### HOW I GOT RELIEF FROM CATARRH

Man Who Suffered Twenty Years And Was Almost Dead Finds Way to Be Quickly Rid of His Trouble.

By Thomas Walsh

#### HOW TO BREATHE THE AIR OF HYOMEL

"I have been a sufferer from Catarrh for over twenty years. I doctored off and on for fifteen years, but still, after all this doctoring and drugging I got no relief.

"Finally my ailment became so severe that I was practically deaf in one ear and almost so in the other. My wife got me a Hyomel outfit and I immediately began to use it according to directions and the results were remarkable. I have used another bottle of Hyomel and can truthfully say it is the first relief I have experienced in twenty years. This sounds like strong language, nevertheless it is the truth.

"I feel there is nothing like Hyomel—a boon to the sufferer of a loathsome disease, catarrh. I consider it a pleasure to recommend Hyomel to all who are sufferers from this disease."

The oil of hyomel has long been recommended as being one of the very best treatments for catarrh of nose or throat. It is not swallowed but the throat gets quick results by pouring a few drops of the pure oil into a little hard rubber inhaler which comes with each large bottle of oil. Place the inhaler in the mouth as shown in illustration and just breathe naturally into the throat, lungs and air passages the medicated air which the oil gives off. This is pleasant but so powerful that its germicidal qualities quickly destroy all catarrh germs life and soothe the sore, swollen, inflamed membranes, stopping the discharge and ending the disease.

Tullman & Co., as well as other leading druggists in the city speak highly of Hyomel and state it is always sold by them with a positive guarantee to refund money if in any case of catarrh, bronchitis, sore throat, cough or cold, it fails to give prompt relief.

Mr. Kiser has taken an active part in the affairs of the community and represented this county one term in the state legislature.
