SOUTH AND EAST ARE BEING SNOWED UNDER

BUFFALO, N. Y., March 1.—Western New York was experiencing the fiercest blizzard of the winter. The storm began early Sunday and continued through the day. A mile wind accompanied the snow. Country highways are piled so high that they are impassable.

All of the railroad lines are blocked to the south of the city and trains are hours late in getting through. Near Dunkirk the snow is drifted to a depth of six feet in many places. Smaller towns are entirely cut off from traffic and communication, as miles of telephone wires have been torn down.

A message from Cory, Pa. says that the damage in that section will reach thousands of dollars.

The Hohenschulden fortune, which totaled \$2,000,000 when the great grandfather of the present Kaiser died, is now estimated at seven times that figure. Eighteen months ago the Kaiser paid a military tax of \$965,000.

A roasted coffee bean is as porous as a sponge; it can't keep in its flavor nor keep-out odors, if exposed to air. Leaving it whole, to be ground as used, doesn't keep it fresh.

The modern way, as used with Schilling's Best, is to grind it evenly, and pack it into airtight tins within an hour of roasting.

This means you get all the flavor of fine coffee with the bitterish chaff removed.

Valuable Health Hints For Our Readers

CATARRH Just because you hawk and spit and your nose is wet, cold, red, sore and a nuisance, don't merely plug it up. You can't cure catarrh by greasing your nose. Take S. S. S. regularly and you will drive catarrhal poisons out of your blood. The membranes will soon recover and no longer continue to accumulate the mucus that gathers and thickens into catarrh. S. S. S. stimulates the cells of the tissue to select from the blood their own essential nutriment. Rapid recovery from catarrhal inflammation in the stomach, kidney, bladder and all membranes is the result.

MALARIA Throughout the country, wherever malaria abounds, are happy, joyful people to whom S. S. S. has given wonderful help in the treatment of malaria after the most sickening torture imaginable.

STUBBORN SORES Sometimes a sore spot becomes indolent. The tissues surrounding it loose and are unable to provide sufficient nutriment to stop the drain. It is then chronic. Just saturate your blood with S. S. S. This is quickly accomplished, as S. S. S. is naturally assimilated the same as milk or any other healthful liquid.

RHEUMATISM In any form of rheumatism give the blood a good effectual cleansing with S. S. S.

POISONED BLOOD. So many different things contribute to poison the blood and the effect is so startling that the sufferer becomes panic-stricken and is led to use harmful drugs. If you have any blood trouble, get a bottle of S. S. S. and take according to directions.

Don't take anything else. Poisoned blood is bad enough without ruining your bones, joints, teeth and vital organs with minerals. S. S. S. so stimulates cellular activity that they reject all poisonous influences and select only those materials in the blood that make healthy tissue. This is why its assistance toward recovery is so noticeable and at times remarkable.

S. S. S. is welcome to the weakest stomach and is assimilated just as readily as the most nutritious food. It has helped to cure a host of sufferers.

Use this remedy for three days and take a hot salt water bath to open the pores. This relieves the lungs and kidneys and assists S. S. S. to utilize the skin as the principal avenue of elimination.

Avoid salts, calomel and other drastic purgatives, as they absorb the moisture from the walls and membranes of the intestines, weaken the muscular action, produce chronic constipation and thus stagnate the system with rheumatic poisons. Get a bottle of S. S. S. at any drug store. Don't take a substitute.

S. S. S. is purely vegetable and is prepared only by the Swift Specific Co., 371 Swift Bldg., Atlanta, Ga. Write for special booklet on any of the diseases mentioned and if medical advice is wanted, write for that also to address given above. Both booklet and medical advice are free.

CHICAGO, March 1.—John Paul Jones' acceptance of an athletic citizenship in the Illinois A. C. of this city, has caused some surprise in view of the recent announcement of his retirement from athletics. Jones is living in Evanston, Ill., and his employer is said to be a member of the club which may account for Jones' change of plans. Jones will not specialize in the mile, it is said, but will devote his attention to the half mile. Jones has not been in competition for three years and his great mile record has since been overshadowed by the great Norman Taber. Jones won the intercollegiate half mile championship in 1912 in 1 minute 52 4-5 seconds.
