WATCH FOR THE FLAGS.

Weather Bureau inaugurates New System—
Will Display Flags to Indicate Weather
Conditions.

A new feature was inaugurated this
morning in connection with the weather
bureau service in which the weather fore-
cast is now being given to the public.
This is of the greatest importance to the
farmer, the business men and in fact peo-
ple in all the walks of life.

The forecast predicts the kind of
weather to expect for the coming 24
hours; this is being embodied in the
daily report which is being sent out by
Observer McClintic.

The Weather Bureau will begin with
tomorrow morning the system of flag sig-
nals which will be temporarily hung
from the Raymond House flag staff.

The system in vogue and used by the
bureau is an explanation as follows:

PASTE THIS IN YOUR HAT.

No. 1—square white flag, indicates fair
weather.

No. 2—square blue flag, indicates rain
or snow.

No. 3—square flag, upper half white,
lower half blue, indicates local rain or
snow.

No. 4—black triangular, indicates tem-
perature.

No. 5—square white flag with black
square in center, indicates cold wave.

The following is an interpretation of
the displays:

No. 1, alone, indicates fair weather,
stationary temperature.

No. 2, alone, indicates rain or snow,
stationary temperature.

No. 3, alone, indicates local rain or
snow, stationary temperature.

No. 1, with No. 4 above it, indicates fair
weather, warmer.

No. 1, with No. 4 below it, indicates
fair weather, colder.

No. 2, with No. 4 above it, indicates
rain or snow, warmer.

No. 2, with No. 4 below it, indicates
rain or snow, colder.

No. 3, with No. 4 above it, indicates
local rain or snow, warmer.

No. 3, with No. 4 below it, indicates
local rain or snow, colder.

last 24 hours, 59.

rain this afternoon and tonight; Wednes-
day fair.

sure area noted yesterday morning on the
Coast, has increased in intensity and
moved northeastward, although its centre
remains practically stationary; its pas-
sage has been attended by a decided fall
in temperature in portions of Oregon,
Idaho and the British possessions; the
low which was central at Medicine Hat,
now overlies the Upper Lake region.

Precipitation was reported from Ore-
gon, Washington, Southern Idaho, Utah,
Wyoming, Montana, Minnesota and Ne-
braska, and rain was falling this morning
at Roseburg, Lauder, Omaha, and Du-
luth.

F. L. McCLINTIC, Official in Charge

Democrats Talked.

At the meeting last night at Grostein
& Binnard's hall Hon. J. W. Reid, Hon.
K. I. Perkey of Boise and Senator Henry
Heitfeld addressed a fair-sized audience
on the political issues of the day from a
democratic standpoint. Senator Heitfeld
made the trust question the princi-
pal part of his speech and spoke over an
hour. Mr. Reid scored the administra-
tion in round terms, quoting frequently
from Lincoln and Jefferson. Plutocracy
against democracy, he said, was one of
the main issues which the democrats
should consider. Hon. K. I. Perkey ad-
dressed the audience on state matters. A
short speech was made by Carl A. Davis,
democratic candidate for county attorney.
Hon. B. F. Morris, chairman of the dem-
ocratic county central committee, pre-
sided and introduced the speakers. A
number of prominent democrats occu-
pied the rostrum. During the evening
Prof. F. Roos rendered several violin
solos, which were received with much
applause.

DEFAULTING BANKER

Alvord of the First Nation-
al Bank of New York
Gone with \$700,000.

LOST MONEY SPECULATING

Had Complete Confidence of the
Officials but Betrayed His
Trust.

NEW YORK, Oct. 23.—C. L. Alvord,
the note teller of the First National
Bank, has been missing for a week. Five
hundred thousand dollars it is alleged
has also disappeared. He has been em-
ployed in the bank for many years and
is well known in banking circles. He
had the confidence of President Baker
and other officers. It is a complete sur-
prise to everybody. The loss to the bank
is hardly disturbing, as it has deposits of
thirty-five millions. Alvord lived at
Mount Vernon and had a wife and three
children. It is believed the money was
lost on speculation. The bank officials
refuse to go into the details of the em-
bezzlement.

NEW YORK, Oct. 23.—Later it was
stated the stealing amounted to \$700,000.
The following was issued late this after-
noon by the bank:

"The note teller, who has been em-
ployed in the First National bank for
many years, is the defaulter in a large
amount. His operations have continued
for a considerable time and have been
skillfully concealed through the manipu-
lation of his balance book. The discovery
was made by one of the bank employees
a few days after the completion of an ex-
amination of the bank by the state ex-
aminers.

"During the continuance of his specu-
lations periodical examinations have been
made by several distinct corps of exam-
iners without developing any irregulari-
ties. The aggregate of false entries
amounting to \$700,000 has been charged
off on the book out of the reserve fund
without diminishing the surplus and pro-
fits of the bank. It is expected the
shortage will be materially reduced by a
substantial sum, of which there is a fair
prospect received."

Bryan in Washington.

WASHINGTON, Oct. 23.—Thousands of
people packed the Pennsylvania station
at 7:45 this morning when Bryan's car
arrived. The candidate went immedi-
ately to an automobile which had diffi-
culty in proceeding to the home of for-
mer Congressman Springer where Bryan
breakfasted. Meantime a big crowd
gathered at the Baltimore, Ohio station.

There Bryan addressed them from a seat
in the automobile. "I have never cared
for Washington as a permanent resi-
dence," said Bryan, "but under the
stress of peculiar circumstances I could
be comfortable here for four years."

The crowds furnished silence for the
speaker. He spoke of the civil service,
saying this contest is for higher things
than the possession of a few salaries. He
acknowledged being ambitious, but not
to be president of the United States and
emperor of the Philippines.

Arrested for Murder.

NEW YORK, Oct., 23.—George Kerr,
Walter McAllister, William Death and
Andrew Campbell are under arrest,
here, charged with the murder
of Miss Jennie Bosschieder at Patterson,
N. J., Thursday night. Death, the
police say, confessed to the men of
drugging the girl. They then took
her in a cab to a lonely spot near Pater-
son and outraged her, and when they
found she was dying they hurried to a
doctor's office, only to be too late. They
then drove to Wagerow bridge and threw
the body out where it was found.

Retrivan Launched

PHILADELPHIA, Oct. 23.—The Russian
battleship Retrivan was launched from
Cramps ship yards at 1:40 this afternoon.
This is the first battleship built in this
country for a foreign power. Solemn
and religious services preceded the
launching. An altar was erected in the
shadow of the battleship's bow and Greek
priests intoned verses from the ritual.
Instead of wine, holy water was used in
christening. The vessel is three quar-
ters finished.

American Troops Leave Peking

PEKIN, Oct. 23.—The Fourteenth
United States infantry left Peking yester-
day for the coast, escorted beyond the
gates by the Ninth and the remaining
American cavalry.

MONTREAL, Oct. 23.—Five children of
Arthur Lehane, a shoemaker, were
burned to death this morning in a ten-
ement house.

Buller in Cape Town.

CAPE TOWN, Oct. 23.—Buller arrived

THINK IT OVER.

A Practical Example of Public Benefits from
the Present County Administration

The present board of county commis-
sioners has paid the current expenses,
lifted part of the burden of bonded in-
debtedness from the taxpayers of the
county, besides paying the \$8,000 con-
tracted for by the preceding board. Has
the county been benefited by the outlay?
Look over the records in comparison and
determine on two of the important items
of interest to the county at large, viz:
its public roads and public schools. The
following from the county treasurer's
books show the expenditures during the
past four years.
