REVENUE AND CURRENCY.

The Boise City Statesman of last Saturday has a long article on the Revenue Law and Territorial currency questions. It appears that Boise county is the only county which complies with the Territorial Revenue law, in paying in its dues to the Territorial Treasury in gold coin or its equivalent, and that Ada, Owyhee and other counties, pay their dues in legal tenders at par, agreeable to the single decision of John Cummins, Judge. It appears further that Treasurer Sterling, under these peculiar circumstances, pays to the account of Boise county the kind of money which Boise county pays into the Treasury, and does exactly the same thing with Ada, Owyhee, and the counties which pay greenbacks in at par. That is, he pays Boise county warrants out of the gold or equivalent currency which our Boise county officers pay over to him as Treasurer, and pays to Ada, Owyhee and the other counties, the legal tenders at par which the officers of these counties paid into the Treasury at par. In doing this Mr. Sterling does exactly right. He would be doing a wrong to Boise county to give her greenbacks at par for her gold at coin rates, and so would it be wrong to pay Ada and the rest of the par greenback counties in gold at full value for their depreciated currency. It would be equally wrong to average the total receipts, and pay to all alike—thus really rewarding the par greenback counties for paying in the depreciated currency, and extracting from Boise, which pays her dues in gold rates, the sum given as reward or premium to the delinquent counties. The Territory is not supposed to play money broker, and receive, we will say \$100,000 in gold from Boise county, and another \$100,000 in greenbacks at par from Ada and other counties, and then to pay out the \$200,000 all in greenbacks at par value—or at a profit of over \$25,000 made as the difference between the gold of Boise county and legal tenders at San Francisco valuation. Inasmuch as the officers of Boise county take pains to collect and pay in to the Territorial Treasury the county dues in gold or its equivalent, as the law directs, it is just and proper that the warrants drawn in favor of Boise county officers should be paid in similar currency. If the officers of other counties choose to receive greenbacks at par for tax-s, contrary to the revenue law of the Territory, and pay the same into the Treasury, they certainly have no right to expect that the warrants drawn in their favor, upon the Treasury, will be paid in gold, or in currency at a gold equivalent. They cannot expect to be paid in any other kind of currency than that which they themselves receive and hand over to the Treasurer.

PULPIT POLITICS.—The Radicals of San Francisco called a "grand ratification mass meeting" on the evening of June 25th, in that city, to ratify the nominations made at their late State Conventions. Among the list of speakers the names of the following clergymen appear: Rev. Dr. Stone, Rev. H. Stebbins, Rev. M. C. Briggs, Rev. Dr. Cox, and Rev. Dr. Wells. No doubt the Radicals of California want the benefit of the clergy, but what's the use of so many to preach the funeral sermon? Pulpit politicians are the ones best calculated to send a party to Hades, however.

FROM LEMHI.—Mr. D. D. Williams, Traveling Agent of the large mercantile house of Hosmer, Goewey & Co., San Francisco, came here from Leesburg last Saturday. He thinks the Lemhi diggings little better generally than Chinese diggings. Trade is greatly overdone there, stampees to reported discoveries occur every day, Leesburg is built up on speculation, times are very dull there, and nearly all are disappointed in their hopes to do well in Lemhi.

SHABBY MAIL.—From the Owyhee Advertiser of last Saturday, we learn that a Mr. F. P. Benjamin, of St. Louis, has the contract for carrying a weekly mail between Silver City, Owyhee, and Chico, California, and a weekly mail from Owyhee to Jacksonville, Oregon, to commence July 1st. Weekly mail service these days is very much behind the times.

THE FASTEST.—In a match lately contested between the celebrated trotters, Ethan Allen and Dexter, each to go with a running mate, in double harness, over the New York Fashion course, mile heats beat three in five for \$1,000, Allen won in three straight heats, in 2:15; 2:16; 2:19—the fastest time on record.

THE INHARMONIOUS RADICALS.

