SICK SKINS MADE WELL BY RESINOL

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sore. The suffering usually stops right there! Healing begins that very minute, and in almost every case your skin gets well so quickly you feel ashamed of the money you threw away on tedious, useless treatments. Resinol Ointment is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for twenty years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c. and \$1.00), and Resinol Soap (25c.). They do wonders for pimples, blackheads, dandruff and chafings, and are a comfort to skin-tortured babies.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound. Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache. "After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tullip St., Richmond, Pa. **Women Have Been Telling Women** for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

WALLA WALLA MADE DEFENDANT IN SUIT TO RECOVER \$10,000

The city of Walla Walla is getting into a peck of trouble over its source of water supply. Having had two girls thrown in jail for bathing in Mill Creek an having threatened arrest of every person doing likewise, the city now finds itself the defendant in a \$10,000 damage suit filed by Mrs. Mina Klicker who owns the land above the point of intake. She alleges the Klicker land is principally valuable for camping sites and that the Klickers furnish baths from mineral springs and sell food supplies to campers, the business altogether amounting to about \$2000 a year. It is charged that the Walla Walla officials have conspired to ruin them by threatening to prosecute any who go above the intake to camp and have posted warning to the effect that anyone who do this will face arrest. Those and other acts it is stated have damaged the owners and they want \$10,000 and an injunction to prevent the city from molesting them in the future. The city has hesitated before about taking any legal steps and now that the court action is started, we welcome it. The city attorney is hired by the year and we will now find out just where we are at," said Mayor Toner yesterday.

I put a little Cuticura Ointment on the pimples and after ten minutes washed with Cuticura Soap. I felt a great relief and in about a month I was surprised to see how clear my face looked. Soon I was completely healed." (Signed) Miss Mary Kelly, August 11, 1914.
