ALLIES LOSE MORE THAN A MILLION MEN

German Military Experts Estimate Total Since the Super-Offensive Began

OROSOVO REPORTED FALLEN

French repulse four dense formations south of Somme. Some progress is made by Allies on Verdun front — Teutons lose 200 prisoners.

SOZIA, Sept. 8.—It is announced the Bulgarians and Germans have occupied three Roumanian towns. It is admitted the Roumanians seized the Hungarian town of Orosovo. The Teutons are shelling the Turnu Severin railway station. The Bulgarians have captured Cavarina, a seacoast city.

BERLIN, Sept. 8.—German military experts estimated the allies lost over a million killed, wounded and missing since starting their super-offensive. Experts believe the estimate is conservative. The allies have only succeeded in conquering Bukovina, some Galician territory and Goritz, making a shallow thrust on the German western lines, occupying the mountainous Transylvanian country.

Meanwhile the central powers' armies have struck successful Balkan blows. The Bulgarians have advanced on both flanks, meeting the allies in Greece. German and Bulgarian forces have smashed the Roumanians at Tutraikan.

The losses to the various allies are estimated as follows: Russians, six hundred thousand; British, two hundred and thirty thousand; French, a hundred and fifty thousand; Italian, Serbian and Roumanians combined, fifty thousand.

The Germans repulsed strong Russian and Roumanian attacks north of Dobric. It is admitted the French captured sections west of Bery and northeast of Souville, on the Verdun front.

Orosovo Reported Fallen. LONDON, Sept. 8.—A Times Bucharest dispatch declared the Roumanians had occupied Orosovo, the gate to Hungary. Orosovo's occupation has frequently been reported. The Roumanian war office failed to confirm it.

LONDON, Sept. 8.—Haig reported artillery fire southeast of Ghinchi. The British raided trenches at Richebourg-La-Vogues. They made grenade attacks on many Germans.

French Repulse Attacks. PARIS, Sept. 8.—It is announced the French repulsed four dense formations south of the Somme between Verdun and Chaulnes. The French captured two hundred prisoners. The Germans suffered heavily in assaulting new French positions between Bery and Chaulnes. The French progressed on the Verdun front last night. They defeated a German attack at Vaux Chaptre.

YUKON STAYS WET BY JUST THREE VOTES. DAWSON, Y. T., Sept. 8.—Official figures on Yukon territory's vote on prohibition give the "wets" a majority of only three votes for the entire territory, it was announced. The contest was to abolish the licensed hotel, the only form of saloon now allowed in the territory. The mining districts, almost without exception, voted for prohibition.

FOREST COIN MAY BE ASKED FOR BUILDING OF ROAD TO UNION COUNTY VIA BINGHAM

To secure some of the \$10,000,000 federal money, to be used on forest roads, for the construction of a road through the Blue mountains via Bingham springs and the old stage road is the purpose of a line of action now being considered by the county court. If it is decided by the court to take the matter up the work will probably be done in cooperation with the county court of Union county and a petition will be sent to the forestry bureau between now and October 1.

Under the law passed by the present congress \$1,000,000 per annum for 10 years will be available for building forest roads. As the road above Bingham will pass directly through the Wenaha forest it is believed the project is one that will appeal to the department, particularly so since the road would become a link in a transcontinental highway.

CONGRESS ADJOURNED THIS MORNING; MANY RECORDS ARE SMASHED

CITY OFFICIALS OF LOS ANGELES CALLED

Are Subpoenaed to Testify in Grand Jury Investigation of Mayorality Bribery Charges.

LOS ANGELES, Sept. 8.—District Attorney Woolwine has subpoenaed Mayor Woodman, former Mayorality Candidate Frederick J. Whiffen and many city officials and newspapermen to testify before the grand jury investigation of Whiffen's charge that an unnamed man offered him the mayorality for twenty-five hundred dollars. Whiffen alleged the proposition was made after Mayor Sebastian resigned.

WILSON PAYS RENT FOR SUMMER HOME TO HOSPITAL CHARITY

LONG BRANCH, N. J., Sept. 8.—Congressman Thomas J. Scully of New Jersey announced the receipt of a check for \$2500 from President Wilson. The money is to be divided among Monmouth county hospitals in accordance with the president's agreement of Shadow Lawn, Colonel Greenhut the owner, refused to accept rental. The president then insisted on contributing the sum required to charity and refused the tender of the place under any other conditions.

COAL MINER STRIKE IS AGAIN DELAYED

Operators Ask More Time to Consider Demands — Sub-Committee Postpones Its Report, Too.

KANSAS CITY, Sept. 8.—The southwest coal miner strike is again delayed. The operators asked more time to consider the demands. The joint sub-committee postponed reporting the disagreement and resumed deliberations expecting to report to the general conference later.

GIRL IS INJURED FAR FROM HELP; MAY DIE

Silver Rudd, Aged 16, Suffers Concussion of Brain When Thrown from Horse at Fish Lake.