Below we give extracts from late California papers, with reference to the feeling exhibited towards the Radical ticket by leading journals, and also by individuals of the party who reflect the sentiments of their respective communities. The Sacramento Union says:

The ticket nominated by the late State Convention is a convey of honest merchantmen captured and led by piratical craft—a not unsightly body with a Median head. By sinking the pirates the squadron might be saved. By looting of the monstrous head the body would cease to suffer from popular loathing. * * * No State ticket nominated in California ever met with so chilling a reception from the people as that which was recently put forth by the Union State Convention. So far as the press is concerned, we have yet to meet with the first journal which pronounces the ticket such a one as the Convention puts forth. It is true, a number of the papers of the State have endorsed the ticket, but with few exceptions the endorsement is given under protest. * * * No ratification meeting has been held, so far as we are informed, in any portion of the State; and the first gun has not yet been fired on California soil for the encouragement of the candidates. Neither cities nor villages, mountains or valleys have spoken, and this silence must be regarded as at least suggestive, if not absolutely ominous of disaster. At one or two towns in Placer county the national flag was raised at half-mast by Union men, as a token of disappointment produced in that county by the action of the Convention. The only salute of the kind was given at Carson City. It may have been, perhaps, an expression of joy on the part of the Carsonites at their narrow escape, as they live within a few miles of the eastern boundary line of our State.

And of the candidates for Governor and Secretary of State, the Union remarks: Gorham and Parks are the creatures of the lobby, put forward to answer purposes which no honest official could be expected to sanction.

The San Francisco Bulletin briefly declares: The Union party of California has been betrayed and cheated. If the great majority of its members who are now smarting under a sense of wrong, submit without a protest, or without an energetic effort to right themselves, they may expect to see the party corrupted and shorn of its strength, to be followed by hopeless defeat next year.

In response to an attack upon itself by the Stockton Independent for not supporting the ticket, the Bulletin says:

White of the Stockton Independent is to receive one-third of the profits of the State printing in case D. O. McCarthy is elected. Disinterested Independent!

The Chico Courier, Bidwell's home organ says: Bribery and corruption have carried the day at Sacramento, and nominated George Gorham for Governor, to head the Union ticket. That he cannot be nominated in face of all the facts connected with his lobbying swindle bills through the last Legislature, by which the State was to be swindled out of half a million of dollars, is surprising to the intelligence of the California people. The question now is, will he be elected? As things appear at present it is somewhat doubtful. Gorham is the last feather to break the camel's back. The Sacramento Union and Bee, San Francisco Call, Bulletin, Alta and Times, besides the interior press, cannot swallow all they have said about Gorham's corruption and advocate his cause as the standard bearer of the great Union party. * * * The Democracy have honest as well as capable men in that party, and we believe that either Gen. Rosecrans or Pearson B. Reading would be more acceptable than Gorham to all honest Union men who will not be blinded by corruption. Better that the State should be saved by an honest Democrat than damned by a corrupt Unionist.

The Dutch Flat Enquirer, the Placer county Radical organ, says:

It cannot be disguised that very many men, some of whom have been long prominent as active supporters of the Union party—having entered it when the Republican party became merged into it—openly declare that they cannot support the ticket without a consciousness of demoralization, and that therefore they will not support it. Others, few in number, have had the courage to indorse the ticket and commend it to the support of the people.

And of McCarthy, the Radical candidate for State Printer, it observes:

We have left this man's name off the ticket, believing him unfit as well as ineligible to discharge the duties of his office.

The Sacramento Bee adds its condemnation as follows:

The success of the ticket, as now constituted, would be one of the greatest calamities that could befall the State. To run it is, in omens the destruction of the Union party, and with it success or defeat are alike ruinous. And this is not a mere opinion, but a settled conviction—one that grew out of the facts of the case when it became the least probable that Gorham might be the nominee for Governor. It is a conviction which, instead of fading away, is likely to become more deeply rooted as time progresses. Large numbers of the Union party, who voted for the ticket, vote this ticket as it is now composed. Their duty to the State, to themselves and to the party will not permit them, nor will their consciences allow it. They believe, nay, numbers of them know, that the ticket was begotten in fraud and brought forth in iniquity, and that if it succeed, this is but the beginning of the end.

