SKULL ON POLE FOUND IN BAKER CEMETERY

BAKER, Ore., Sept. 9.—Desecration of the Chinese graveyard was discovered this morning by Chief of Police Jackson, when on a trip of inspection at Mt. Hope cemetery he found a skull grinning toothlessly at him from the top of a pole stuck in the ground. As the chief did not know to whom the skull belonged he has added it to his office decorations.

Chinese graves are dug only two or three feet beneath the surface of the ground, and it is believed that coyotes unearthed the head, and that small boys in the neighborhood completed the work by fastening it on the pole.

GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

Watch Renewing

We prefer the word renew to the word repair, when speaking of the work we do in this department of Sawtelle's service.

The aim is to renew—to restore the watch to its original state, and make it as accurate in its time keeping properties as it was when first purchased.

We are just as particular with the work of jewelry renewing and the overhauling and renewing of clocks, silver and gold ware, etc.

All such work go back to you with the look and feeling of newness—you may depend upon any work you entrust to this department being well done.