HALFPAWY, Ore., Sept. 7.—While at a summer camp at Fish Lake, 18 miles in the Granite mountains, Silver Rudd, 16-year-old daughter of Mr. and Mrs. J. C. Rudd, farm residents of Pine Valley, was thrown from a horse striking her head against a tree, causing concussion of the brain. Companions reached the forest station nearby and phoned to Halfway for help.

Dr. Eastland, accompanied by several men, hastened to the scene of the accident and the young girl was conveyed across the lakes on a stretcher in a boat and then carried about a mile up a steep mountain side to where a light spring wagon was waiting. In this conveyance she was brought to her home in this valley, arriving 24 hours after the accident still unconscious.

Little hope is entertained by the physicians for her recovery.

Every time a man swallows a doctor's advice he has to cough up money.

Final Legislative Measures Include Eight Hour Bill and Revenue Law.

NEW MARK IN APPROPRIATIONS

Senate Lobby Commission Will Investigate Charges That Sir Joseph Polk and Other Canadian Officials Lobbied Against Chamberlain Amendment.

President Signs Revenue Bill. WASHINGTON, Sept. 8.—President Wilson has signed the revenue bill. He said: "It's been good work." He also signed the workmen's compensation act and the widows pension law. He issued a formal statement praising the congress session just closed. Wilson left Washington this afternoon enroute to Atlantic City where he addressed the suffrage convention tonight.

Wilson also said: "A very remarkable session of congress has just closed. It was full of helpful, humane legislation constituting important contributions to defense, economic progress and the wholesome life of the country."

It is to be regretted the session could not continue long enough to complete the program recently projected regarding the accommodation of labor disputes between railways and employees. Only the most pressing parts of the program were completed. The remainder are merely postponed until there is time for more deliberation. I have reason to believe it is the purpose of the leaders of the two houses to undertake additional legislation immediately after reassembling. It's evident the country must be relieved of the anxiety created by recent events regarding the future accommodation of such disputes.

WASHINGTON, Sept. 8.—

Congress adjourned at ten o'clock this morning. The two hour morning session was devoted to unimportant speeches. There was considerable hilarity.

At nine fifty-five Senators Kern and Smoot entered the chamber and announced that the president approved of the adjournment decision. House Leader Kitchen and Representatives Fitzgerald and Mann carried the same message in the house. Speaker Clark banged his gavel and announced adjournment amid cheers.

To Investigate Lobby Charges. WASHINGTON, Sept. 8.—The senate lobby commission will investigate Senator Chamberlain's charges that Sir Joseph Polk and other Canadian officials lobbied against the Chamberlain amendment to the revenue bill prohibiting the importation of Canadian halibut and salmon. Senator Curtis offered a resolution just before adjournment, ordering an investigation. Chamberlain called the elimination of his amendment "a humiliating, disgraceful surrender by the United States to Canada in the interests of Canadian commerce."

New Record in Appropriations. The congress just closed authorized approximately \$1,711,382,687.44 appropriations for the next fiscal year and \$236,575,366 in contracts.

Under the latter head were appropriations of \$506,000 in the further urgency deficiency act; \$55,000,000 in the legislative, executive and judicial bill; \$2,287,50 for rivers and harbors; \$5,179,800 carried in the civil sundry act and \$295,958,416 in the naval act.

The total in appropriations and contracts authorized according to estimates, brings the grand total up to \$1,947,259,048.64.

The final legislative measures put through were the eight hour bill to avert the nation wide railroad strike and the revenue law by which the government is to raise \$206,000,000 and which provides for the tariff commission.

Returns From Meacham. Judge and Mrs. Joe H. Parkes and family have returned from their summer home at Meacham where they passed the month of August.

EAST OREGONIAN ROUND-UP ISSUES TO BEAT RECORD

In keeping with the enthusiasm that prevails with reference to the coming Round-Up the East Oregonian is making ready to publish during the great show week the largest and best Round-Up editions ever issued.

To those familiar with past East Oregonian Round-Up editions this will mean much, because the record is one that is hard to surpass. Nevertheless, it will be accomplished. The Round-Up editions will be valuable not only as souvenirs of the great Pendleton show but will carry great interest from the fact they will contain innumerable stories of frontier and historical flavor. Many of the old Indian legends will be republished and there will be many up to date facts as to Pendleton and eastern Oregon.

As in the past the Round-Up editions will be well illustrated, no expense being spared to make the souvenir attractive. They will be splendid souvenirs to send to your friends.

The Round-Up editions complete and ready for mailing may be had for 25 cents for the series. Order now.

NAVAL FIGHT IS REPORTED

GALVESTON, Sept. 8.—The captain of the British steamer Vexation arriving from Petrograd said sixty allied steamers had escaped to the Gulf of Finland from Bothnia after a Jutland battle. He said the British won the fight.

