

TRADE MODERATE IN CHICAGO PIT

(Wednesday's Market.)
 CHICAGO.—Values in the grain trade at the opening of the market today were slightly lower.
 The trade was moderate, with little pressure on the market. Most traders were bearish. The weather was the dominating feature in the trend of prices.
 Wheat opened 1-4 under last night's close. Corn was also a shade down, while oats were slightly off. Provisions were higher.
 Early in the day there was a general lift in all grains, due to a good volume of buying and some reports of new export business.
 Liverpool advices today indicated a firmer tone in foreign markets.
 Later in the trading wheat developed a firm tone on further buying. Commission houses were buyers. There was some demand for old wheat. Last sales were 7-8 to 10 higher than the opening.
 Corn was up 3-8 to 3-8c at the close, and oats finished with a slight advance. Provisions were higher.

WHEAT.
 July—Open, \$1.05; high, \$1.06 7-8; low, \$1.04 1-2; close, \$1.06 5-8A.
 Sept.—Open, \$1.01 5-8; high, \$1.02 7-8; low, \$1.01 1-4; close, \$1.02 1-2B.
 Dec.—Open, \$1.04 5-8; high, \$1.05 7-8; low, \$1.04 3-8; close, \$1.05 5-8A.

Serbs Occupy Eibassan.
 SOFIA, June 29.—Continuing their operations in Albania, Serbian troops have occupied Eibassan, it was announced here.

RECIPE TO CLEAR A PIMPLY SKIN

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

NOT AN ISOLATED CASE.
 Many Similar Cases in Pendleton and Vicinity.

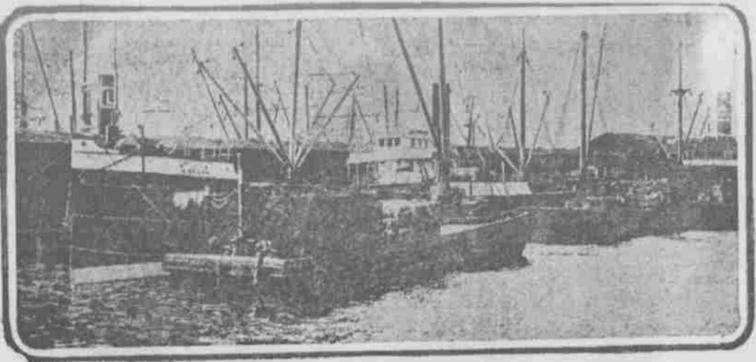

This Pendleton man's story given here is not an isolated case by any means; week after week, year after year our neighbors are telling similar good news.

William McGregor, prop. horse shoeing shop, W. Alta & Ann streets, Pendleton, says: "Kidney complaint came on me suddenly and I got so bad that I couldn't bend my back to shoe a horse. The kidney secretions were filled with sediment and painful in passage. I had no strength at all and my back was lame and sore. After I had used Doan's Kidney Pills a short time, all these troubles left me and I was able to work all day with ease. My health is fine now and my back is strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McGregor had. Foster-Milburn Co., Props., Buffalo, N. Y.

FIRST AMERICAN STEAMSHIP SUNK IN THE WAR

The photograph shows the American steamship Evelyn, which was sunk, presumably by a German mine, off the mouth of the river Ems, Germany, as she was bearing a cargo of cotton from New York to Bremen. She hit the mine off Berkum's Land. Her captain and 37 of the crew were saved.

NO CHANGE IN FLOUR MARKET

(Wednesday's Market.)
 PORTLAND, Ore.—The raise in the price of flour, heralded in some papers as about to occur, fell flat. No change was quoted by any of the local millers and they are unanimous in asserting that none is in prospect.

The flour men were especially bitter in their denunciation of certain attempts to lower the price. The price is right now, they assert, and any attempt to put it lower means a loss to them.

Wheat for the day was stiff with club standing at \$1, bluestem at \$1.01 and Red Russian at 98c. No sales of consequence were reported, the offerings being practically nothing.
 Oats also were stiff, hanging firm at \$26.50 with no change in prospect.

Flour—Selling price: Patent, \$6; Willamette valley, \$6; local straight, \$5.10; bakers' local, \$6; Montana spring wheat, \$6.40; exports, \$4.50; whole wheat, \$5.50; graham, \$5.60 per barrel.

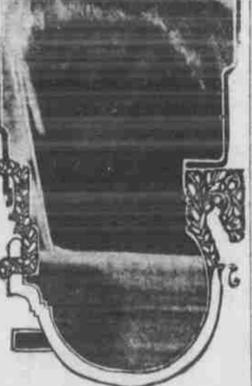

Hay—Buying price: Willamette valley timothy, fancy, \$13; eastern Oregon-Idaho fancy timothy, \$16; alfalfa, \$13@13.50; vetch and oats, \$11; clover, \$8@9 per ton.

Grain sacks—1915, nominal; No. 1 Calcutta, 8 1-2@9c.
 Millstuffs—Selling price: Bran, \$27@27.50; shorts, \$28@29.
 Rolled barley—Selling price: \$25@26.50.

Corn—White, \$35@35.50; cracked, \$36@37.

