

Well "Armed"!

When company comes there is no time to waste—no chances to be taken—so mother sees that there is always a can of

CALUMET BAKING POWDER

on hand. Cakes, pies, doughnuts, muffins and all good things to eat must be dressed up in their best taste and looks.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her.

Order a can and have the "company" kind of bakings every day.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

WANTS A FARM.

A nonresident has a good business proposition, in a nearby town; he wants to trade for a farm; will give or take difference.

This property will suit some man that wants to live easy; it is a nice clean business, and a 4-room house goes with it; in a nice county seat, 1,500 population.

This property is something that works while you sleep; nothing to get out of order. You will soon begin to think it is perpetual motion, but it is not, but about as near it as you will find. It is all I say it is and more—nice clean income.

You may have other business and look after this after you go home at night. I will trade it to you for a farm; will give or take difference; price \$3,000, and it is worth the money; you will say so, when you see it.

Let me know what you have to offer. Give price, location and description, and unless you mean business don't lose your time.

This is an opportunity to get a home and business all combined. Don't be afraid to write to X Y Z, care The Camden Chronicle.

One Hundred Dozen Eggs in the Month of March.

To whom it may concern—This is to certify that I bought of W. W. Melton of Route 4, Camden, Tenn., 33 dozen eggs in the month of March, 1919.—Jerre B. Thompson, buyer for Camden Produce Company.

To whom it may concern—This is to certify that I bought of W. W. Melton 67 dozen eggs during the month of March, 1919.—L. J. Holland & Son, Produce Company, Eva, Tenn.

I gathered the above mentioned number of eggs from a flock of 60 hens. I am a user of Reefer's More Egg Tonic, and I recommend it to any poultry raiser who wants to get the best results from his flock. You can get it at W. E. Wyatt's office, sold strictly on a guarantee.

W. W. MELTON.

THINK IT OVER

Mr. Farmer, doubtless you have been thinking of building a Silo for quite awhile. Why put it off longer when you can buy a Silo from us as good as can be built of timber on very reasonable terms, and we will stay with you and see our Silo make you money. This is the way the Indiana Silo Co. has built up the largest Silo business in the world. A satisfied customer is their best advertisement. Silos and good stock all over our country will give us a chance to have good schools. We can't have good schools with our children in the cotton and peanut fields, can we? If interested, please write me and I will come to see you and talk the matter over with you, even if you do not buy a Silo now.

Yours respectfully,

J. D. Whitfield, Waverly, Tenn.