The Solano Press says:

After a continued and laborious contest, Gorham succeeded in winning the nomination over Bidwell, who evidently was more popular, and had more friends among delegates at the caucus, but by a combined and nefarious system of bartering votes was defeated. To say that we are pleased with the result would be to tell a deliberate untruth. There is great and wide-spread dissatisfaction in the party throughout the State.

The San Francisco Call pours out denunciation in the following language:

Never before, in all our experience, have we witnessed, or been cognizant of such trickery, duplicity, chicanery and downright fraud as those which swindled the workmen of this Congressional District out of their candidate for Congress, and have resulted in the nomination of Geo. C. Gorham for Governor of this State. Compared to these latter-day tricks of politicians, the old pipe-laying operations in New York and gerrymandering practices in Pennsylvania are as Hyperion when placed in comparison with a Satyr. For shameless audacity, bold impudence and barefaced rascality, the swindling of the workmen of this city—the purchase of their votes through the instrumentality of a very few weak and corrupt political brokers, and the defeat of Gorham, in spite of the wishes of three-fourths of the Union party—can bear off the palm. For keen shrewdness, moral obliquity, and dashing boldness, the operations of the last few days, which have led to a result generally denounced, stand without a parallel in the history of American politics. Deception was practiced on the people before the primaries at the primaries fraud prevailed; and in the State Convention the same barefaced usurpation and political rascality ruled the day.

A Contra Costa correspondent of the Sacramento Union says:

Great dissatisfaction prevails in this vicinity among Union men at the result of our State Convention, and many openly assert that they will not support Gorham, but will let the election go by default.

Another correspondent, who writes from Tuolumne county, remarks:

The sentiments of the Union men of this county, as well as those of Calaveras and Amador counties, are freely outspoken against the gubernatorial nomination of the late State Convention. Having traveled through those counties since the nomination was made, I have had ample opportunities to learn the feelings of dissatisfaction now existing among Union men there. They understand the issue, and are determined to resist to the last all the efforts of the faction which has become so corrupt at the Bay and the Capital.

The Grass Valley Union says:

With the two delegations dishonestly obtained the Gorhamites gained control of the State Convention, nominated the most objectionable man in the Radical party for Governor, forced Howell, who opened the doors of the Union party that the "Boys" might have full play, upon the party, then by the most un-

fair means nominated the unprincipled Parks for Secretary of State, and completed the outrage by nominating for State Printer D. O. McCarthy, a literary outlaw, a "rat" publisher, and the conductor of a so-called "guerilla paper."

A correspondent of the Bulletin, who has just made a tour in Sierra and Nevada counties, contributes the following:

Without hesitation I assert that, notwithstanding the good face our local press attempts to put on, there is a wide-spread and very deep feeling of disgust over the results of the late State Convention. I might name to you twenty prominent Republicans who, let what will come, will not support some of the men on the State ticket. A gentleman who came down from Downville on horseback, on Friday, tells me there was almost universal execration there about the ticket, and that the same state of affairs was evident all along the road. Persons from the upper part of the county have the same story to tell. I wish the nominees were all respectable; but Parks and Howell and McCarthy will not go down with the people, and Gorham is not acceptable.

Of Parks, another indignant Radical says: It is well known that he can neither write nor speak two sentences in tolerable English. His spelling is no better. What a man for Secretary of State!

But all this condemnation of the ticket and of himself does not seem to prevail upon Gorham, to the extent of causing him to withdraw from the canvass, at least. In an Address to his party, June 18th, he emphatically declares: At no time and under no circumstances will I desert the post of duty to which I have been legitimately assigned by my party.

The California Democratic Ticket.

The Democratic State Convention of California, which convened in San Francisco, June 19th, concluded its labors and adjourned sine die on the 21st. The following ticket was nominated: For Governor, Henry H. Haight, of San Francisco; Lieut. Governor, Wm. Holden, of Mendocino; Secretary of State, Dr. Henry L. Nichols, of Sacramento; Controller, Robert Watt, of Nevada; Treasurer, Antonio Coronel, of Los Angeles; Surveyor General, John W. East, of Merced; Attorney General, Joseph O. Hamilton, of Placer county; Harbor Commissioner, James H. Cutter, of San Francisco; Clerk of Supreme Court, George Sickles, of Tuolumne; State Printer, Dan. Gelwicks, of El Dorado; Superintendent of Public Instruction, Rev. O. P. Fitzgerald, of San Francisco; Judge of the Supreme Court, Royal T. Sprague, of San Francisco.

