R. A. Luter, of Big Sandy, and U. A. Potts, of Louisville, Ky., were in the city a short while last Saturday.

W. C. Davis commenced Tuesday the erection of a cottage for Ernest E. Fry, west from the public square.

Prof. Ab. Baber and W. F. Baber came in from Paris Tuesday. They left for their home at Holladay the same day.

Charley Blackwood, of Paris, arrived Saturday afternoon, and will spend several days with his parents in South Camden.

J. H. Wiseman, of Eggville, was in the city Tuesday. We are glad to state that he is convalescing, after a long siege of illness.

Willie Corbitt left Sunday for Brownsville, and remained until Wednesday. A pair of dark eyes, perhaps, was the attraction.

Miss Effie Woods, of Holladay, spent last week with her cousin, Miss Lonna Woods, of this city. She returned home Sunday.

Messrs. Jackson and Mellon Fry, of Coxburgh, left for Nashville Monday afternoon, for the treatment of the latter's eyes by a specialist.

Mr. and Mrs. A. R. Brooks and children, of Big Sandy, visited relatives and friends at this place last Sunday, returning home the same afternoon.

The report has been circulated here that the Wyatt Brothers contemplate removing their saw-mill from near Garfield to Camden or near vicinity.

Mrs. Julia Leinicke and her charming daughter, Miss Lizzie, of New Orleans, arrived in the city the first of the week, and are the guests of Mrs. Roena Combs.

A. M. Hutchinson, from Clinton, Ky., has located at this place, and his family occupy rooms at H. W. Mannon's. We understand he has purchased the saw-mill plant of Wiseman & McIver, near Eggville, and the plant will be removed to a point nearer Camden.

Marriage License.

Only one license to marry has been issued in Benton County since our last paper, to wit: H. D. Smith to marry Isadora Holland.

To Repair the Church.

Funds are being collected by the members of the Methodist Episcopal Church, South, at this place, to purchase a new organ and carpet for the church, re-paint the seats, and otherwise improve the church.

Ayres-Brindley.

Mr. Walter S. Ayres, son of Hon. R. W. Ayres, of near Camden, was united in marriage Wednesday the 16th instant to Miss Effie Brindley, of Washington, Iowa. The wedding took place at the above city.

Mr. Ayres has many friends here who join THE CHRONICLE in wishing him all happiness possible.

A Narrow Escape.

While the driver of a livery team left them standing in the street in front of A. G. McDaniel's residence Monday afternoon to deliver a package, little Tommy McDaniel unobserved climbed into the wagon and the team started down the street, and the sudden motion of starting threw the little fellow to the ground, fortunately sustaining no serious injury other than a few bruises.

Residence Burned.

The residence of W. R. Herrin, 9 miles north from Camden was burned Tuesday morning. The fire occurred about 8 o'clock in the morning, while all the family were out of the building, and was not discovered until too late to save but little of the household goods. It is supposed to have originated from a defective flue. A small insurance was carried. This is the second farm residence that has been burned in Benton County within a fortnight.

Public Improvements.

Among the improvements which Camden should push forward in the near future are: The building of a horse-car line to the station, a telegraph line to the station, a telephone system, a complete and efficient system of grading the streets, a sufficient number of street lamps, and a city hall. A system of sewerage, water-works, and electric lights, and an iron fence around the court yard, will materialize in due time.

THE CHRONICLE would also like to see a fine, large public park, in the immediate vicinity of Camden. The alley-ways should be opened to the public, and the old, dilapidated buildings about town that have been an eye-sore to our citizens for years, removed. About two-thirds of the trees in town should be removed, and those left standing trimmed up, and thus improve the sanitary condition of the place. The grounds around the station could be improved, and a small park adjoining the depot, with trees, shrubbery, flowers, and lawns, would attract the eye of passing tourists and give them a pleasant impression of our city and its people. And as a matter of fact, too, Benton County will not want to be long without an Agricultural Fair Association. We can make a showing in all those things which go to make up a successful exhibition, second to no county in the State. These things, together with others which will naturally follow in order and in time, will receive due consideration as we progress in the process of upbuilding.

From Manley Chapel.

We have not had rain enough to wet the ground in six weeks, and the corn crop is badly damaged. From present estimates the average yield will be about a half crop. The peanut crop will be good. I

has been remarked by old peanut growers, that dry weather at this season of the year is an advantage to peanuts, thus preventing a rank growth, and making the joints too long.

We learn that Mrs. Crowell, the music teacher here, contemplates a school entertainment in the near future. It promises to be on a grand scale, and the youngsters anticipate it with delight. We should think that the chapel could have as good a dramatic club as any place in Tennessee, as we have more young people than half of the towns where they have good clubs, and all they need is the proper training.

Mr. Williams, presiding elder of the Lexington district, will hold the third quarterly meeting for the Sugar Tree circuit at the chapel July 26 and 27. Arrangements have been made to hold a Sunday school convention the Friday before the meeting. Great preparations are being made to entertain the convention, as it is a new thing in this part of the country, and a large crowd from this and adjoining circuits is anticipated. Everybody is invited to come and take part in the deliberations of the convention on the best mode of conducting Sunday schools.

From Fairview.

Regular correspondence.) Luther Van Huss and Walter Davis are cutting cord-wood near Rocky Springs. An infant child of K. Roberts was interred at the Pleasant Hill Cemetery Sunday. The funeral of Dock Winters was preached at Dade's Chapel last Sunday, Rev. Columbus Cooper officiating. Tobe Beaton has moved his family from the farm to Big Sandy, to give his children the advantages of the school at that place. This is a noble move, we think, as a good education is the first and best legacy that parents can give to their children.

Wheat thrashing is over with the farmers in this vicinity. Wheat has been a failure, averaging not more than one-fourth or one-fifth of a crop, and that of a very inferior quality. The weather still continues very hot, and crops are perishing for want of rain.

A laughable incident occurred last Saturday while the wheat crop of W. L. McKenzie was being thrashed out. At noon while the boys were leading the mules to the shade for dinner, they got into a nest of bumble-bees, and to those who were safely out of reach of the fury of the bees, enjoyed the scene hugely. No one was hurt.

Mrs. Emily Pierce met with quite an exciting accident one day last week. While returning in a market wagon from Big Sandy, near the residence of D. H. Van Huss, her horse became frightened at a passing team, ran back against an approaching wagon, at which he began kicking furiously, breaking the shaft of the wagon, but we are glad to state did no further damage.

From Luterton.

Regular correspondence.) Hog cholera prevails here to some extent. Farmers in this section have been busy harvesting the wheat crop. The acreage in tobacco is not large, and the plants are not doing well. We have had no rain in this part of the county during the past four weeks.

Charley Hudson contemplates putting in a stove factory at Holland's mill. The straight Democratic county ticket will make a clean sweep in this end of the county.
