DEMOCRATIC mass meeting tomorrow.

THE people should not forget that the nefarious ship subsidy bill, passed by the Senate, remains in a House committee ready to be dragged out and passed "after election."

REPUBLICAN leaders are talking of a war cry for the election of 1904 to be "Roosevelt, Revision and Reciprocity." They seem to have forgotten what the three R's did for them on a previous occasion.

publican towns in Kansas in which the authors of the little book that an egro is not allowed to live. One no one will have to guess what is Nortonville and the other is Bai- the Republican party will do, for, the Republican candidate for governor."

THE man whose vote can be influenced in a primary and who does not think for himself is as so many cattle in the hands of a trader, says the Jackson Whig. They are used as they see fit. Be a man and wear no man's collar and you will think more of yourself.

THE leakage of various details seems to show that the present administration is as inwardy rotten as it is outwardly autocratic. The silk importation frauds perpetrated recently, and just discovered, have robber the government of millions and many trusted officials of the Treasury are said to be involved.

Major W. S. MILLER, inspector general of Pennsylvania militia, says there are between 8,000 and 10,000 anarchists in the Shenandoah coal region, that "it is a veritable hell-hole," and "the most lish it with pleasure. God-forsaken country I have ever seen," which causes one of his critics to reply: "There is ground for more than a suspicion that they are there because they were recruited by agents of the coal barons and imported in violation of our contract labor laws."

WHILE the Democrats made a fine showing in the August election, they should not be lulled into a state of fancied security by the apparent inactivity of the Republican managers. The Republicans are not sleeping. As a matter of fact, they are making strenuous efforts and although their fight has been a quiet one it nevertheless is a strong one. It is learned from a reliable source that the Republicaus are making their strongest efforts in this State in the Congressional races. They are not neglecting their State ticket, though they can have little or no hope of defeating James B. Frazier, but it is the legislative contests they are looking after with a zeal which may have serious results in some of the close or doubtful districts, especially if the Democrats are inactive and indifferent. It is more than probable that this Congressional district will again receive the attention of the national Republican committee, and Demo- by Tom C. Rye. crats know what that means.

PROTECTION is not justice, equity or even fair play, it is favoritism, pure and simple, and who gets it? The rich man invariably.

UNDER natural conditions the trade of Cuba would flow to the United States as surely as water flows down hill. The plea for reciprocity is a plea to remove a small portion of the artificial barriers.

If it is his "surplus" that the American manufacturer is selling abroad at "cost," which means for 35 percent less than to Americans, the American consumer would like to have him change about and sell to him at cost while he makes his profit off of the foreigner.

IT is asserted that the custom of measuring distance by a "look," which prevails in the South, is founded on the quotation, in which the Lord says to Abraham, "Lift up thine eyes and look from the place where thou art, northward and southward and eastward and westward. For all the land which thou seest to thee will I give it, and to thy seed forever."

in each county to manage business for an old established house of solid financial standing. A straight, bona fide weekly salary of \$18.00 paid by check each Wednesday with all expenses direct from headquarters. Money advanced for expenses. Manager, 360 Caxton Building, Chicago. to thy seed forever."

SENATOR CARMACK criticises the Republican hand book just issued To Readers of the Nashville boldly and fearlessly, and in return A RELIABLE Kansas newspaper is being criticised without stint or says: "There are too strong Re- degree of mercy. He agrees with leyville, the home of W. J. Bailey, he says, "it will not do what it professes to intend, and it will do what it seems most anxious to avoid." He continues: "The legislative record of the Republican party contains nothing consistent in any line."

> THE Democrats not only showed gains in Middle and West Tennessee in the recent election, but they scored a number of victories up in East Tennessee. For instance in Knox County, they made a clean sweep for the first time. The entire Democratic ticket for county officers was successful in Hawkins and Greene counties, and two of the five officers elected in Washington County are Democrats. This does not conclude the list, but it shows that the Democrats are alert and well organized, and the party was LIFE OF T. DEWITT TALMAGE, by his never in better shape for the fall associate editors of the Christian Herald. Only

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock,

J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not est cheap stock food any more than sick persons should expect to be cared by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possi-ble to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consamed. Buy a can from your dealer.
