CABINET OUT IN GREECE; PREMIER ALSO TO RESIGN

Zaimis Says He Will Quit Immediately--Trouble Comes Over Vote of Lack of Confidence.

MAY LINE UP WITH ALLIES

Action Believed to Foreshadow Greece's Determination to Join in the Balkan Campaign--Venizelos Is Said to Have Forced a Test of Strength in the Cabinet.

PARIS, Nov. 4.—That Greece will plunge into the war against Bulgaria was regarded as almost certain following the overthrow of the Zaimis cabinet. Venizelos, who assuredly will step back into the position of premier which he held before Zaimis replaced him, is a war advocate and favors the allies. Presumably, if he is again premier, he will force Greece into the war very quickly.

ATHENS, Nov. 4.—Following a mock parliament's vote of lack of confidence in the cabinet, the latter body immediately resigned.

His formal resignation will be in the king's hands today, Premier Zaimis stated. The question of a vote of confidence was raised on Wednesday in connection with a debate over military proposals. Former Premier Venizelos suggested the vote be cast today and it resulted in 147 against and 114 for the ministry.

Zaimis has been strong for continued neutrality on Greece's part. He replaced Venizelos, whose policy was a tacit approval of the allied landing at Salonika and who gradually was turning Greece toward the allied side. Parliament's course course and the resignation of the cabinet probably foreshadow Greece's joining the allies in the Balkan campaign.

It was known from the moment of Zaimis' appointment that Venizelos could overthrow him as soon as the legislative body and the nation grew sufficiently dissatisfied with Zaimis' policies. Zaimis is not a "peace at any price" man, but he takes the view Greece should not enter the war at present. He also denies the Serbian treaty requires Greece to come to Serbia's aid against the Bulgarians under existing conditions. An opposite interpretation is placed on the treaty by the Serbs and the allies. The incident which caused a crisis was a controversy between the pro-Venizelos deputy and the Zaimis war minister. Venizelos interposed with a proposal of a test of strength.

DIRECTORS FOR ROUND-UP FOR 1916 TO BE ELECTED

ANNUAL MEETING OF STOCK-HOLDERS IS CALLED FOR TUESDAY NIGHT.

The annual meeting of the stockholders of the Northwestern Frontier Exhibition association will be held in the rooms of the Commercial association on Tuesday evening, Nov. 9, at 7:30 p. m., according to a formal notice made today. At that meeting a detailed report of the receipts and expenditures for the 1915 Round-up will be made by the directors and the election of directors for the next year will be held.

Just how many vacancies there will be to fill is a matter of conjecture. One vacancy has been caused by the resignation of Treasurer Jack Watson, who has left Pendleton and a number of the other directors have signified a desire and intention of retiring. Whether the friends of the Round-up can prevail upon them to remain on the board is a matter for the future to decide.

IMPROVEMENT OF SIX THOROUGHFARES ACCEPTED AT COST OF \$41,579.10.

The improvement of Alta, Chestnut, Garden, Willow, Railroad and Water streets, in district 43, with gravel bitulithic pavement cost \$41,579.10, according to the report on the final estimates made to the council last evening by City Engineer Kimbrell. The council adopted the report and passed an ordinance levying assessment against the property in the district.

The order for the construction of a 100 sewer lateral on Calvin street, made a week ago, was rescinded last evening. A request was made by N. Berkeley for permission to construct a septic tank at his residence property, his property being too low for sewed connections, he reported. Members of the council were of the opinion that connection could be made with the bluff street sewer and the matter was referred to the sewer committee and the city engineer for investigation. The balance due G. R. O'Melveny on the Garden street sewer was paid last evening.

The city attorney was instructed to notify the O. W. R. & N. Co. to get busy at once with the improvement of the Chestnut street crossing. The company must put in a base before the Warren Construction Co. can pave it, and the delay is holding up the acceptance of the improvement.

The city recorder was instructed last evening to purchase supplies for the coming election. Adjournment was taken until Friday evening at which time the Riverside Drive improvement will probably be considered further.

