A WEEK OF PRAYER AND SELF-DENIAL.

Besides the great help that the week of prayer and self-denial will be to the members of the Woman's Missionary Society of the M. E. Church, South, this year, there are other purposes.

The support of the oriental work of the Woman's Missionary Council on the Pacific Coast must come through the collections of this week. This requires \$97,000 to maintain the four Japanese schools, to support the three Japanese and two Korean pastors and keep up the social and immigrant features of the work.

The other purpose is the extension of the work of the council in Japan and support of the woman's evangelistic work in that country, which means the support of nineteen Bible women, six missionaries, six kindergartens and the Lambeth Memorial Bible Woman's Training School. This, too, must come through the week of prayer collections and requires \$9,695 for the first year's work.

Certainly no more beautiful or significant object could have been selected for the week of prayer. It means enlarging our prayer circle; it means self-denial for our women in order that Christ may be revealed to these "strangers in our midst," and to the women and children of the "Sunrise Kingdom," thereby revealing Him more perfectly to us.

Mrs. G. P. HICKS,
President.

A CLUB BARGAIN.

The reading season is on again and we make our patrons who want a daily paper in connection with their favorite county weekly, a special club offer of \$3.25 for The Chronicle and the News Scimitar of Memphis, Tenn.

The Chronicle will give you all of the home and neighborhood news, while the News Scimitar will give you the foreign and general news.

It goes without saying that every loyal citizen of Benton County should take their county paper and those who want to keep up with current history, especially while the cataclysmic world war is raging, should also subscribe for a good daily paper. The News Scimitar has the full day service of the Associated Press and measures up fully to the requirements of a first-class metropolitan journal.

Subscribe today and give your family the advantage of two high-class papers in your home.