MRS. WOODS TO MOTOR TO THE COAST

NEW YORK, July 1.—Mrs. Al. H. Woods, wife of the theatrical manager, will set out from New York soon on her second attempt to drive a motor car from ocean to ocean.

Mrs. Woods' first attempt to span the continent in an automobile was made a year ago as the outcome of a bet with her husband. Having reached Butte, Montana, she was compelled to give up on account of bad roads. At that time she said she would try again.

Warning Given Against Fires

Once again the vacationist is being warned against leaving fires in the woods during the dry, summer months. Not only do forest fires destroy millions of dollars worth of timber but their smoke obscures the wonderful scenery and this is a year when the state should do its utmost to present a good outward appearance to the tourist.

District Forester Cecil is sending out the following letters to people over the state, a number having been received here:

Portland, Ore., June 28, 1915.
 To Citizens of the State of Oregon:
 This year, more than ever, the U. S. forest service, state board of forestry, and private associations engaged in the protection of timber are making every effort to enlist the cooperation of every citizen of the state in the protection of Oregon's greatest resource.

The Portland Chamber of Commerce is co-operating with the fire protective agencies and fully endorses the work.
 You can greatly assist in this important work by advising your friends and acquaintances who contemplate visiting the woods this summer to be careful with fire. A little effort of this kind on your part may result in the saving of thousands of dollars worth of property, the homes and improvements of settlers and possibly human lives.

We trust you will give this matter your serious attention both from the standpoint of saving needless waste and from allowing smoke to obscure the wonderful scenery from tourists who will visit our state this summer.

Very truly yours,
 GEO. H. CECIL,
 District Forester

Traveling Man's Experience.

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere—Adv.

Women Score Professor.

PHILADELPHIA, June 30.—When Dr. Richard C. Cabot, professor of medicine at Harvard University, in his address to the 20 graduates of the Woman's Medical College a few days ago, ventured that women physicians should avoid taking up general practice and research work and interest themselves in social service, he inadvertently stirred up a host of adverse criticism from those members of the faculty and alumnae who heard him.
 The thing that rubbed them the wrong way was Dr. Cabot's assertion that he believed the majority of women physicians to be temperamental and physically unadapted to the other and more strenuous branches of the profession and therefore "disappointed or dissatisfied" when engaged in them. Particularly quick to speak her mind was Dr. Clara Marshall, dean of the college. She not only rebuffed the speaker's observations as he quoted them, but declared in an interview later that "they must necessarily be very narrow."

Strike Urged, Alleged.

NEW YORK, June 30.—It is declared at the headquarters of the International Seamen Union of America in this city that the officers of the organization have information which tends to confirm the assertion of Andrew Furuseth that efforts are being made to tie up shipping on the Atlantic coast in the interest of the German government.
 Mr. Furuseth, who is president of the organization, said in Norfolk, Va., on Sunday that a member of President Wilson's cabinet is aware that seamen are being guaranteed \$10 a week if they will go on strike.

Charlton Trial Postponed.

ROME, June 30.—The trial of Porter Charlton, the young American charged with the murder of his beautiful bride, Mary Scott Charlton, formerly of San Jose, Cal., will be postponed until fall. The trial was scheduled for July 4, but it was announced that it might be put over until the autumn term of court at Como.

CATTLE MARKET FAIRLY ACTIVE

(Courtesy Wednesday's Journal.)
 PORTLAND, Ore.—The North Portland market was fairly active this morning, 12 cars in all being received. Prices held much the same as yesterday.

White, Madras, cattle; J. W. Darrow, Goldendale, sheep; C. H. Farmer, McCoy, hogs; J. Parker & Koppin, Plainview, cattle and hogs; S. B. Decker, Silverton, hogs and sheep; W. A. Lindsay, Payetteville, cattle and hogs.

Soap on Chops, Alleged.

NEW YORK, June 29.—"Look at those porkchops and pancakes, judge. Just look at 'em," thundered William Maldt, of North Bergen county, New Jersey, to Recorder Medina. His wife, Mary, stood meekly by. The couple appeared in court to make charges against each other.
 "What's the matter with 'em?" asked the recorder.
 "Matter with 'em? Nothing the matter with 'em; oh, no; nothing the matter with 'em at all, except that they were fried in soap. That's all the matter with 'em. Otherwise they would be all right."
 "Taint so, said Mrs. Maldt. "He's crank and wants everything just so. Why, judge, when I put the furniture in the middle of the room he puts it back and nailed the table and chairs against the walls, and then—"
 "You two go home," said the recorder, "and stop fussing with each other over such trifles. If you find you can't agree, come back next Monday."

So they left, William still gloowering at the pork chops and pancakes and Mary meek by his side.

Russian War Office Shakeup.

PETROGRAD, June 29.—The shake up in the Russian war office was made complete with the resignation of General Vernander as under secretary of state for war. He will remain as a member of the council of the empire. M. Polivanov, who is scheduled to succeed M. Soukhomlinoff as secretary of state for war, will probably reduce the number of generals now employed in his office.

British in Control.

PETROL, June 30.—Nearly all of German Southwest Africa is in control of the British, according to an official announcement here. In the Waterburg district, Wellot, Jivarango and Kandyande have been taken by General Botha.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.
 We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
