COUNTY OFFICIAL PAPER

SEARCH MADE OF GREEK SHIPS BY ALLIED VESSELS

Unofficial Reports Indicate That France and England are Enforcing Blockade of Coast.

OUTCOME IS STILL DOUBTFUL

Position of Greece Remains Unchanged—No Official Announcement Has Been Made of How Far the Allies Will go in Trying to Force King to Make Decision.

WASHINGTON, Nov. 22.—The reinforcement of the Greek army with half a million Anglo-French troops, or an arrangement with Roumania for a joint Greek-Roumanian invasion of Bulgaria, are Greece's terms for joining the allies, according to a source close to the Greek legation. This source said Greece will be forced to choose between the allies and the Turks within a few days.

PARIS, Nov. 22.—The outcome of the crisis over Greece is as doubtful as ever. How far the allies have gone or will go with the "commercial and economic" blockade against Greece has not been made public officially. The unofficial news that allied warships are searching Greek merchantmen was an unexpected development today which was taken to mean that a literal and not a "paper" blockade had been established. Reports that Greece had decided to remain neutral were unconfirmed.

These stories said that while the Serb refugees will be disarmed, the allies would not be interned if they fled across the Greek borders, though they would be forced to quit the country. Such a course probably would not meet with allied approval for the removal of allied forces fleeing from Serbia would relieve the German need of having strong forces in Serbia. How Greece will act probably will be disclosed shortly, for a cabinet session was held yesterday to discuss the whole situation. In the meantime the position of the Serbs grows hourly more tragic. Kosovo is the scene of a big battle, while in the Monastir region another conflict rages.

Boys Caught in Milk Wagon in Which They Hauled Away Loot Secured in Robberies

After stealing the milk wagon of Solih Richardson for three successive nights and using it to haul away loot secured in a half dozen or more petty robberies, two small boys, Robert and Owen Wood aged 12 and 10, had their career of youthful crime cut short late Saturday night when they were picked up by Officer Scheer. They were still in the wagon and later confessed to a number of robberies.

The elder boy is the one who recently entered the home of Mrs. Laura Blanchard on Calvin street. He failed to profit from his previous experience. Inducing his younger brother to join him, he stole the Richardson milk wagon Friday evening. Mr. Richardson, whose home is near the Wood home in the west end of the city, had missed many things before. On Friday evening he left his horse and wagon tied at the corner of Alta and Garden street. The boys, according to their story, drove it across the Main street bridge, up Riverside drive and dumped the milk cans into the Walters millrace. When they were through with the wagon for the night, they turned the horse loose and slept in a barn along the river. Mr. Richardson found his horse standing in the west end of the city.

He purposely left the rig at the same corner the following night and again it was stolen but not while he was watching. This time the horse was turned loose and went home. Last night Mr. Richardson lost the rig on the same corner about 6 o'clock and went to a picture show. He did not think it would be stolen again before 7 o'clock but, when the picture show was over, he went around and found the boys had beaten him there.

He notified the officers and a search was made all evening. Just before midnight Officer Scheer found the boys driving the wagon down Court street and took them in charge. In the wagon a quantity of their plunder was found, including candy, gum, cigars, soda-pop, a watch, revolver, buggy robe and other articles. Chief Manning was summoned and he secured from the boys a full confession. The watch, a 17 jewel Waltham and the revolver they said they secured at the bit and spur shop back of Hanley's. The gum, cigars, candy, etc., came from the Howard grocers store on West Webb street which they had entered through a window during the evening. They admitted (Continued on Page Eight.)

WARRANT ISSUED FOR MAN SOUGHT IN TRUNK CRIME

Portland Police are Confident That George Bartholomew, Alias Edward Hopkins, is Stayer.

MURDERED MAN IDENTIFIED

Was Known in Albany and Salem as John Lind—Had Been Seen With Companion for Whom the Police Are Now Seeking—Two Came to Portland Early Last Week.

PORTLAND, Ore., Nov. 22.—A formal charge of first degree murder was today filed against George Bartholomew, alias Edward Hopkins, the alleged companion of the man whose body was found in a trunk in the Willamette river on Friday. That Bartholomew is the murderer was the fixed belief of the police who have confirmed to their own satisfaction that he spent a month with his victim at Albany and Salem and that they came to Portland together early last week.

The police still adhere to the theory the murdered man's name was John Lind. The warrant issued for Bartholomew's arrest specifically charges him with murdering John Lind. The murdered man gave the name of John Lind in Albany and Salem. There is a question whether this was his real or assumed name.

MINNEAPOLIS, Minn., Nov. 22.—Mrs. Rita Hopkins, said to be the mother of George Bartholomew, wanted in Portland in connection with the trunk mystery, said she knew nothing of the case. Her son's name, she explained, is Edward, not George. She had not heard from him since he left Belmont, California, last spring. Her son is a barber.

OPENING OF CONGRESS TO BE "DEFENSE DAY" IN U. S.

EFFORTS ARE BEING MADE TO SECURE SUCH AN OBSERVANCE HERE.

Monday, December 6th, the opening day of congress, has been named by the Defense Society as "Defense Day" throughout the United States—the most timely occasion for holding mass meetings and addressing letters and telegrams to congress on behalf of better national defense. Pres. Taftman of the Commercial Association has been asked to give his aid in securing a local observance.

In case there is an earlier meeting of congress the opening day will then be chosen for "American Defense Day." In order to make the occasion an impressive one, the American Defense Society has requested the cooperation of the boards of trade of the various cities, asking that they designate this day as a Flag Day over the city of Pendleton, on which day all citizens who are in favor of a greater national defense are urged to request to show such belief by hanging out flags at every house.

At the same time the American Defense Society is distributing a card appeal to be signed by voters and sent to their respective congressmen and senators, urging action at the next session of congress in favor of adequate national defense. Cards may be had upon request at the National Headquarters of the American Defense Society, 205 Fifth Avenue, New York City.

Though the local boys have not had a good season, there is plenty of fight left in them and, given a dry field, they feel they can claim a creditable showing against the Portland team.
