## For Men Folks Only

ABOUT a year ago we had, if you can remember, a special sale entitled "For Men Only." By that we didn't, in the least, mean that ladies could not attend the sale, because they did and in great numbers. Owing to the success we had in that sale, we have now again come forward with a similar sale, only this time on a much broader scale—that is with many more lines of high class merchandise to offer. The sale will commence tomorrow (Friday), and for fuller particulars see yesterday's daily or weekly Tribune, and the next issue of the TELLER. Many special good values gathered for this sale. "Men's Wear" is now on display, and the saving is wonderful you will admit.

254 PAIRS Men's and Boys all solid satin calf shoes; McKay, with Fair stitching; laced of gore. Shoes that would be recognized good value for \$2.00 a pair. In this sale they are shown at **\$1.45**

Vamps stitched four times.

## CAUGHT AT LAST

### Aguinaldo a Prisoner in the Hands of the American Forces.

### GENERAL FUNSTON DID IT

Entire Success Crowns His Daring Project for Capture of the Insurgent Chieftan.

MANILA, March 28.—General Frederick Funston's daring project for the capture of Aguinaldo in his hiding place in the province of Isabella, instead of Luzon, has proved completely successful. Aguinaldo was captured there March 23rd.

The United States gunboat Vicksburg, Commander E. B. Bary, with General Funston and Aguinaldo on Board, arrived here this morning.

The province of Isabella, where the capture of Aguinaldo occurred, is on the island of Luzon about 200 miles northeast of Manila and about 75 miles north of Baler, on the eastern coast, which place was made memorable by the capture of Lieutenant Gillmore and his party from the gunboat Yorkton in April, 1899, Isabella province is wild and mountainous. It was a part of the island that had never before been visited by the American troops.

General Funston's plans, as outlined in the dispatch from Manila to the Associated Press a few days ago, were to make the trip to the Isabella mountains to Aguinaldo's hiding place, accompanied by Sergeant-Major Harris' Captain Newton, of the Thirty-fourth infantry; Lieutenant Admire, of the Twenty-second infantry; Lieutenant Mitchell, of the Fortieth infantry; six veteran scouts and a company of native scouts, all picked men. They were to be landed by the Vicksburg on a remote beach north of Baler and were to proceed overland, guided by a former officer of Aguinaldo, who had betrayed to Funston the Filipino leaders' abode. To deceive the enemy it was arranged that Aguinaldo's representative, who had given the information to the Americans, should lead the native scouts, they to assume the character of insurgents still loyal to the rebel cause. They were to make it appear that they had captured General Funston and other American officers of high rank and were taking them into the camp of the insurgent chief to be delivered as prisoners of war. The pretended prisoners were to throw aside their assumed character and seize Aguinaldo.

#### Crop Indications.

Nez Perce county is booked for another record breaking crop. From every section of the county comes the report which goes to verify this assertion. Z. McCall, ex-county commissioner was seen by a reporter Monday and gave it as his opinion that the winter wheat had never looked more promising in the Potlatch country. No injury resulted from winter killing, the grain was at all times protected and the winter not severe. Practically the same reports obtain for Tammany, Waha and the reservation. The acreage is the largest ever seeded and the crop promises to be another record breaker.

On the reservation the flax crop will be a special feature. Estimates on the acreage sown vary from 25,000 to 40,000 acres. Most of this has been contracted to the grain companies at 90 cents per bushel plus the rise in the market price allowing 30 cents off the Chicago market. Last year flax netted the reservation farmers from \$1.30 to \$1.60 per bushel.

In the fruit growing sections of the county the trees give indication of an immense yield. In Lewiston valley the peach and apricot trees are in bloom and

the leaf buds bursting open. Nez Perce opens the season with every promise of sustaining her reputation for producing the greatest crop of grains and cereals ever grown upon a like acreage anywhere in the world.

## DELIGHTFUL SOCIAL EVENT

Ladies of Tseminicum Club Entertained at a Dickens Party.

Mesdames Barnett and Libby entertained the ladies of the Tseminicum club and their friends at the home of Mrs. Barnett last night, the feature of the evening being that each guest should costume as a Dickens character. The entertainment was a delightful success. The costuming was quaint and curious, even elegant, as some of the ladies had gown that had graced the beauties of half a century gone by.

Many of the celebrated characters of Dickens' creation gathered about Mr. Micawber's punch bowl and rejoiced at last that he had been able to have something to turn up as delicious as the punch he served. A grand march in costume, an improvised cakewalk, music and refreshments filled in the evening with pleasures that left the guests like Oliver Twist, still longing for "more." Mr. E. W. Hayes as Bill Sikes and Miss Shepherd as Miss Pross were given the prizes for the best sustained characters. Below is the list of guests and the characters they represented:

Mrs. Barnett—Mrs. Nickelby, Mrs. Libby—Dolly Varden, Mrs. Vollmer—Mrs. Jarley, Mrs. Kjos—Lucy Manette, Mrs. Shaff—Emma Hardale, Mrs. Wm. Mallory—Rose Dartle, Mrs. Faves—Mrs. LaCreedy, Mrs. McGilvery—Dora, Mrs. Thompson—Mme De Farge, Mrs. Babby—Betsy Trotwood, Mrs. C. A. Foresman—Mrs. Heep, Mrs. Tinkham—Mrs. Foz, Mrs. Mrs. Schermerhorn—Mrs. Foz, Mrs. Stacy—Kate Nickleby, Mrs. Osmer—Mrs. Pecksniff, Mrs. Dorris—Miss Meggs, Mrs. Landis—Lucy Manette, Mrs. Coburn—Mrs. La Creedy, Mrs. Vining—Sarah Gamp, Mrs. Mounce—Mrs. Mantalma, Miss Saux—Charity Pecksniff, Miss Maud Peley—Madeline Bray, Miss Jennings—Bella Wilfer, Mrs. Tannahill—Mrs. Peirywinkle, Mrs. Anderson—Mrs. Badger, Miss Stern—Rose Maylie, Miss Vollmer—Edith Gringer, Louise Shaff—Miss Mowcher, Mr. Vollmer—Mr. Pickwick, Mr. Libby—Major Bagstock, Dr. Shaff—Thomas Gradgrind, C. A. Foresman—David Copperfield, H. K. Barnett—Mr. Doby, E. W. Hayes—Bill Sikes, D. W. Hayes—Mr. Micawber, Dr. Gilbraith—Mr. Micawber, Mr. Thompson—Mr. Dombey, Mr. Schermerhorn—Mr. Toots, Mr. Kjos—Mark Tapely, Curtis Thatcher—James Steerforth, Mr. Osmer—Montague Trigg, Mr. Mann—Pecksniff, Mr. Dorris—Mr. Winkle, Mr. Windus—Simon Tappertip, Mr. McGilvery—Mr. Mantalina.

#### Death of D. D. Burnham.

D. D. Burnham, a well-known citizen of Lewiston, was found dead in his bed Monday morning when time came to summons him to breakfast. Death had come to him very suddenly in the night. He had been a severe sufferer for some months past with a complication of kidney troubles and heart disease was probably due to rheumatism of the heart.

The funeral was held Wednesday afternoon from L. L. Strong's undertaking parlors and was conducted under the auspices of the local lodge of Red Men assisted by the G. A. R. veterans and the ladies of the W. R. C. Prof. Burnham, of Portland, brother of the deceased, arrived in the city Tuesday and was present at the funeral. The deceased was a veteran of the civil war where he served as captain in a company of Wisconsin volunteers. He moved to Nez Perce county from the Palouse country in 1892 and has been a prominent worker in lodge societies and honored with positions of trust.

#### Trial of a Damage Case.

The entire time of the district court this week has been taken in the trial of the McLean damage case. For injuries sustained by falling through a defective cellar-way Mrs. McLean has brought suit against the city for \$40,000 damages. The trial of the case has hinged upon expert medical testimony. Drs. Luhn of Spokane and Brown of Gem testified for the prosecution and Drs. Shaff and Phillips for the city. The case will probably go to the jury today. Attorneys Dosier of San Francisco and Reid of Lewiston are appearing for the prosecution and McFarland Bros. for the city.

#### Entertained at High Five.

On Tuesday evening R. L. Russell entertained a party of friends in honor of Lieut. and Mrs. J. G. Bollinger, Mr. Russell's sister and her husband, who have been visiting here for the past week. The guests were entertained at high five. Music and other games filled up a very delightful evening. Lieutenant Bollinger and wife will return to their home in Port Townsend the last of the week.

#### Getting Out Telephone Poles.

The farmers in the vicinity of Forest are engaged in getting out telephone poles. J. M. Reid, merchant at Forest, has a contract to supply the telephone company with new poles for its Lewiston Camas prairie line and the work is being completed while the farmers await the opening of the crop season. There is still about a foot of snow in that vicinity.

## COMING WEST

### Great Homeseekers Movement—Thousands are Speeding Westward.

### MEN OF BRAWN AND BRAINS

Men With Capital Also Seeking Investment—Idaho's Representative Doing Effective Work.

ST. PAUL, March 26.—The movement of homeseekers, who have already exceeded 15,000 passing through St. Paul since February 12, was given an added impetus today by the extraordinary low rate of \$10 from Kansas City and points beyond Chicago to St. Paul. The Wisconsin central brought in seven special trains from Chicago, the movement comprising about 1500 members of the Duankard colony from Indiana, with their household and farm effects and livestock.

The great Northern is busy taking them to North Dakota, and the whole party will not have left St. Paul before Thursday. All the other Chicago roads brought homeseekers, the majority of whom are headed for Washington. Of the latter class, four trainloads were sent out on the Northern Pacific and Great Northern, each road sending out one extra section in addition to the regular trains, which had regular trains attached.

The high class immigration is still maintained almost without exception, settlers being provided with money sufficient to give them a good start in the northwest. Washington as usual gets the majority of the settlers passing through St. Paul, and many of these, if not the greater part, will stop in eastern Washington, the efforts of Spokane and neighboring towns being largely responsible for this.