Villa Shoots Two Americans After They Help Him in Fight

EL PASO, Nov. 4.—Shot in cold blood by General Villa, the bodies of two American Mormons have reached Casas Grandes. The rebel chieftain impressed them into service at Casas Grandes to haul ammunition at Agua Prieta for the Villista-Carranzista battle there. Upon reaching Ojitos Pass, they asked Villa for release but the general's reply was to shoot them both. A friend loaded the bodies on a wagon and returned them to their families at Casas Grandes. One man belongs to the Taylor family.

DOUGLAS, Nov. 4.—Colonel Martinez of the Villista army, has surrendered to the American forces declaring that Villa will split his troops into small parties at Naco and send them on raiding expeditions designed to spread death and terror into northwestern Mexico. Villa has abandoned the attack on Agua Prieta and with his staff has resumed the march in the direction of Naco.

Two thousand Yaqui Indians who participated in the Agua Prieta fighting, have deserted the Villa banner and set out on a campaign of guerrilla warfare of their own. Three hundred Villista cavalrymen also deserted and entered the mountains, presumably with the intention of becoming bandits.

Slow Fuses Found Aboard a Vessel May Have Caused Fire

NEW YORK, Nov. 4.—Slow fuses placed aboard by spies are suggested as responsible for an incendiary fire which destroyed \$25,000 worth of sugar and damaged the British tramp steamer Euterpe at the South Brooklyn docks last night. Fires in sugar ships bound for allies territory are of almost daily occurrence and officials hinted there is some connection between them and the Robert Fay bomb plot. Authorities are investigating.

Boys Cause Stir in Theater When They Shy Missiles

ACTORS BECOME TARGETS FOR GARDEN FRUIT—JUDGE DELIVERS A LECTURE.

In a mistaken spirit of fun, sixteen well known young men of the high school last evening created a disturbance at the Temple theater, and in consequence, were this morning brought before Police Judge Thomas Fitz Gerald. After a stern rebuke, the boys were released upon their promise to apologize to Manager Downey of the theater. After receiving a reprimand from Supt. Hampton, they fulfilled their promise, going in a body to the theater and expressing regret for their ill-advised actions.

The affair caused quite a stir down town last evening. According to the boys' statements in court this morning they planned to go to the theater to "have some fun," some having definite ideas of what the fun would consist of and others having general notions. When an act took the stage which did not meet with the approval of the boys, several let fly fruit and vegetable missiles, some of which struck the performers. The disturbance was reported to police headquarters and Chief Manning and Officer Nash took the boys in custody, escorted them to the station and gave them instructions to appear in court this morning.

The case was taken up informally by Judge Fitz Gerald at 9 o'clock, and after listening to the statements made by the boys, he lectured them at length upon the error of their act. "In credit to you, I will say that I think your acts were done thoughtlessly and heedlessly. You thought to have some fun, but you never stopped to realize at what expense. Your case is like the fabled story of the frog who said to the boys who were throwing rocks at him, 'It may be fun for you but it is death for us.'"

The judge reminded them of the damage they had done to the management of the theater, to the actors and patrons, to their own reputations, to their school and to their families, and advised them, hereafter, to reflect upon the consequences before undertaking anything in the spirit of fun.

COMMITTEE IS APPOINTED TO ORGANIZE BOYS CLUB

COMMERCIAL CLUB TAKES ACTION AT MEETING—SUITABLE PLACE SOUGHT.

For the purpose of organizing a boys club a special committee of the Commercial association, consisting of A. J. McAllister, J. Roy Raley, C. M. Bishop, Dr. Guy L. Boyden and C. P. A. Longman, was appointed at the regular November meeting and will make an effort to find suitable quarters for such a club.

The appointment grows out of some objection to the use of the Commercial club rooms by the boys, and, at the same time, a realization of the need of a place where the young men may enjoy wholesome amusement and recreation. The old Commercial armistarium was suggested as a suitable place but the expense of equipping and heating it was deemed prohibitive. Several other places are being considered by the committee.

The association has received formal notice of the acceptance of the invitation of the Oregon Woodworkers' association to hold its annual convention here on Dec. 8 and 10, the notice coming in the form of a letter from President F. W. Falconer of Enterprise.

The association is also taking cognizance of the teachers' institute here on Nov. 17, 18 and 19 and has voted an appropriation to help pay for the music on that occasion.