IDAHO DEMOCRATS NAME ALEXANDER

BOISE, Idaho, Sept. 8.—At the state wide primary Tuesday, republicans nominated Addison T. Smith and Burton L. French for congress, and D. W. Davis for governor. The democrats named Marion J. Kerr and John V. Stanley for congress and renominated Governor Alexander without opposition.

LIBRARY BOARD DISMISSES MISS NASON BUT COUNTY COURT MAY YET RETAIN HER

TELLS EUGENE HE HAS REAL ROUND-UP

Clarence Adams Claims He Has Same Story, Same Horses and Same Cowboys That Make Pendleton Show.

The Round-Up directors are again exercised over what they declare are false and misleading statements which are being made by Clarence Adams relative to wild west shows he is staging in western Oregon.

Here is a sample of the statements to which they object. It is the leading paragraph of a story in the Eugene Register: "Eugene's Round-Up next week will be fully as good as Pendleton's. Clarence Adams of the Round-Up management told the members of the Chamber of Commerce at the regular Wednesday luncheon yesterday. No one in western Oregon, he added, needs to go clear to Pendleton to see the great wild west spectacle. The cowboys, the cattle and the horses that will appear here will be practically the same, both in identity and in number, that will appear at Pendleton."

Mr. Adams, who formerly lived in this county, recently staged a show at Ashland and advertised it as the Pendleton Round-Up. He has never had any official connection with the Round-Up and has never had the use of one head of Round-Up stock in his shows. He has borrowed the use of the name and slogan of Pendleton's show quite generously and has done everything he could to induce the belief that he is giving the valley people an exact reproduction of the Pendleton show.

GOVERNMENT REVISES MUSTERING OUT ROLL

Court Dissolves Contract With City Board; Board Denies Right of Court's Action; Question Raised as to Legality of Contract in First Place.

CONTRACT IS MADE WITH BOARD INSTEAD OF WITH CITY

New Developments Hourly in Library Controversy; County Court Will Fight to Take Control of County System But Does Not Want to Separate from City Library; Miss Nason Remains Upon the Job; Mayor Intimates City May Refuse to Give County Financial Aid Promised.

It is reported this afternoon that the county court and city council will probably meet in the near future to discuss methods of settling the library dispute. Four members of the council have already signed a petition asking that the control of the library be placed in the hands of the county court and it is reported that a fifth is opposed to any plan to divorce the two libraries.

The library controversy continues to grow more complicated. Last night the opposition to Miss Nason, Nason, librarian, strengthened by the new appointments made last week by Mayor Best, succeeded in dismissing her, but instantly notice was served upon the board by the county court that the contract between the board and the county had been dissolved by the court during the afternoon and that, henceforth, the court would assume control of the county library.

The board members denied the right arbitrarily to terminate the contract and there are indications that the controversy will go into the courts for settlement. The other side now raises the question as to whether the library contract was ever valid.

Toward the end of the monthly meeting last evening, Councilman Phelps, who is a member of the board, made a motion that the board disburse with the services of Miss Nason and that her salary be stopped. The motion was seconded by Mrs. James A. Fee. Mrs. Lina H. Sturges, president, asked to be excused from putting the motion, declaring it to be "unjust and spiteful." Thereupon, Mr. Phelps put the motion and it was carried without a dissenting vote.

All members of the board were present with the exception of Mrs. F. E. Judd and Judge Marsh and Commissioner Cockburn, who are ex-officio members.

Contract Annulled.

Almost immediately J. Roy Raley, who acted as attorney for the prohibition faction, submitted a communication to the board from the county court, doing so at the request of the court, he said.

Has Board Legal Status?

The question has been raised by attorneys as to whether or not the library board has legal status. The contract made for the management of the library, he said.

SPRING WHEAT DRYERS HOPE TO BELOW NORMAL ELECT ISSUE

WASHINGTON, Sept. 8.—The bureau of crop estimates forecasts barely enough spring wheat for home consumption. The estimated production is six hundred and eleven million bushels. There was over a billion bushels last year. The spring wheat condition September first was forty-eight point six normal. Sixty three point four normal for August first was the estimate. The condition forecasts a yield of eight point eight bushels per acre. In nineteen ten to nineteen fourteen the production averaged twelve point five per acre.

ELLA FLAGG YOUNG WILSON SUPPORTER

Will Not Vote for Hughes Because He Voted Bill Providing Equal Pay for Men and Women Teachers While N. Y. Governor. CHICAGO, Sept. 8.—Western democratic headquarters have announced that Mrs. Ella Flagg Young, former superintendent of Chicago schools, will support Wilson. It stated: "Mrs. Young wired from Atlantic City. She favors Wilson because Hughes, while governor of New York, vetoed the bill providing for equal pay for women and men teachers."

JUDICIAL AIR GONE HUGHES "OPENS UP"

LEWISTON, Maine, Sept. 8.—Justice Hughes has blown a trail across Maine, whacking the democrats. He has abandoned his judicial air and has "opened up" in his speeches, which is highly pleasing to Maine leaders.