"We have not had much information concerning Eastern Washington," said a number of homeseekers today, "but we have some good reports from our friends who have located there, and a great many will drop off there and look the field over before going farther west."

The regular train on the Soo for North Dakota will be filled with homeseekers. The heavy travel on this road, however, will come along later, when the season is advanced farther. The Minneapolis & St. Louis also sent a number of homeseekers out on its Watertown branch of South Dakota.

The big movement of the week's excursion will occur when homeseekers from more distant points begin to arrive. Today's departures for Washington will exceed, it is believed, any day's travel yet this season.

On the excursion homeseeker trains leaving St. Paul yesterday Edgar A. Torrence of Colfax, and H. J. Jackson of Pullman, are aboard as representatives of the Inland Empire. J. W. Ferguson of Palouse City, and James Tierney of Harrington, will leave St. Paul with the excursions of April 2. Mr. Tierney left yesterday morning. W. D. Martin of Mohler, and Mr. O'Keefe of Lewiston, have already gone to meet the trains of April 16. They will do missionary work in the interim among towns near Minneapolis where they are acquainted. All the representatives took the necessary samples with them and will pursue the same line as their predecessors.

#### A New Flouring Mill.

D. T. Ham, of Latah, Wash., was in the city a few days ago enroute to Orofino, where he will endeavor to organize a company in conjunction with local millers and put up a large mill. It pays to grind wheat into flour, as the price of the cereal is increased to about 60 cents per bushel, as against 45 cents when shipping grain itself. There is always a demand for flour—never too much. Its use is increasing in all Asiatic countries and the islands in the Pacific waters. The

Idaho miller is at the door of a population more than 300 times as great as that of his eastern brother. He has nothing to fear from eastern competition. He is 3000 miles nearer the market and has a superior quality of wheat and it is raised more cheaply and is 20 cents cheaper per bushel. The Idaho miller should manufacture exclusively the brands adapted to the export trade. Within 10 years the market will have grown beyond the capacity of our supply. It is to be hoped the plans of Mr. Ham will succeed. Manufacture, agriculture, mining and stock growing are the bone and sinew of wealth production, and we cannot have too much of neither.

#### A Valuable Book.

One of the most interesting books is that recently issued by the J. W. Butler Paper company. It gives a complete history of paper making from the time of Pharaohs, when clay tablets were used until the opening of the present century. Following the use of clay came the use of leaves, then stone, metal, skins, and finally paper. The pure white color of paper of our time is the result of an accident. The wife of the paper maker was standing near a vat of prepared pulp and dropped a package of indigo. Through fear she said nothing. But when the product was placed on the London market its snowy whiteness brought an advanced figure. Then she revealed the secret to her husband, and blueing is still the ingredient used. Perhaps no other industry has such marked advancement been made as in paper making, and nowhere will be found a more comprehensive history of paper making than in the Butler company's new book.

#### Amended Saloon License Law.

The new saloon license law, it seems, had an emergency clause and goes into effect April 1. This means a prompt payment of \$500 into the county treasury, as no license is to be issued for less than one year or a longer period than one year, and the amount in all cities, towns, villages or hamlets where the average vote for state officers at the last preceding election was 150 the sum paid shall be \$500. This, with the auditor's and collector's fee, will make the total amount due \$501. The effect of this demand will be to close permanently some of the saloons in smaller towns of the country which was, no doubt, the intent of the framers of the law.

#### Doing Good Work.

M. J. Wessels, who has been acting as one of the immigration agents to direct homeseekers to the Clearwater country, returned to the city yesterday, but will leave again tomorrow to continue his work. Mr. Wessels meets all immigrant trains at Hope, Idaho, and spends one day in distributing literature and taking to the homeseekers. He is convinced that the work being done along this line has directed many would-be settlers into the Clearwater country. The immigrants are open to conviction and will visit this section and make an investigation before choosing a location.

#### Dramatic Recital.

The people of Lewiston will be given an opportunity of hearing Mr. Frank Fouché, who is making such a successful tour through the northwest. As a dramatic artist he ranks very high. He will appear at the normal auditorium Saturday evening of this week. His selections will appeal to every taste, taken from Shakespeare, Browning, Tennyson and Kipling interspersed with humorous recitations in Scotch, Irish, Dutch, dargy, Norwegian, child, old man and backwoods dialect. The admission is 50 cents, school children 25 cents.

#### The Country of Sheridan's Ride.

The unique project of photographing the entire route of Sheridan's ride, from Winchester, Virginia, to Cedar Creek, as it is today, has been carried out in The Ladies' Home Journal, and the result will be shown in a picture story of fourteen photographs. Sheridan and his aides on horseback, from historical pictures, have been introduced into each picture, so that the ride of 1864 is shown as if it were taken today through that country, which, in reality, has changed but little.

#### Will Start a Store at Clearwater.

Chas. Kays and wife left yesterday for Moscow. Mr. Kays has purchased a stock of goods at Clearwater, Idaho, and will leave in a few days to engage in the mercantile business at that place. Mr. Kays will visit friends at Moscow for a few weeks. Mr. Kays has been employed for the past few months with O. A. Kjos in this city.
