the necessities of life. The honest man should be given a chance to work for a living."

### LITTLE PIMPLES ON CHILD'S FACE

Itched and Child Scratched. Could Not Leave Them Alone. Something Terrible, Used Cuticura. In a Month Child Was Healed.

Merle Deach, Mich.—"My little daughter was nearly two years old when she had little pimples come on her face. It was just a little red bunch when it first started. I think they must have itched for she would scratch them until they would get to be large sores, nearly as large as a ten-cent piece. It seemed as if the poor girl could not leave them alone; if we held her hands she would try to rub her face on something else. It was just terrible. "I used most everything I could think of and everything anybody told me to use and nothing would help her. I decided to get Cuticura Soap and Ointment and before I had used them one week I could see they were healing. Before a month was up you would never know the child had ever had any sores on her face." (Signed) Mrs. Lewis White, June 22, 1914.

### Baker Cutting Ice Early.

BAKER, Ore., Jan. 2.—A month earlier than usual residents of Baker county this year are cutting ice and putting it in icehouses for use next summer. Ice is about 18 inches thick around Baker, where many hundreds of tons have been put up in the last week.

At Newbridge the ice is 12 inches thick and Eagle valley residents are taking advantage of the unprecedented cold weather. In the Burnt river country there has been plenty of ice for three weeks for cutting. All along Snake river ranchers and dealers in towns are busy cutting ice.

### Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages most prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future.

In a little book for such women these points are more thoroughly brought out and a copy will be mailed to anyone who will send us their name and address. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness. Its safety and the real help it affords. Ask for it at the store and write us for the book.
