PARTY FACTIONS

The Republicans in Delaware are Hopelessly Divided.

DEMOCRATS HOPE TO NAME A SENATOR

The Old Addicks Fight Still Demoralizes Politics in the State of Delaware.

DOVER, Del., 28.—Democratic leaders from all parts of the state to the number of 150, including all democratic assemblymen-elect, except three, held a conference here today to consider the situation relative to the election of two United States senators by the legislature which will convene on Tuesday next, January 2. No definite plan of action was decided upon, but the prevailing sentiment of those who addressed the meeting and generally of those present, was that the democrats should use every endeavor to prevent the election of J. Edward Addicks as one of the senators. The legislature will be composed of 23 democrats and 29 republicans. Of the latter the Addicks' faction is believed to control 18 and 11 are expected to oppose Addicks for senator. Should all senators and assemblymen be present and vote on the ballot for senator, 27 votes will be necessary to elect. Senate Chairman Willard Saulsbury presided at the conference today and urged that the democrats in the legislature should not enter into coalition with the republicans until the latter should agree that the democrats be conceded one of the United States senators.

John Biggs, former United States attorney and former state chairman, advocated the voting for two anti-Addicks republicans, as did also Attorney General White, if the plan for the election of one democrat failed.

Sportsmen's convention.

DENVER, Dec. 28.—The Sportsman's Convention met this afternoon for a two days' session. The convention discussed the game laws. The sportsmen of the entire state are well represented all organized clubs having sent representatives. Another session will be held tonight. Tomorrow night the Denver Wheel Club will give a smoker to the delegates.

Col. Dewey For Senator.

BOISE, Id., Dec. 28.—The forthcoming senatorial contest in this state is developing some very interesting features. Among them is the candidacy of Colonel W. H. Dewey. While Colonel Dewey is not announced as a candidate for the senatorship, still he is to all interests and purposes in the field for the place. Prior to the state convention it was understood Colonel Dewey would be a candidate for the senatorship before the legislature. He was among those who opposed the plan of making a nomination for the place in the state convention. Since that time there had not been much talk about his candidacy.

It seems a large number of the colonel's friends are satisfied he can be elected owing to the complications that are likely to arise when the legislature meets. These friends have prevailed upon him to permit the use of his name in connection with the place, and a very active propaganda in his interest is being carried on.

Colonel Dewey, who is a democrat, is one of the best known men in the state. He has been very prominently identified with the development of Idaho's resources. For a great many years he lived in Silver City and was a leader in the opening of the mines of that section, and realized a large fortune from the Trade Dollar and other properties. More recently he has made his home in Nampa and is engaged in railway building and

the promotion of the general interests of that section of the country. He owns the Boise, Nampa & Owyhee railroad and is building a road north from Nampa, known as the Idaho North horn. He is just finishing a magnificent hotel in Nampa and is putting in waterworks and electric lights and otherwise improving the house with his usual energy.

Cooperative Millers.

CAIRO, Ill., Dec. 28.—The semi-annual or mid-winter meeting of the Fraternity of Operative Millers of America began in this city today, August J. Weinel, Waterloo, Ill., presided.

What They Want.

KANSAS CITY, Mo., Dec. 28.—The Young Men's Christian Association of this city is vigorously trying to raise its membership to 2000. A committee of 100 is working hard to secure members. There are lacking now about 300, and it is hoped to round up its year with the required number.

Treaty Goes Into Effect.

SOFIA, Dec. 28.—The treaty of commerce between Turkey and Bulgaria goes into effect today. It regulates the custom duties on meats and cereals, on which merchandise entering Turkey, Bulgarians agree to pay 8 per cent ad valorem. Turkey agrees to pay the same tax on salt, tobacco and spirituous liquors.

Birmingham's Beautiful Ball.

BIRMINGHAM, Ala., Dec. 28.—The most beautiful ball ever given in Birmingham—the Charity Ball—will be given tonight at the auditorium under the auspices of the Young Ladies' Auxiliary to the Hillman hospital. The returns are expected to be very generous, as the boxes sold well and the tickets were \$5 per couple.

