

ACID IN STOMACH SOURS THE FOOD

SAYS EXCESS OF HYDROCHLORIC ACID IN CAUSE OF INDIGESTION.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescing, and furthermore to continue this for one week.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate.

COSSACKS USING HORSES AS "PROTECTION HOLES"

American Indians used to make their mustangs lie down in front of them and shoot from behind that protection in their frontier battles with

the whites. Now the Cossacks of Siberia are using the same tactics against the Germans in the plains of Poland and East Prussia. The photo-

graph shows a Cossack trooper, his horse lying down to shield him, firing on a German outpost party. Even though wounded, the animals are trained not to rise.

CATTLE PRICES ARE DEPRESSED

(Courtesy Wednesday's Journal.) PORTLAND, Ore.—With only poor stuff available recently, the market for cattle at North Portland is not showing prime conditions.

As long as country interests continue to liquidate their poor stuff, just that long is there likely to be a market without much snap even for good stuff.

General cattle market conditions in the east showed a steady tone for the day.

General cattle market range: Select steers \$4.50@7.00; Best hay fed steers 6.25@6.50; Good to choice 6.25@6.40.

Hog Market Just Steady. While offerings of hogs were not showing above \$7.40 generally this morning at North Portland, this was really no weakening of the tone because better stuff would very likely have brought the additional dime received for some toppers yesterday.

Only a small run of swine appeared in the yards here over night and the trend of the trade was steady. Hogs held remarkably well in most of the eastern markets this morning with little change in quotations.

General hog market range: Best light 7.10; Medium light 7.40@7.45; Good to heavy 6.50@7.25.

Mutton Undernote Better. Somewhat better feeling is shown in the market for mutton and lambs. In both lines there is a tendency to stretch a nickel or so with top lambs around \$7.50@7.55.

Run of stuff in the mutton and lamb division of the yards over night was only fair with demand taking all offerings instantly.

Mutton market was weak to steady at eastern stockyard points this morning. General shorn mutton market: Choice spring lambs \$6.50@8.55.

FLOUR MARKET IS VERY QUIET

(Wednesday's Market.)

PORTLAND, Ore.—Market for patent flour is very quiet and weak. At \$5.30 the general list of patent the market shows sluggishness. Some cutting down to \$5.50 is reported, some of the interior millers being anxious to do business at any price.

Owing to the low price of whole barley the rolled stuff is showing a decline today with quotations down to \$25.50@26.00 a ton.

Wheat was strong this morning with some advance at Chicago. Foreign markets in general were of good character, there being an advance of 1d for spots at Liverpool and 1-2c rise at Paris.

Demand for new crop wheat is growing locally, although buying interests are inclined to slow in taking hold except for immediate delivery.

Flour—Selling price: Patent, \$5.80; Willamette valley, \$5.80; local straight \$5.20; bakers' local, \$5.80; Montana spring wheat, \$5.60; export, \$4.50; whole wheat, \$5.30; Graham, \$5.25 per barrel.

Hay—Buying price: Willamette valley timothy, fancy, \$13.00; eastern Oregon-Idaho fancy timothy, \$16; alfalfa, \$13.00@13.60; vetch and oats, \$11; clover, \$10.99 per ton.

Grain Stocks—1915, nominal: No. 1 Calcutta, \$1.20@90; Millet—Selling price: Bran, \$27; \$27.50; shorts, \$23@29.

Roller—Selling price, \$25.50@26.

Corn—White, \$25.00@25.50; cracked, \$26.00@27.00.

CHICAGO WHEAT LITTLE WEAKER

(Wednesday's Market.)

CHICAGO.—Following a slightly higher opening in the grain market today weakness developed and prices sagged. At the start wheat was up 3-8c to 1 cent a bushel, corn was 1-4@1-2 cent higher and oats started 1-8@1-4 cent higher.

The general appearance in the market was that shorts had pretty well covered. Wheat acted heavy. Sentiment in the pit on all grains was more bullish today than for some time.

In the corn trade, the action was weak. After the slight advance at the opening, sagging tendencies set in. Selling was general. Oats acted with wheat and corn. Provisions were slightly higher at the outset.

Later in the day, on a heavy short covering movement, there was a big jump in wheat prices. Shorts bought heavily. Last sales in wheat were 3 to 3-4 above the opening.

Strength developed in corn and oats due to short covering, because of the upturn in wheat. A large export business was reported in oats late in the day. Corn finished 1-8 under to 3-8 higher than the initial prices, while oats were unchanged to 1-4 up.

Provisions were strong at the close. WHEAT. July—Open, \$1.11; high, 11.16; low \$1.10; close, \$1.15 3-4.

Sept.—Open, \$1.05 1-4; high, \$1.09 1-2; low, \$1.03 3-4; close, \$1.09 3-8B.

Dec.—Open, \$1.08 1-2; high, \$1.12 7-8; low, \$1.06 1-2; close, \$1.12 1-4.

Traveling Man's Experience. "In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.—Adv.

Austria Makes Apology. VIENNA, July 14.—Formal apology has been made by the Austro-Hungarian government to the United States Ambassador Penfield because of an abusive article printed in the Neue Wiener Tageblatt, attacking President Wilson and the American people in connection with the second note protesting against German methods of submarine warfare.

As a rigid censorship is exercised over Austrian papers, Ambassador Penfield has informally asked the foreign office if the article represented the opinion of the Austrian government. The result was an apology and a sharp reprimand for the official censor.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; same cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Fortune Won by Woman. CHICAGO, July 15.—Transformed over night from poverty to riches estimated at \$250,000. Mrs. Druehlla Carr sat in her little cottage among the sand dunes on the beach at Miller Point, and looked forward to her sixtieth birthday early in July with a new vision.

Her 23 years of poverty during which she had lived off the meager profits of her two sons' fishing industry, ended when the appellate court of Indiana awarded her the title to 180 acres of lake-front land after a four-year fight against the Pitt and Roebuck heirs of Chicago and New York. The land is valuable for industrial and park purposes.

"I have always wanted an automobile," said the aged little woman, her