After the State Convention adjourned the three Congressional District Conventions assembled, and their respective nominations were as follows: First District, S. B. Axtell; Second District, J. W. Coffroth, of Sacramento; Third District, James A. Johnson, of Sierra.

The State and Congressional Conventions were harmoniously conducted throughout, and nearly all the nominations were made by acclamation. The State Convention was perhaps the ablest and most respectable, all in all, of any Convention which ever assembled in California. The ticket is certainly the best ever put forth in that State. Of its complete success in September we have scarcely a doubt. Even the worst of the Radical organs can find nothing to say against the general excellence of the candidates, as honest men and good citizens. Of the nominee for Governor, the San Francisco Times, which is the chief Radical organ of the State, says:

Henry H. Haight, Esq., is an able lawyer of large practice in this city, a gentleman of good character, and highly esteemed in private life.

The Bulletin says of him— Henry H. Haight, the nominee for Governor, is a native of New York, aged 42 years, a son of the late Judge Haight, a graduate of Yale College, a scholarly, thoughtful, able and upright man. He is a well-known lawyer of this city, a man of ability and high character.

And of the Convention that Radical organ remarks:

The Democratic Convention which to-day completed its business in this city was a large and respectable body of men, comprising many of the old leaders of the party, who have been out of public life for nearly seven years. It attracted more attention and manifested more enthusiasm, as well as good sense, than any other Democratic Convention which has met in this State since the rebellion. For the first time since the Union issue was raised, no offensive speeches were made, and no expressions used that betrayed a sympathy with treason.

NEW DAILY.—The Daily Record published in Salem, Oregon, by D. W. Craig, has come to us. It is a sprightly, entertaining little paper, and chock full of interesting local news, cleverly put forth. We like it, and wish it success.

PINKHAM'S NEW STAGE.—Last Friday afternoon, Van Dusen, one of the best drivers in the country, drove in town, direct from Umatilla, the splendid four horse team and beautiful new stage wagon which Pinkham has now placed on his Basin route. On Saturday, upon the invitation of Mr. Pinkham, a party of ladies and gentlemen were given a ride to Turner's Warm Springs and back in the new vehicle, with Van to manage the team. We were among the party, and a pleasant time was enjoyed. The wagon rode easy as a rocking chair, the team behaved finely, and at the Springs Mr. and Mrs. Turner handsomely entertained the party. On the return to town an ice cream treat was tendered by Mrs. Thos. Wethered, and a merry parting closed the happy occasion. Mr. Pinkham merits the praise of our Basin people generally for this last mark of his disposition to please and accommodate them in his business. The new stage is got up in the best style, with stout canvas top, thick, soft cushions, the inside finishing pretty and with an eye to personal comfort, and the whole structure at once strong, smooth running, and elegant. We believe that he purposed to run the new stage and fine team to and from the celebration at Boston to-morrow. Application for seats should be made early.

SUICIDE.—From Smith Barker, driver of Pinkham's Basin stage, we learn that Hugh McElroy, a miner, of Granite Creek, deliberately put an end to his own life, by a pistol shot through the head, in his own cabin, while abed, on Monday night. The verdict of the Coroner's jury, if rightly reported to us, is a remarkable one, viz: "That the deceased committed suicide in self defence."

FISHING.—We hear of parties being made up for trout-fishing excursions to-morrow, down to Cooper's Minnehaha Ranch, and other places. It will be a pleasant way of quietly enjoying the day. Yale & Co. at their Postoffice Bookstore, have a splendid lot of fishing tackle—lines, snells, flies, hooks, reels, &c. Go and buy, and start a fishing.

THE WEATHER.—Warm days, with mercury from about 85 to 95 deg. each mid-day, but charmingly cool nights for sweet repose. Gentle breezes through the hottest part of the day keep folks from sweltering in heat. Splendid summer weather, in fact.