First Steamer.

SAN FRANCISCO, Dec. 28.—The British Pacific Steamship Company today started its first steamer for this point from Valparaiso. The Chilean Navigation Company have decided on a fortnightly service to Mazatlan and San Francisco. From this date on these companies will have steamer lines from Valparaiso by the way of Panama to Ocas, the most northern part of Guatemala.

Butler's Reception.

WEST CHESTER, Pa., Dec. 28.—The reception of Captain Snedley Darling Butler, son of Congressman Butler, the youngest officer in the United States marine corps, who was twice wounded in China will be held tonight in the armory of Company I, 6th regiment. It will be worthy of the recipient of the honor. Three hundred invitations were sent out. The guest of honor will be Captain Harry Leonard, who carried Captain Butler to a place of safety when he was wounded at Tientsin.

The Oregon Coming Home

SAN FRANCISCO, Dec. 28.—The most noted warship in the world—our own Oregon—is coming home. Captain Dickins, U. S. N., who sailed for the Asiatic station on the 12th instant will bring the wonderful battleship to this port for permanent repairs to her hull, which was seriously injured when she struck a submerged rock in China waters. The Kentucky will replace the Oregon in the Orient.

Records of 1900.

WASHINGTON, Dec. 28.—The last year of the century has been a remarkable one for breaking the record in many strange things. Milwaukee furnishes one in a man who married his mother-in-law. She was just twice his age. Minneapolis nearly matches this with a man who wed his step-daughter. Chicago reports a man and woman marrying after 15 minutes' acquaintance. Marriages being so quickly arranged it is not surprising that more marriage licenses were issued in the month of June than ever before in one month—2,150 or 75 per day. St. Louis nearly matched this with 50 divorces in one day. San Francisco doesn't claim so many divorces, but she divorced one couple in exactly 20 minutes from the time the complaint was filed. W. J. Bryan made 30 speeches in one day. Mrs. Reeves, in the insane asylum at Kalamazoo talked herself to death on Sept. 28. The Burlington road made a run of two and four-tenths miles in one minute and twenty seconds—130 miles an hour. The largest lumber deal of the year was a sale by a Wisconsin dealer of 45,000,000 feet for \$1,000,000.

CHINA MUST AGREE TO TERMS

Notify Chinese Government That the Occupation Will Continue That Long.

WASHINGTON, Dec. 28.—A cablegram received at the state department from United States Minister Conger, dated at Peking on the 24th inst., states that the formal meeting between the diplomatic representatives and Prince Ching took place on the 24th. Ching presented the credentials of himself and Li Hung Chang, who was unable to attend owing to illness, to the diplomatic representatives, who handed to him the international note. The officials of the state department are unwilling to venture a guess as to the length of time that will be consumed by the Chinese government in consideration of the note. The last article of the note notified the Chinese government that the occupation of Chi-li and Peking may be continued until the Chinese government has complied with the terms of the note. It may be stated, however, that the United States is not bound or affected by this condition. Our occupancy from a military point of view has terminated, and there is no disposition to renew it. As for the other powers, it is expected that the main obstacle they will encounter in withdrawing under this condition will be found in the difficulty in obtaining satisfactory guarantees on the Chinese promise to pay indemnities.

Ready to Return.

ST. PETERSBURG, Dec. 28.—The Imperial train starts today for the Crimea with the czar and zarina. Great thankfulness is expressed on all hands at the betterment of the czars condition. The whole people were stirred by the czar's illness.

Travelers Meet.

INDIANAPOLIS, Dec. 28.—The Indiana Association of Commercial Travelers met in annual convention today in the board of trade assembly rooms. Tomorrow night they will give a reception and ball.

The Klondike Group.

"The Klondike mines at Pierce City will be working as soon as practicable," said Supt. I. D. C'eeck today. Mr. C'eeck has been in Spokane for the last week, where he met with the official board of the company at their annual session. He left on the Orofino train for the mines this morning prepared with snow shoes to go over the mountains. They are having provisions for the year taken in on sleighs and their machinery is all in place. Everything will be ready to begin operations as soon as spring opens.
